

**April 23, 2019**

**REQUEST FOR PROPOSAL (RFP)  
Professional Design Services for the  
San Lorenzo Community Center  
Renovation Project  
for the  
HAYWARD AREA RECREATION AND PARK DISTRICT**

**Proposals must be received by:  
2:00 p.m. on May 16, 2019**

**Attn: Brian Laczko  
Assistant Bond Program Manager  
1099 'E' Street  
Hayward, CA 94541**

Proposals will be evaluated on the following:

- a) Responsiveness to the Request for Proposals,
- b) Experience of the firm,
- c) Experience and qualifications of the assigned individuals,
- d) Satisfaction of previous clients, and
- e) Fee proposal

**REQUEST FOR QUALIFICATIONS AND PROPOSAL**  
**for**  
**SAN LORENZO COMMUNITY CENTER RENOVATION PROJECT**  
**for the**  
**HAYWARD AREA RECREATION AND PARK DISTRICT, CALIFORNIA**

The Hayward Area Recreation and Park District (“**District**”) is requesting submission of statements of qualifications and proposals from qualified firms, partnerships, corporations, associations, persons, or professional organizations (“**Firm(s)**”) to perform planning, program and architectural design services for the renovation of the San Lorenzo Community Center.

This request is a formal request for a proposal (“**Proposal**”) by the District to contract with any firm responding to this Request for Proposals (“**RFP**”). Any award of a contract will be subject to the District’s Board’s approval.

Firms that intend to submit a Proposal must be insured, must be a licensed architect, and must maintain a full-service office within seventy-five (75) miles of the District.

Interested Firms are invited to submit a Proposal as described below, with one (1) original, unbound, and three (3) copies of requested materials as well as a digital copy on a thumb drive or emailed, to:

**Hayward Area Recreation and Park District**  
**1099 “E” Street, Hayward, CA 94541**  
**Attn: Brian Laczko, Assistant Bond Program Manager**

**Questions.** Questions regarding this RFP must be in writing and may be directed to: Brian Laczko, [lacb@haywardrec.org](mailto:lacb@haywardrec.org). **FIRMS ARE DIRECTED TO NOT CONTACT ANY OTHER PERSON WITH INQUIRIES REGARDING THIS RFP.**

**All PROPOSALS must be received on or before May 16, 2019, no later than 2:00 pm.**

**Pre-Response Meeting.** A pre-response meeting will be held at the **San Lorenzo Community Center, at 1:30 P.M. on Thursday, May 2, 2019, located at 1970 Via Buena Vista, San Lorenzo, CA.** Attendance at this pre-response is highly recommend but is not mandatory. The District anticipates this meeting will last one (1) hour but will continue the meeting until the District determines that it has received all substantive questions. Any substantive responses to questions will be made part of an addendum to this RFP.

Thank you for your interest in working with the Hayward Area Recreation and Park District.

## **I. STATEMENT OF PURPOSE**

The Hayward Area Recreation and Park District (“**District**”) is soliciting proposals from qualified firms (“**Consultant**”) to provide professional design services to assist the District to complete the renovation of the **San Lorenzo Community Center**. The renovation scope is to meet the present and future spatial and programmatic needs for the **San Lorenzo Community Center**. The community center is located within San Lorenzo Community Park, at 1970 Via Buena Vista, San Lorenzo, CA. The District is seeking a

professional design firm with specific and demonstrated experience, knowledge and expertise in the design and remodeling of public and/or community facilities. Design services will include development of a renovation master plan, construction plans and specifications for bid, and bid award and construction support. This project is funded by Measure F1 – Safe, Clean, Local Park Bond overwhelmingly approved by District voters in 2016.

Proposals shall be submitted by firms or partnering firms that are capable and can demonstrate proven backgrounds in the type of work described in Section IV - "SCOPE OF WORK," of this notice. In addition, all interested firms or partnering firms shall have sufficient, readily available resources in the form of trained personnel, support services, specialized consultants and financial resources to carry out the work without delay or shortcomings.

The proposals shall be submitted to the General Manager's Office at 1099 'E' Street, Hayward, CA, 94541, in accordance with Section V.1. – "PROPOSAL FORMAT" of this notice.

The Hayward Area Recreation and Park District will contract with the firm or partnering firms that can provide the required services for this specific scope of work. Questions may be submitted prior to the due date as described in Section V.2. – "SELECTION PROCESS".

## **II. BACKGROUND INFORMATION**

The Hayward Area Recreation and Park District, with a population of almost 300,000, is located in the East Bay of the San Francisco Bay, approximately midway between Oakland and San Jose. Our boundaries encompass a 100-square mile area, which includes the City of Hayward, and the unincorporated communities of Castro Valley, San Lorenzo, Ashland, Cherryland and Fairview.

The District is 75 years old and has approximately 145 parks and facilities including neighborhood and community parks, sports facilities, eight community centers, two senior centers, Hayward Plunge Aquatic Center, Douglas Morrisson Theatre, Sulphur Creek Nature Center, Hayward Shoreline Interpretive Center, and two golf courses.

