1.0 Company History and Organization.

GLOBALTECH ENTERPRISES was established in 2012 with its office at Saddar, Rawalpindi. Firm is registered with Sales Tax and Income Tax Department. We are a General Trading Enterprise that serves to the entire satisfaction of our valued clients. We are proud to observe quality management and are committed to supply quality material meeting with the standard and defined specifications. We serve our clients through a comprehensive four-step process:

- Client specifies what product they need.
- We identify companies that can deliver the product promptly, at the right price.
- We assist client in selection process through an industry tested standard.
- We negotiate and deliver the product to our client's complete satisfaction.

Vision

Our Vision is to be recognized as leading national and international General Trading Company providing a competitive purchasing service for our valued clients, sourcing supplies originating from across the country and overseas.

Mission

Our Mission is to provide top quality single source for essential supplies or spares from across the country and overseas and are also trying to provide supplies quicker and cheaper than your local agent, or where no agent exists, often more competitively than your own direct purchase.

Values

Excellence: We support excellence and strive to go beyond compliance promoting the best trade practices.

2.0 Management

2.1 Managing Director

Raja Saeed Ahmed is the M.D at the GlobalTech Enterprises. Prior to joining the GlobalTech he was General Manager (Technical) at WAPDA. He is an Electrical Engineer and has graduated from UET Lahore. He possesses over 37 years of experience in his Professional career and has been working on key positions in WAPDA and its different distribution companies. During his career he has been holding important positions in Islamabad Electric Supply Company (IESCO) including Director Procurement and Inventory Control, Operations Director, Chief Engineer Planning and Technical Director. Specifically he possesses vast experience of Procurement and Inventory Management catering over 10 years. He is an expert on PPRA rules and Contract Management. During his professional career he has been executing the contracts of billions of Rupees annually between IESCO and its clients and these contracts comprise Procurement of goods/material/equipments and execution of works such as construction of Grid Stations etc. He also possesses vast experience of procurement from abroad on FOR/FCS and FOB basis. He has undergone several training programs from PPRA, NIPA, USA and France. He has also visited various countries like Germany, France, Turkey, China and Iran in connection with inspection of material for IESCO that was being purchased from multinational companies such as Siemens, Areva, ABB, etc.

2.2 Manager Sales & Import

Shujah Ahmad Khan is Manager Sales & Import at the GlobalTech Enterprises and handles all the general correspondence. He has an extensive experience spreading over

a decade in dealing with Foreign Principals and FOB procurement. In context of supply of goods/materials he has been in close interaction with all following Companies like HMC, HMC-3, PAEC(Kundian, Joharabad, D.G Khan), SUPARCO, ARL, PARCO, PAC Kamra, POF, HIT, DGDP, SNGPL, DESTO, AERO, AES Lalpir, ACL (Wah, Nizampur), Fauji Cement, FECTO Cement, D.G Khan Cement etc.
