

NYSDEC Construction Completion Report

1. Project Identification

- **Project Name:** [Name of the Project]
- **Project Location:** [Location Details]
- **DEC Permit Number:** [Permit Number]
- **Project Start Date:** [Start Date]
- **Completion Date:** [Date When Construction Was Completed]

2. Summary of the Project

- Provide a brief overview of the project, including the nature and purpose of the construction activities.

3. Compliance with Permit Requirements

- Detail how the project has adhered to the specific conditions and limitations set forth in the NYSDEC permit.
- Mention any deviations from the permitted plans, including justification and any corrective actions taken.

4. Description of Construction Work Completed

- Itemize all major construction activities undertaken.
- Include dates, descriptions of the work performed, and outcomes.

5. Environmental Monitoring and Management

- Summarize the environmental monitoring activities conducted during the construction phase.

- Report on mitigation measures implemented to protect natural resources and minimize environmental impact.

6. Inspections and Violations

- Document all inspections conducted by NYSDEC or other authorities.
- Detail any violations identified during the construction phase and describe the remedial actions taken.

7. Certification by Qualified Professional

- Include a statement certified by a qualified environmental professional stating that the work has been completed in accordance with the approved plans and permit requirements.

8. Photographs and Maps

- Provide photographs and maps illustrating the site pre-construction, during construction, and post-construction.
- These visuals should support claims of compliance and show the effectiveness of environmental protection measures.

9. Appendices

- Attach all relevant supporting documentation, including permits, inspection reports, environmental monitoring data, and correspondence with NYSDEC.

10. Signatures

- Obtain signatures from the project manager, environmental consultant, and any other key personnel attesting to the accuracy of the report.