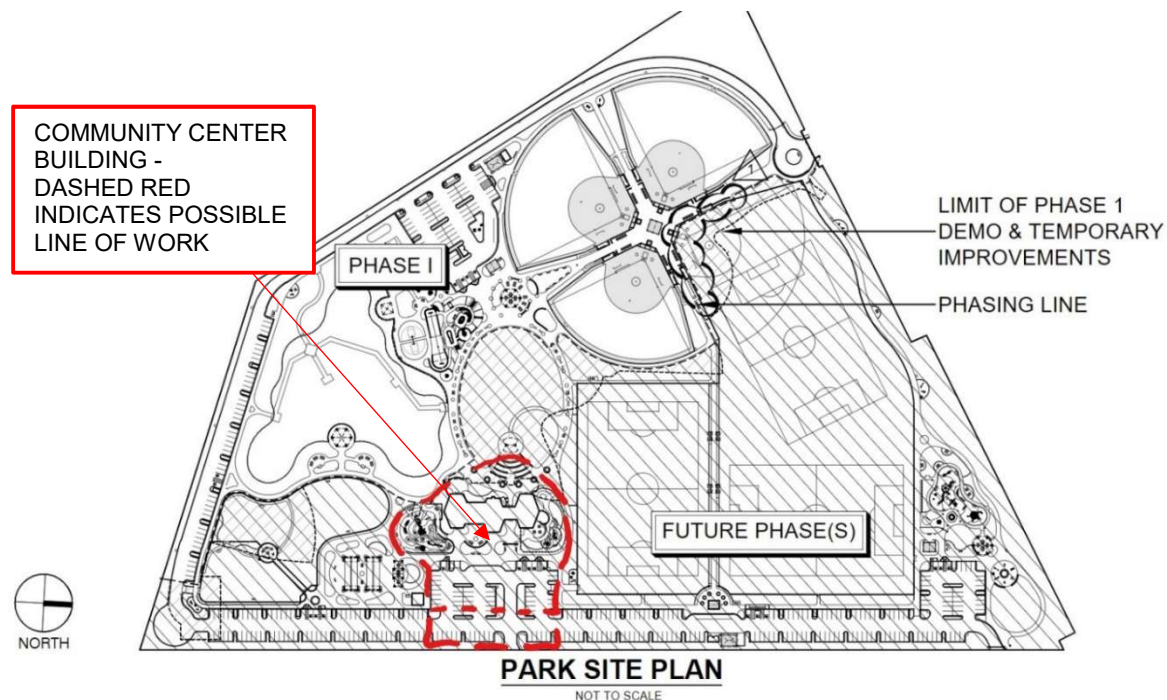

In November 2016, voters of the District overwhelmingly passed Measure F1, a \$250 million general obligation bond for renovation and expansion of parks and facilities. Over 30 individual projects have been identified in the Three-Year Capital Improvement Program 2017-2020 CIP for the first phase of the bond program commencing in Summer 2017. Phase 2 of the bond program is anticipated to begin in June 2020 and be completed by 2025.

The Capital Planning and Development Department is responsible for managing the CIP projects and is staffed by the Capital Planning and Development Director, Assistant Bond Program Manager and Bond Project Managers. Design plans and construction documents are developed by outside consultants hired by the District under professional services agreements. In general, CIP projects are competitively bid and built by general contractors.

### III. PROJECT SETTING AND DESCRIPTION

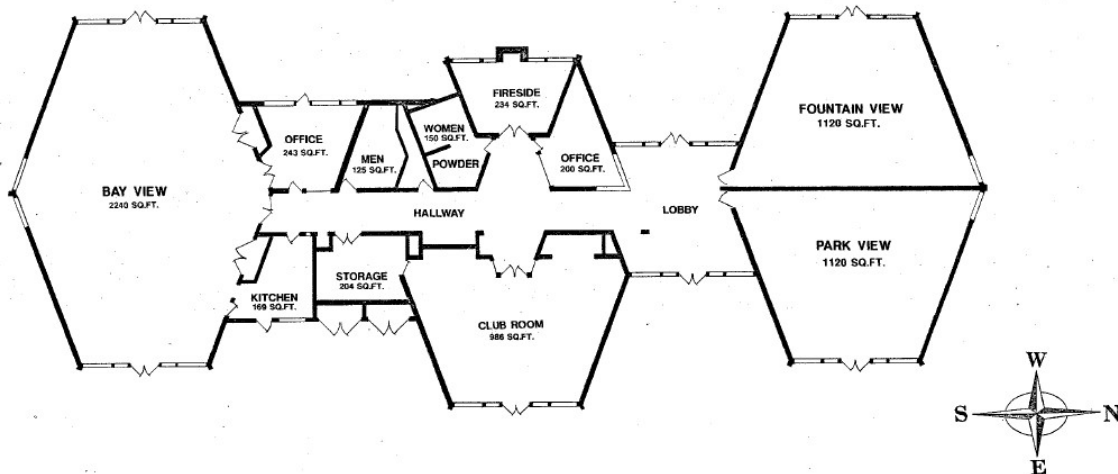

Designed in 1967, the San Lorenzo Community Park is 31-acre park with a 8236 S.F. community center. The existing facility includes a multi-purpose room with an adjoining kitchen, lobby area, a preschool room, teen activity room, gymnastics room, restrooms, and staff offices. The District operates multiple programs at the center that benefit the community in addition to facility rental, and special events. For this project, the District will entertain additions or expansion of the community center that optimize use of the building, increased connection to the park and support increased revenue generation.

The most recent improvement was to the adjoining park facilities. Planned for two phases, phase 1 renovation of the park was completed in 2017, under a contract with RRM Landscape Architects, San Luis Obispo, CA. Currently 75% complete, RRM will complete the construction documents for the park's 14-acre phase 2 in 2019. The master plan scope for phase 2 includes upgrades playfields, an outdoor amphitheater, a dog park, several play areas as well improvements to parking and support facilities. Digital site plan documents will be provided from RRM for coordination with the final building architect.

