About Innovative Print Solutions, Inc.

Innovative Print Solutions, Inc. is a cutting-edge digital printing company founded in 2008, dedicated to providing premium digital print services to clients across a wide range of industries. Our facility, located in the bustling Tech Park of Innovatown, is equipped with advanced digital printing technology capable of producing high-quality prints with incredible speed and precision.

Our Vision

To lead the digital printing industry through innovation, excellence, and sustainable practices, continually adapting to the evolving needs of our clients.

Our Mission

To exceed client expectations with our state-of-the-art digital printing solutions, exceptional customer service, and commitment to timely delivery.

Services Offered

- **On-Demand Printing:** High-quality prints produced quickly to meet tight deadlines without compromising quality.
- **Variable Data Printing:** Customized print runs where each piece can be personalized, ideal for direct mail, invitations, and promotional campaigns.
- **Wide Format Printing:** Banners, posters, signs, and tradeshow graphics with stunning clarity and color.
- **Photographic Quality Prints:** Ideal for exhibitions, retail, and high-end presentations requiring superior image quality.
- **Digital Prepress Services:** File preparation, proofing, and color management to ensure perfect results.

Technology and Facilities

Our 30,000 square foot production facility houses the latest in digital print technology, including high-speed digital presses and wide-format printers from leading manufacturers. Our workflow is optimized for efficiency, allowing us to handle everything from small, customized projects to large-scale commercial runs with ease.

Environmental Commitment

Innovative Print Solutions is committed to reducing our environmental footprint. We use eco-friendly inks and recycled materials whenever possible and maintain a rigorous recycling program for our waste products. Our goal is to be a zero-waste facility by 2025.

Key Clients

We proudly serve a diverse clientele, including major corporations, small businesses, non-profits, and educational institutions. Our ability to adapt to client needs, regardless of project size or complexity, makes us a trusted partner in the digital printing landscape.
