## **Physical Education and School Sports Action Plan**

This plan outlines how we are spending the grant for School Sports & PE that the government has given us. The total grant is £8820 and we are spending more than this amount overall. The priorities have been identified by using our self-review to identify the school's strengths and weaknesses in relation to Physical Education, healthy active lifestyles and club & competitive school sport. We will be analysing the impact of all our PE expenditure, including sports coaching, fitness instructor, clubs and competition in order to make decisions about how we spend money next academic year. If you have any views about this, please contact the school.

Improving health & well being			
TASKS	DESIRED IMPACT	COSTS	IMPACT
New lunch time supervisor appointed to manage fun activities in the playground.	More children accessing fun, games activities Increases fitness and playing skills	£2200.00 Per year	Many more children participating in fitness and fun activities.
Lunchtime supervisors and year 5 pupils to attend play leader training	Children and staff skilled in supporting games Other children having a role model to support them with activities	£80.00	Play time 'incidents' at an all-time low. Children are ready to start straight after the bell, so no time is wasted and children are back in class for pm learning.
Purchase good quality PE kits for the children	All children will take part in PE lessons. Raise children's self-esteem.	£3500	Children taking part in lessons
Subsidise cost of year 5 residential	Children can attend and experience a range of activities	£1000	All children attend

Improving Physical Education			
TASKS	DESIRED IMPACT	COSTS	IMPACT
To employ a teacher to teach PE across the school <ul style="list-style-type: none"> <li>Model high quality coaching in rugby and sports</li> <li>Ensure all children, regardless of starting points, make good or better progress and have a positive attitude towards physical education</li> <li>Introduce high quality intra school competitions</li> <li>Lead on inter school competitions</li> </ul>	To develop a highly effective model for physical education teaching and learning. All children make progress in the PE learning and play an increasing part in self-evaluating and setting their own targets for improvement. Children have a positive attitude towards physical education All children participate in intra-school competition in the year.	£13,283	Teachers and children all very positive about the impact on the quality of teaching and learning. All children have been involved in intra-school competitions
Purchase high quality PE resources	Allow opportunities to learn more sports/games and enter more competitions	£2894.00	A greater range of skills in a wider range of sports

Improving extra-curricular sport and competition			
TASKS	DESIRED IMPACT	COSTS	IMPACT
To extended the extra-curricular sports programme to include: Football, Athletics & running, Netball, Tag rugby, Tennis, Gymnastics, Cheer leading, Reception fitness games, Multi-sports, Tri-golf	For a higher percentage of children to participate in sports when compared to last year. Increase the range of sports on offer Enter more inter school competitions successfully	£0	Club registers full
Plan a series of intra-school (in house) tournaments throughout the year, including football, netball, basketball and athletics. We are also competing in school games events throughout the year, including football, netball, tag rugby, tri golf, cricket and athletics. Plan to compete in friendly competitions against local schools	For all children from Y1 to Y6 to experience competitive sport competition. For children who express an interest and/or show resilience within a sport to compete against other schools.	£0	

TOTAL COST = £22,957

SO SCHOOL IS CONTRIBUTING £14,137 towards the funding.