The modernization of the community center facility could occur in conjunction with phase 2 of the park. The District is currently unresolved on whether the execution of the building's renovation would occur with the same contractor for the phase 2 park work. Regardless of the delivery scenario, a successful building renovation design will need to integrate building's terraces and adjacent exterior activities, which are part of this scope. This will allow the building's spaces to meet current and future demand for recreation programs, special events and rental opportunities. While the interior facilities are part of this RFP's scope, the final detail design of the adjoining outdoor play areas will be part of the park's phase 2 scope. The size and extent of this will be confirmed after the initial design phase for the building. A preliminary line of work is indicated in the above diagram. Note this scope will include part of the parking area. The final line of work will be confirmed in discussion between the selected architect, RRM and HARD.

**SAN LORENZO COMMUNITY CENTER**  
1970 VIA BUENA VISTA, SAN LORENZO

The community center facility has been updated over the years: various ADA improvements (2003), kitchen renovation (2014), as well as other minor improvements. A Facility Condition Assessment of the San Lorenzo Community Center was performed by an outside consulting firm in Fall 2017 and included a Level II Energy Audit and ADA Assessment Report. These reports as well as original construction plans are available for download in **Attachment B**. In addition to the functional and aesthetic improvements, the District desires to improve ADA accessibility and to upgrade HVAC, lighting, plumbing and mechanical systems for improved sustainability and maintenance cost reduction.

The renovation project will modernize the building, creating more inviting and functional interior spaces which may include reconfiguration of the multipurpose room, teen room, preschool, lobby and reception areas and staff offices. There is a strong desire to improve access to the surrounding terrace and its access to the newly renovated park facilities. Also, Concept Design phase should consider an option to expand of the facility to accommodate a new events space as part of program.

The scope of work will also include new lighting, new HVAC system, new fire alarm, window replacement with screens, interior finishes including new flooring, room partitions, cabinetry replacement/upgrade, IT upgrades including security system and wireless access, integration of both building-mounted and park-mounted cameras, mechanical and plumbing upgrades, new ceilings as necessary, ADA access barrier removal, and seismic upgrades as necessary. Current budget for this work is \$4 Million. However, District will reconsider this amount when evaluating costs in Concept Design phase, with one scheme including a new expanded events space.

## IV. SCOPE OF SERVICES

### 1. Project Scope

1.1. **General.** The District invites qualified Firms to submit a PROPOSAL related to its ability to provide the Services, as more fully indicated herein. Firms must have extensive experience with the Uniform Building Code ("UBC"), Title 24 of the California Code of Regulations, and all applicable local, state, and federal regulations. Firms must have extensive experience in the design of community facilities and/or independent recreational and park district facilities in addition to working with construction managers, contractors and other related consultants, and establishing project scope and project budgets.

1.2. **Scope of Services:** The selected Firm must be prepared to perform the Services described in the form of **Agreement for Architectural Services ("Agreement")** attached hereto as **Attachment A.**

2. **Tentative Schedule:** The consultant is expected to propose a detailed timeline which should include the dates on which the consultant expects to start the project; deliver renovation Concept Designs and cost estimate; Design Development (60% CD submittal); Building Permit Submittal (95% plans); and Bid Set (100% plans), specifications, and cost estimate.

The project schedule should assume the following tentative dates:

Information Gathering:	July 2019
Program/Concept Plan:	July 2019 – Aug 2019
Board Presentations	Sep 9 & 16, 2019
Design Development:	Sep 2019 – Feb 2020
Bid Documents:	Feb 2020 – Jun 2020
Bid & Award:	Jun 2020 – July 2020
Construction:	Aug 2020 – Aug 2021

## V. SUBMISSION REQUIREMENTS

1. **Firms' PROPOSALS.** Each Firm's PROPOSAL must be consecutively numbered on each page and must include the following information, using the following outline structure, except as may be otherwise directed. The Firms' PROPOSAL shall **be no longer than seventy-five (75) pages, 8½" x 11" paper**, inclusive of resumés, forms, and pictures, and tabbed according to the numbering system reflected below. After this selection process, please consider minimizing plastics in a PROPOSALS as these packages will be recycled, with record files maintained digitally.

Please provide the District with a PROPOSAL that includes the following:

1.1. **Content of PROPOSAL.** Each Firm's PROPOSAL must be concise, well organized, and demonstrate Firm's qualifications, and shall be formatted as outlined below.

1.1.1. **Letter of Interest.** A dated Letter of Interest must be submitted, including the legal name of the Firm(s), address, telephone, emails, and the name, title, and signature of the person(s) authorized to submit the PROPOSAL on behalf of the Firm. The Letter of Interest should provide a brief statement of Firm's experience indicating the unique background and qualities of the Firm, its personnel, and its subconsultants, and what

will make the Firm a good fit for work in the District.

