since

Fuelled by unbound creativity and cutting-edge technology, our Architectural and Interior Design Services are spearheaded by experienced professionals. We ensure to exceed the expectations of all those in need of an innovation, reliability and experience of a lifetime. Time and again, we have proved our mettle as the finest team in Mumbai, by displaying an outstanding track-record of design-excellence, coupled with service efficiency, responsiveness and a strong commitment towards project deadlines.

workforce

Our team takes over everything, from an idea and concept development to realization. We believe in traditions and incorporate them within our innovations. All our projects incorporate a unique artistic image and functional solutions. Client is the soul of the project. Our main goal is to illustrate his/hers values and individuality through design.

From designing Kindergartens to townships, **Ar. Manish Dikshit**, gold medallist in architecture has created award winning designs. He has imparted knowledge from his experiences at world architectural events, lectures in top design schools etc. His diverse designs have added value to architecture, interior and civil work.

partner

Ar. Nachiket Borawake's experience of working under the guidance of famous Indian architects has contributed to his outstanding architectural designs. With substantial international exposure of working on commercial and residential projects in Dubai, his speciality lies in creating cutting edge designs.

Any design has a direct and positive impact on people's life. Since our inception our way of thinking has been transdisciplinary; this helps us give a more user-centric architectural solution. A pioneer in our field our collective experience aids in implementation of design as envisioned.

As a practise architecture has always been
an analytical, creative and artistic
procedure.

The services offered are that of new- build, renovation and master planning. Make each of our designs unique and as an intensive dialogue not only for the consumer but also for the community. The procedure followed is from schematic conceptual design; evolving throughout the design development till the final construction documentation.

interior design

interior design

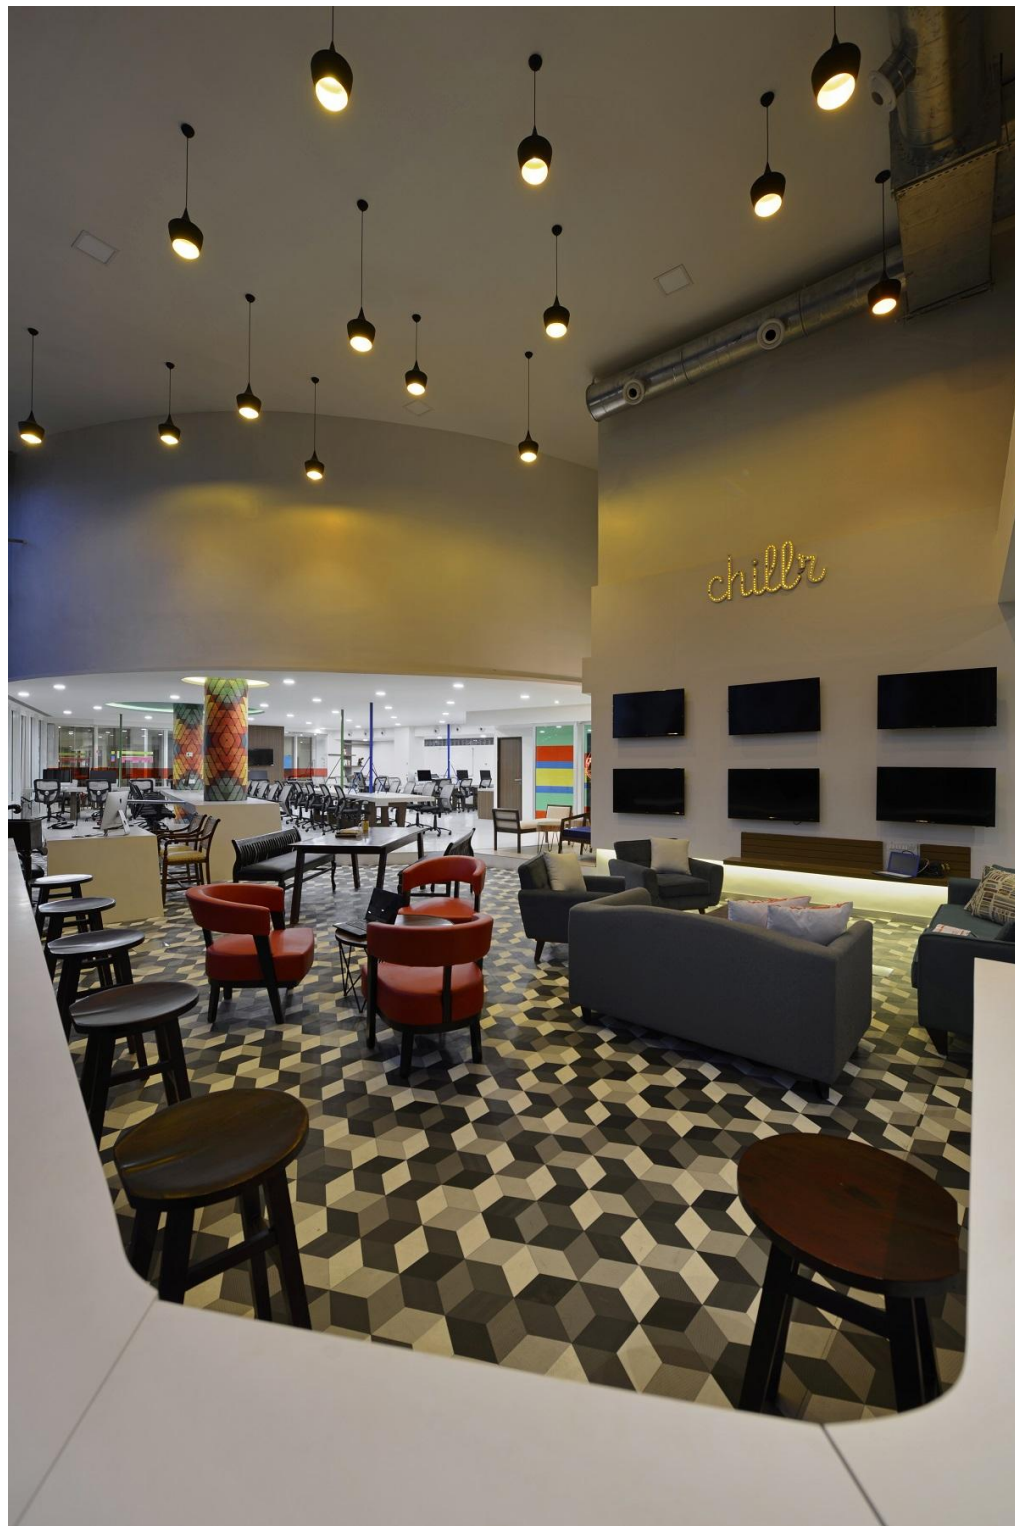

Interior spaces are an integral part of how we live; keeping this in mind our interior practise follows user-centric and sensitive designed spaces. Adaptable to the needs and functions of the user our design process makes every project we work on unique and exclusive.

We listen to our clients and try to infuse their personality into the space

The interior designs are responsive, experiential, characterful; focusing on human experiences. Aum architects thrives in giving an outcome that impact the lives of people and also their way of life.
