Progress payments will be in an amount less than or equal to 90% of the contract amount.

12. Retainage

Ten Percent (10%) of the contract amount will be held until final inspection and acceptance of the work.

13. Change Orders

After award of purchase order, any changes that result in additional cost to Spartanburg County must be submitted in writing to Chris Massey at cmassey@spartanburgcounty.org for prior written approval. Do not proceed with job until purchase order is in hand, and do not proceed with any changes until written notification to proceed is in hand.

14. Substantial Completion

The substantial completion date will be defined as the purchase order issue date plus the number of calendar days to complete the project as listed on the Proposal. Substantial Completion is defined when all aspects of the Project are installed per the specifications. All regulatory agencies must have inspected and approved the improvements before substantial completion can be met. A substantial completion letter will be issued with punch list attached. After substantial completion, Spartanburg County will be responsible for insuring the approved improvements from vandalism.

15. Warranty Letter

All materials and installation must carry a minimum of a one-year warranty. A letter of warranty must be provided at final completion. The warranty will start on the substantial completion date. The warranty letter must state that the awarded bidder is responsible for immediate repair (7 working days) or replacement of any defective material or workmanship for a period of one year. No pro-rating of warranty. Contractor to also provide documentation for all other manufacturer warranties.

16. Specification Letter

A letter stating that all aspects of the project have been properly installed per the plans and manufacturer specifications. This letter must be provided at final completion. If the Contractor does not follow the plans and/or specifications, they are to provide a letter from the manufacturer and/or engineer stating that the design has not been compromised and that the warranty is not void.

17. Final Completion

Final completion must be reached within 30 calendar days from the Date of Substantial Completion. Final Completion is defined as when all punch list items are completed and the Operation and Maintenance (O&M) manual has been provided to Owner. A final acceptance letter will be issued before the 10% retainage will be released.

18. As-Builts

The intent of the as-built drawings is to provide detailed and accurate information, in a useful format, to any party, public or private, that may have a need to locate or excavate installed infrastructure. Contractor shall maintain a field set of drawings on which improvements are noted as they are completed and any changes made are to be recorded.

One complete set of the signed and sealed Contract Plans on 24" x 36" plan sheets shall be maintained as the Final "As-Built" Plans. The Final "As-Built" Plans shall include all changes, both design and construction, with all shop drawings, including adequate sketches, dimensions, and notes. Each sheet that has no changes should state, "*This sheet was constructed in substantial compliance. This sheet reflects "as-built" conditions and no changes were made.*" As-Built Drawing shall be clearly labeled on each sheet. The Contractor is required to obtain the Architect's and Engineer's approval for each contract plan sheet.