- 1.1.2. **Table of Contents.** A table of contents of the material contained in the PROPOSAL should follow the letter of interest.
- 1.1.3. **Executive Summary.** The executive summary should contain an outline of Firm's approach, along with a brief summary of Firm's qualifications.
- 1.1.4. **Firm Information** - Provide a comprehensive description of the architectural design services offered by Firm. The description should include the following:
  - 1.1.4.1. Provide a brief history of Firm, and, if a joint venture, of each participating Firm. Identify legal form, ownership, and senior officials of company(ies). Describe number of years in business and types of business conducted.
  - 1.1.4.2. Describe Firm's philosophy and how Firm intends to work with the District's administration officials to perform the Services and respond to the unique challenges of the District.
  - 1.1.4.3. Include resumes of key personnel who would be performing Services for the District. Specifically, define the role of each person and outline his or her individual experience and responsibilities. Indicate personnel who will serve as primary contact(s) for the District. Indicate Firm's and personnel's availability to provide the Services.
  - 1.1.4.4. Provide a statement of Firm's financial resources and insurance coverage. Include a certification of correctness or other documentation demonstrating the Firm's financial resources and stability.
  - 1.1.4.5. Provide a statement of **ALL** claim(s) filed against Firm in the past five (5) years. Briefly indicate the nature of the claim and the resolution, if any, of the claim(s).
  - 1.1.4.6. Indicate ongoing commitment to professional education of staff, total number of permanent employees, and any other data that may assist the District in understanding Firm's qualifications and expertise.
- 1.1.5. **Prior Relevant Experience.**
  - 1.1.5.1. Describe your firm's approach to quality control / assurance procedures, including coordination of design disciplines.
  - 1.1.5.2. Describe your firm's experience with construction cost reduction measures including how Firm intends to assist District in meeting established project budgets and in prioritizing project construction to meet budget.
  - 1.1.5.3. Identify established methods and approaches utilized by your firm to successfully meet completion deadlines, and provide examples demonstrating effective use of stated methods and approaches.

- 1.1.5.4. Discuss the Firm's ability to meet construction schedules for projects, Firm's schedule management procedures, and how the Firm has successfully handled potential delays both for the contract documents and for field changes.
- 1.1.5.5. Identify **ALL** community facilities, recreational area, park or similar projects performed by Firm in the past five (5) years. Limit response to no more than the twenty (20) **MOST RECENT** projects. Include the following information for each project:
  - 1.1.5.5.1. Name of project and district,
  - 1.1.5.5.2. Name of project architect (if not your Firm)
  - 1.1.5.5.3. Scope of projects, description of services provided,
  - 1.1.5.5.4. Contact person and telephone number at district,
  - 1.1.5.5.5. Firm person in charge of each project,
  - 1.1.5.5.6. Dollar value of each project,
  - 1.1.5.5.7. Original construction budget and final construction cost, and
  - 1.1.5.5.8. All litigation arising from the project, if any. Provide information related to the issues in the litigation, the status of litigation, names of parties, and the outcome. This includes any litigation between a contractor or an owner or an architect in which Firm was or was not named.
- 1.1.6. **Additional Data.** Provide additional information about the Firm as it may relate to Firm's PROPOSAL. This can include letters of reference or testimonials.
- 1.1.7. **Conflicts of Interest.** If applicable, provide a statement of any recent, current, or anticipated contractual obligations that relate in any way to similar work, the Project, or the District that may have a potential to conflict with Firm's ability to provide the Services described herein to the District. Firms cannot submit, propose, bid, contract, sub-contract, consult, or have any other economic interests in the Project to which the Firm may provide Services.
- 1.2. **Fee Proposal and Compensation:** Each Firm's PROPOSAL shall include a Fee Proposal in a separate sealed envelope.
  - 1.2.1. **Fee Proposal.** Identify lump sum fees for which Firm would be seeking compensation with the phase breakdown in attached draft Agreement attached as **Attachment A**.
  - 1.2.2. **Fee Schedule.** Please provide a current fee schedule for the types of service(s) that you offer. If referencing basic services costs, include typical staffing expectations and variations that the District could expect for specific types of projects, if applicable. Please also provide detailed information on your billing practices (i.e. lump sum, percentage-based, other), including reimbursable cost categories and hourly billing rates by position for additional services.
  - 1.2.3. **Additional Costs.** Identify any additional fees, costs, expenses or reimbursable fees for which Firm would be seeking compensation.

2. **Agreement Form.** If a Firm has any comments or objections to the form of Agreement attached as **Attachment A** to this RFP, it shall provide those comments or objections in its PROPOSAL. The Agreement specifies the Services that will be needed for most projects and includes the indemnification provision. **PLEASE NOTE: The District will not consider any substantive changes to the form of Agreement if they are not submitted at or before this time.**

3. **District's Evaluation / Selection Process**

3.1. **Schedule of Selection Process.** *Following is the tentative timetable:*

Tuesday, April 23, 2019	Request for Proposals Issued
Thursday, May 2, 2019 at 1:30 p.m.	<u>Optional</u> Pre-Proposal meeting at the San Lorenzo Community Center, 1970 Via Buena Vista, San Lorenzo, CA
Thursday, May 9, 2019	<u>Deadline at 12:00 noon</u> for questions regarding the RFP
<b><u>Thursday, May 16, 2019</u></b>	<b><u>Proposals due no later than 2:00 p.m.</u></b> <b><u>Late submittals will not be accepted.</u></b>
May 23 – 24, 2019	Interviews with top-ranking firms, if required
May 23, 2019	Consultant selected
June 17, 2019	Award of Contract by H.A.R.D. District Board of Directors
late June 2019	Notice to Proceed

3.2. **District Investigations.** The District may perform investigations of Firms that extend beyond contacting the districts identified in a Firm's PROPOSAL.

3.3. **Selection of Finalists**

3.3.1. Based on its evaluation of PROPOSAL, a District selection committee will select finalists for further evaluation ("Finalist(s)"). The District will notify Finalist(s) after this part of the selection process. The criteria for selecting Finalist(s) may include, without limitation:

- 3.3.1.1. Experience and performance history of the Firm with projects for community facilities, recreational areas, park or similar projects;
- 3.3.1.2. Experience and results of proposed personnel;
- 3.3.1.3. References from clients contacted by the District;
- 3.3.1.4. Technical capabilities and track record of their use;
- 3.3.1.5. Overall responsiveness of the PROPOSAL.
- 3.3.1.6. Firm's pricing information.

