Select one:

- ☐ There are multiple TOD beneficiaries (each beneficiary must submit a separate, completed affidavit).

If you are a beneficiary as a result of an LDPS designation (see 3 below for further LDPS information) made by the deceased shareholder (named in Step 1), please explain your relationship to the deceased beneficiary. (E.g., I am a grandchild of John Jones, the deceased shareholder. My mother, Jane Jones, a designated beneficiary, was a daughter of John Jones and died before him.)

2. Mark either of the following as appropriate:

Example: John Jones, an individual owner, specifies in a TOD direction that the TOD beneficiary on his account is William Jones LDPS and Susan Jones LDPS. If William Jones does not survive John Jones but has two children who survive John Jones, the children would each receive one-half of William Jones's share. If Susan Jones does not survive John Jones but has two children, one who survives John Jones and one who does not, and two grandchildren (children of Susan Jones's deceased child) who survive John Jones, Susan Jones's child would receive one-half of her share and the grandchildren would each receive one-quarter of her share.

- 7. All outstanding certificated shares (if any) have been surrendered with this affidavit.

Special note to Medallion Signature Guarantee guarantors: By affixing the Medallion Signature Guarantee, you are verifying the identity of the individuals and entities assigned to this account and are accepting liability for any misrepresentation as it applies to this registration and any accompanying documentation.

Medallion Signature Guarantee

A Medallion Signature Guarantee is issued by a bank, savings and loan, trust company, credit union, broker/dealer, or any member or participant of an approved signature guarantee program. Please note that a notary public is not an acceptable guarantor. An officer of the institution will ask for identification to be sure that you are, in fact, the person identified on this form and the person signing it. Once the guarantor has reviewed your request, verified your identity and your authority to act on the account presented to them, they will affix a Medallion Signature Guarantee stamp to your form.

DWS prefers Medallion Signature Guarantee stamps. We must receive an original stamp. If more than one signature is required on this form, we will need separate stamps for each signature. If you are obtaining a non-Medallion Signature Guarantee, please contact us. We may require additional documentation to complete your request.

*If acting on behalf of the account owner, or an entity such as a Trust, a Company, or an Estate, you must sign in the capacity. The institution providing the Medallion Signature Guarantee for these types of accounts will require additional documentation. You may wish to contact the institution to confirm the documentation they require to provide you with a Medallion Signature Guarantee.

Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Shares of closed-end funds frequently trade at a discount to net asset value. The price of the fund's shares is determined by a number of factors, several of which are beyond the control of the fund. Therefore, the fund cannot predict whether its shares will trade at, below or above net asset value.
