CORE VALUES

Landstar's Core Values guide our fundamental behavior when dealing with customers, agents, capacity providers and fellow employees. They are:

Safety & Compliance - We are dedicated to the safety of the Landstar family and the general motoring public every day. We embrace the Company's "Safety First" culture and encourage agents, LSOs (Landstar Safety Officers) and capacity providers to perform in an accident-free manner. We are committed to complying with government regulations and industry, customer and company requirements.

Independence - Landstar is in the small business business. We promote the freedom of choice for our small business owners. We provide the freedom to operate a small entrepreneurial business with the support of a large successful company.

Integrity - We demonstrate our commitment to ethical conduct by treating our employees, agents, capacity providers and customers with respect, honesty and fairness.

Quality Service - We understand who our customers are and what their requirements and expectations are. We achieve "best-in-class" customer satisfaction by measuring the effectiveness of our processes and then exceeding customer expectations through continual improvement.

Stability - Landstar provides employees, agents, capacity providers and customers a "safety-first" environment, financial strength, a wide array of services and solutions and a best-in-class reputation in the market place.

Family - Family values are an important component of our success. At Landstar, we promote a feeling of belonging, and this unique bond grows as we continue to build relationships, traditions and pride in what we accomplish together.