- 3.4. **Interviews.** The Finalist(s) who elect to pursue the work with the District may be invited to meet with the District's selection committee. The Firm's key proposed staff will be expected to attend the interview. The interview will be an opportunity for the District selection committee to review the PROPOSAL, the Firm's history, and other matters the committee deems relevant to selecting the Firm. The interview will start with an opportunity for the Firm to present its PROPOSAL and its team.
- 3.5. **Board.** Following the interviews, if any, the selection committee will make recommendations to the Board regarding the candidates and the selection of qualified Firms for the pool. The criteria for these recommendations will include those identified above.
- 3.6. **Final Determination and Award.** The District reserves the right to contract with any entity responding to this RFP, to reject any PROPOSAL as non-responsive, and not to contract with any Firm for the services described herein. The District makes no representation that participation in the RFP process will lead to an award of contract or any consideration whatsoever. The District reserves the right to seek PROPOSALS from or to contract with any Firm not participating in this process. The District shall in no event be responsible for the cost of preparing any PROPOSAL in response to this RFP.
4. **Public Records.** PROPOSALS will become the property of the District and subject to the California Public Records Act, Government Code sections 6250 et seq. Those elements in each response that are trade secrets as that term is defined in Civil Code section 3426.1(d) or otherwise exempt by law from disclosure and which are prominently marked as "TRADE SECRET," "CONFIDENTIAL," or "PROPRIETARY" may not be subject to disclosure. The District shall not be liable or responsible for the disclosure of any such records including, without limitation, those so marked if disclosure is deemed to be required by law or by an order of the Court. A Firm that indiscriminately identifies all or most of its response as exempt from disclosure without justification may be deemed non-responsive. In the event the District is required to defend an action on a Public Records Act request for any of the contents of a response marked "Confidential," "Proprietary," or "Trade Secret," the Firm agrees, by submission of its PROPOSAL for the District's consideration, to defend and indemnify the District from all costs and expenses, including attorneys' fees, in any action or liability arising under the Public Records Act.

**CERTIFICATES**

## AGREEMENT FOR ARCHITECTURAL SERVICES

This Agreement for Architectural Services is made as of the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, between the **Hayward Area Recreation and Park District**, an independent special district (“**District**”) and \_\_\_\_\_ **Architects**, a California corporation (“**Architect**”) (individually a “**Party**” and collectively the “**Parties**”), for the following project (“**Project**”):

San Lorenzo Community Center Renovation Project, located at 1970 Via Buena Vista, San Lorenzo, CA, as further described in the Project Scope attached hereto as **Exhibit A**.

The Project may include multiple components. Any one of the components or combination thereof may be changed, including terminated, in the same manner as the Project, as indicated herein, without changing in any way the remaining component(s). The provisions of this Agreement shall apply to each component without regard to the status of the remaining component(s). Architect shall invoice for each component separately and District shall compensate Architect for each component separately on a proportionate basis based on the level and scope of work completed for each component.

WITNESSETH, that for and in consideration of the mutual covenants herein contained, the Parties hereto agree as follows:

### Article 1. Definitions

- 1.1. In addition to the definitions above, the following definitions for words and phrases shall apply when used in this Agreement, including all Exhibits:
  - 1.1.1. **Agreement**: The Agreement consists exclusively of this document and all identified exhibits attached and incorporated by reference.
  - 1.1.2. **Architect**: The architect listed in the first paragraph of this Agreement, including all Consultants to the Architect, although there is no contractual relationship between the District and any Consultants employed by the Architect under terms of this Agreement.
  - 1.1.3. **As-Built Drawings (“As-BUILTs”)**: Any document prepared and submitted by District’s contractor(s) that details on a Conforming Set, the actual construction performed during the Project, including changes necessitated by change orders.
  - 1.1.4. **Bid Set**: The approved plans, drawings, and specifications at the end of the Construction Documents Phase that the District can use to go out to bid for construction of the Project.
  - 1.1.5. **Conforming Set**: The plans, drawings, and specifications at the end of the Bidding Phase that incorporate all addenda, if any, issued during the Bidding Phase.
  - 1.1.6. **Construction Cost Budget**: The total cost to District of all elements of the Project designed or specified by the Architect, as adjusted at the end of each design phase in accordance with this Agreement. The Construction Cost Budget is sometimes colloquially referred to as “hard costs” and does not include the compensation of the Architect and Consultants, the cost of the land, rights-of-way, financing or other costs which are the responsibility of the District, including construction management.
  - 1.1.7. **Consultant(s)**: Any and all consultant(s), sub-consultant(s), subcontractor(s), or agent(s) to the Architect. Nothing in this Agreement shall create any contractual relationship between

the District and any Consultants employed by the Architect under terms of this Agreement.

- 1.1.8. **Day(s)**: Unless otherwise designated, “day(s)” means calendar day(s).
- 1.1.9. **District**: The **Hayward Area Recreation and Park District**.
- 1.1.10. **Project Budget**: The total amount indicated by the District for the entire Project plus all other costs, including design, construction, administration, financing, and all other costs. The Project Budget is sometimes colloquially referred to as the “hard costs” and the “soft costs.”
- 1.1.11. **Record Drawings**: A final set of drawings prepared by the Architect based upon marked-up prints, drawings, and other data furnished to Architect by Contractor that incorporates all changes from all As-Builts, sketches, details, and clarifications.
- 1.1.12. **Service(s)**: All labor, materials, supervision, services, tasks, and work that the Architect is required to perform and that are required by, or reasonably inferred from, the Agreement, and that are necessary for the design and completion of the Project.
- 1.1.13. **Visually Verify**: To verify to the fullest extent possible by physical inspection and reasonable investigation and without any destructive action.

## **Article 2. Scope, Responsibilities, and Services of Architect**

- 2.1. Architect shall render the Services as described in **Exhibit A**, commencing with receipt of a written Notice to Proceed signed by the District representative. Architect’s Services will be completed in accordance with the schedule attached as **Exhibit C**.
- 2.2. Architect’s Services hereunder shall be provided in conjunction with contracts between the District and other Project participants including the Contractor and the District’s construction manager, if one is retained by the District for the Project.
- 2.3. Architect and its Consultants shall provide Services for a Project: (i) using its professional skill and judgment; (ii) acting with due care and in accordance with respective applicable standards of care under California law for those providing similar services for projects of the size, scope and complexity of the Project for similarly situated districts in or around the same geographic area of the District; (iii) the terms of this Agreement; and (iv) in accordance with said standards regarding application and interpretation of applicable law, code, rule or regulation at the time the Services are rendered (“**Standard of Care**”).
- 2.4. Architect recognizes that the District may obtain the services of a construction manager for this Project. The construction manager, if any, would be authorized to give Architect Services authorizations, and issue written approvals and Notices to Proceed on behalf of District. The District reserves the right to designate a different construction manager at any time. Any task, including, but not limited to, reviews or approvals that the District may perform pursuant to this Agreement may be performed by the construction manager, unless that task indicates it shall be performed by the governing board of the District.
- 2.5. Architect shall provide Services that comply with professional architectural standards and applicable requirements of federal, state, and local law including, without limitation:
  - 2.5.1. Uniform Building Code, latest addition, and the California Code of Regulations, Title 24, including amendments.

- 2.5.2. Regulations of the State Fire Marshall (title 19, California Code of Regulations) and Pertinent Local Fire Safety Codes.
- 2.5.3. Americans with Disabilities Act.
- 2.5.4. Government Code of the State of California.
- 2.5.5. Labor Code of the State of California, division 2, part 7, Public Works and Public Agencies.
- 2.5.6. Public Contract Code of the State of California.
- 2.5.7. U. S. Copyright Act.
- 2.6. **Storm Water.** Architect, through its Consultant(s), shall be the District's Qualified Storm Water Developer (QSD) and shall prepare all documents necessary for the District to be in compliance with the current Construction General Permit (CGP) of the State Water Resources Control Board.
- 2.7. Architect shall contract for or employ at Architect's expense, Consultant(s) to the extent deemed necessary for completion of its Services on the Project including, but not limited to, architects, mechanical, electrical, structural, fire protection, civil engineers, landscape architects, food service, low voltage, data, and telephone Consultants, and interior designers, and cost estimation providers, licensed as required by applicable law. The names of Consultant(s) shall be submitted to the District for approval prior to commencement of Services, as indicated below. The District reserves the right to reject the Architect's use of any particular Consultant. Nothing in the foregoing procedure shall create any contractual relationship between the District and any Consultant(s) employed by the Architect under terms of the Agreement.
- 2.8. Architect shall coordinate with District personnel and/or its designated representatives as may be requested and desirable, including with other professionals employed by the District for the design, coordination or management of other work related to the Project.
- 2.9. Architect shall identify the regulatory agencies that have jurisdiction over essential building and design elements and coordinate with and implement the requirements of the regulatory agencies, including, without limitation, the State Fire Marshal, County and City Health Inspectors and any regulatory office or agency that has authority for review and supervision of District's construction projects.
- 2.10. Architect shall provide Services required to obtain local agencies' approval for off-site work related to the Project including review by regulatory agencies having jurisdiction over the Project.
- 2.11. Architect shall coordinate with the District's Inspector(s).
- 2.12. Architect shall provide computer-generated pictures downloaded to computer files, updated as requested by the District, that the District may use on its website.
- 2.13. Architect shall coordinate and integrate its work with any of the following information and/or services as provided by District:
  - 2.13.1. Ground contamination or hazardous material analysis.
  - 2.13.2. Any asbestos and/or lead testing, design or abatement.

- 2.13.3. Compliance with the California Environmental Quality Act ("CEQA"). Architect agrees to coordinate its work with that of any CEQA consultants retained by the District, to provide current elevations and schematic drawings for use in CEQA compliance documents, and to incorporate any mitigation measures adopted by the District into the Project design at no additional cost to the District. If the District and/or its CEQA consultant does not provide mitigation measures to the Architect when reasonably required for incorporation into the Project design, the Architect may invoice the District for the work required to incorporate those mitigation measures as Extra Services.
- 2.13.4. Historical significance report.
- 2.13.5. Soils investigation.
- 2.13.6. Geotechnical hazard report, except as indicated in **Exhibit A**.
- 2.13.7. Topographic surveys of existing conditions.
- 2.13.8. State and local agency permit fees.
- 2.13.9. Commissioning Agent and Reports.
- 2.13.10. Testing and Inspection.

**Article 3. Architect Staff**

- 3.1. The Architect has been selected to perform the Services herein because of the skills and expertise of key individuals.
- 3.2. The Architect agrees that the following key people in Architect's firm shall be associated with the Project in the following capacities:

Architect's Principals:	Architect's Consultants:
Principal in Charge: <<Name of Architect's Principal>>	As-built: <<Consultant's Firm Name>>
Project Director: <<Name of Architect's Principal>>	Electrical: <<Consultant's Firm Name>>
Project Architect(s): <<Name of Architect's Principal>>	Mechanical: <<Consultant's Firm Name>>
Other: <<Name of Architect's Principal>>	Structural: <<Consultant's Firm Name>>
	Civil: <<Consultant's Firm Name>>
	Landscape: <<Consultant's Firm Name>>
	Technology: <<Consultant's Firm Name>>
	Food Service: <<Consultant's Firm Name>>
	Acoustics: <<Consultant's Firm Name>>
	Estimating: <<Consultant's Firm Name>>
	Specification Writer: <<Consultant's Firm Name>>
	Other: <<Consultant's Firm Name>>

- 3.3. All proposed Consultants are subject to review and acceptance by the District prior to commencing work on the project. The District reserves the right to replace any consultant in the best interest of the project.
- 3.4. The Architect shall not change any of the key personnel listed above without prior notice to and written

approval by District, unless said personnel cease to be employed by Architect. In either case, District shall be allowed to interview and approve replacement personnel.

- 3.5. If any designated lead or key person fails to perform to the satisfaction of the District, then upon written notice the Architect shall have five (5) days to remove that person from the Project and replace that person with personnel acceptable to the District. All lead or key personnel for any Consultant must also be designated by the Consultant and shall be subject to all conditions previously stated in this paragraph.
- 3.6. Architect represents that the Architect has no existing interest and will not acquire any interest, direct or indirect, which could conflict in any manner or degree with the performance of the Services and that no person having any such interest shall be employed by Architect.
- 3.7. Architect agrees that any plans, specifications and/or included in the Services shall be prepared under the supervision of licensed personnel, and that licensed personnel shall be in "responsible charge" of persons who observe the construction.

#### **Article 4. Schedule of Services / Term**

- 4.1. The Architect shall commence Services under this Agreement upon receipt of a Notice to Proceed and shall perform the Services diligently as described in Exhibit A, so as to proceed with and complete the Services in compliance with the schedule in Exhibit C. Time is of the essence and failure of Architect to perform Services on time as specified in this Agreement is a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Architect's and/or its consultant(s)' reasonable control.
- 4.2. **Term.** The Architect shall commence providing Services upon the execution of this Agreement and will diligently perform as required and continue performance until the Project is completed ("**Term**") or the Agreement is terminated as indicated herein, whichever is earlier. The Term is further detailed in the schedule in **Exhibit C**. The Parties agree that if this Agreement is in any way voided by a statutory restriction on length of contracting, to the extent permitted by applicable law, the Parties will enter into and approve subsequent agreement(s), addenda, or amendment(s) for terms of up to 5 years each and under the same terms and conditions of this Agreement. The Architect is not due any additional compensation or Fee if the Term is longer than indicated herein and acknowledges that its Fee is based on the Architect performing the Services and all tasks within the Services and not based on the length of time to perform those Services or for the design or construction of the Project. The Architect's Fee is as indicated herein and in **Exhibit D**.

#### **Article 5. Construction Cost Budget**

- 5.1. Architect hereby accepts the District's established Construction Cost Budget and Project scope. In accordance with the **Exhibit A**, the Architect shall have responsibility to further develop, review, and reconcile the Construction Cost Budget for the District at the beginning of the Project and at the completion of each design phase. The District and the construction manager shall also have responsibility to develop, review, and reconcile the Construction Cost Budget with the Architect.
- 5.2. Architect shall complete all Services as described in **Exhibit A**, including all plans, designs, drawings, specifications and other construction documents, so that the cost to construct the work designed by the Architect will not exceed the Construction Cost Budget, as adjusted subsequently with the District's written approval. The Architect shall maintain cost controls throughout the Project to deliver the Project within the Construction Cost Budget.
- 5.3. If any of the following events occur:

- The lowest responsive base bid received is in excess of one hundred ten percent (110%) of the Construction Cost Budget; or
- The combined total of base bid and all additive alternates come in ten percent (10%) or more under the Construction Cost Budget; or
- The Construction Cost Budget increases in phases subsequent to the Schematic Design Phase due to reasonably foreseeable changes in the condition of the construction market in the county in which the District is located, in so far as these have not been caused by Acts of God, earthquakes, strikes, war, or energy shortages due to uncontrollable events in the world economy;

Then the District, in its sole discretion, has one or a combination of the following alternatives:

- 5.3.1. Give the Architect written approval on an agreed adjustment to the Construction Cost Budget.
- 5.3.2. Authorize the Architect to re-negotiate, when appropriate, and/or participate in re-bidding or requesting new proposals for the Project within three (3) months' time of receipt of bids (exclusive of District and other agencies' review time) at no additional cost to the District.
- 5.3.3. Terminate this Agreement if the Project is abandoned, without further obligation by either Party.
- 5.3.4. Within three (3) months' time of receipt of bids, instruct Architect to revise the drawings and specifications (in scope and quality as approved by the District) to bring the Project within the Construction Cost Budget for re-bidding at no additional cost to the District. The modification of Construction Documents shall be the limit of the Architect's responsibility arising out of the establishment of a Construction Cost Budget. All other obligations of the Architect, including construction administration services, remain as stated in the Agreement.

#### **Article 6. Fee and Method of Payment**

- 6.1. The Fee is as defined in **Exhibit D**. District shall pay Architect the Fee pursuant to the provisions of **Exhibit D**.
- 6.2. Architect shall bill its work under this Agreement in accordance with **Exhibit D**.
- 6.3. No increase in Fee will be due from change orders generated during the construction period to the extent caused by Architect's error or omission.
- 6.4. The Architect's Fee set forth in this Agreement shall be full compensation for all of Architect's Services incurred in the performance hereof as indicated in **Exhibit D**.
- 6.5. Regardless of the structure of Architect's Fee, the Architect's Fee will be adjusted downward if the Scope of Services of this Agreement is reduced by the District in accordance with this Agreement. District shall pay for Services authorized and performed prior to the notice to Architect of a reduction as indicated here.

#### **Article 7. Payment for Extra Services or Changes**

District-authorized services outside of the scope in **Exhibit A** or District-authorized reimbursables not included in Architect's fee are "Extra Services." Any charges for Extra Services shall be paid by the

District as described in **Exhibit B** only upon certification that the claimed Extra Services was authorized as indicated herein and that the Extra Services have been satisfactorily completed. If any service is done by Architect without prior written authorization by the District or the District's authorized representative, the District will not be obligated to pay for such service. The foregoing provision notwithstanding, the District will pay the Architect as described in **Exhibit B** for Extra Services that the District or the District's authorized representative verbally requests, provided that the Architect confirms such request in writing pursuant to the notice requirements of this Agreement, and proceeds with such Extra Services not earlier than two (2) business days after the District receives confirmation of the request from the Architect.

#### **Article 8. Ownership of Data**

- 8.1. Architect agrees that this Agreement creates a non-exclusive and perpetual license for District to use, at its discretion, all plans, including, but not limited to, record drawings, specifications, and estimates that the Architect or its Consultants, prepares or causes to be prepared pursuant to this Agreement.
- 8.2. The Architect retains all rights to all copyrights, designs and other intellectual property embodied in the plans, record drawings, specifications, estimates, and other documents that the Architect or its Consultants prepares or causes to be prepared pursuant to this Agreement.
- 8.3. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Computer Aided Design Drafting (CADD) (e.g., AutoCAD) Technology. The Architect shall deliver to the District, on request, a "thumb" drive, and/or compact disc with these documents and that is compatible with the most current version of AutoCAD. As to any drawings that Architect provides in a CADD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on hard copies of all documents.
- 8.4. In order to evidence what CADD information was provided to the District, Architect and District shall each sign a "hard" copy of reproducible documents that depict the information at the time Architect produces the CADD information. District agrees to release Architect from all liability, damages, and/or claims that arise due to any changes made to this information by any person other than the Architect or Consultant(s) subsequent to it being provided to the District.
- 8.5. Following the termination of this Agreement, for any reason whatsoever, the Architect shall promptly deliver to the District upon written request and at no cost to the District the following items (hereinafter "Instruments of Service") in an electronic format requested by District and which the District shall have the right to utilize in any way permitted by statute:
  - 8.5.1. One (1) set of the Contract Documents, including the bidding requirements, specifications, and all existing cost estimates for the Project, in hard copy, reproducible format.
  - 8.5.2. One (1) set of fixed image CADD files in DXF format of the drawings that are part of the Contract Documents.
  - 8.5.3. One (1) set of non-fixed image CADD drawing files in DXF and/or DWG format of the site plan, floor plans (architectural, plumbing, structural mechanical and electrical), roof plan, sections and exterior elevations of the Project.
  - 8.5.4. All finished or unfinished documents, studies, reports, calculations, drawings, maps, models, photographs, technology data and reports prepared by the Architect under this Agreement.

- 8.6. In the event the District changes or uses any fully or partially completed documents without the Architect's knowledge and participation, the District agrees to release Architect of responsibility for those changes, and shall indemnify the Architect harmless from and against any and all claims, including, but not limited to, reasonable attorneys' fees, on account of any damages or losses to property or persons, including injuries or death, arising out of that change or use except to the extent the Architect is found to be liable in a forum of competent jurisdiction. In the event District uses any fully or partially completed documents without the Architect's full involvement, the District shall remove all title blocks and other information that might identify the Architect and the Architect's Consultants.

#### **Article 9. Termination of Agreement**

- 9.1. If Architect fails to perform the Services to the reasonable satisfaction of the District and as required by this Agreement, or if Architect fails to fulfill in a timely and professional manner Architect's material obligations under this Agreement, or if Architect shall violate any of the material terms or provisions of this Agreement, the District shall have the right to terminate this Agreement, in whole or in part, effective immediately upon the District giving written notice thereof to the Architect. In the event of a termination pursuant to this subdivision, Architect may invoice District for all Services performed until the date of the notice of termination. District shall have the right to withhold payment and deduct from Architect's invoice, any amounts equal to District's costs caused by Architect's negligent errors or omissions, recklessness, or willful misconduct. The District may, at its discretion, provide the Architect time to cure its default or breach.
- 9.2. District shall have the right in its sole discretion to terminate the Agreement for its own convenience. In the event of a termination for convenience, Architect may invoice District according to the percentage completed based on **Exhibit D** and District shall pay all undisputed invoice(s) for Services performed until the date of District's written notice of termination, not to exceed the Fee.
- 9.3. Except as indicated in this Article, termination shall have no effect upon any of the rights and obligations of the Parties arising out of any transaction occurring prior to the effective date of the termination.
- 9.4. The Architect has the right to terminate this Agreement if the District fails to make payment of undisputed amounts due to Architect hereunder. That termination shall be effective on the date District receives written notice of the termination from Architect. Architect may invoice District according to the percentage completed based on **Exhibit D** and District shall pay all undisputed invoice(s) for Services performed until the Architect's notice of termination, not to exceed the Fee.
- 9.5. If, at any time in the progress of the Design of the Project, the governing board of the District determines that the Project should be terminated, the Architect, upon written notice from the District of a termination, shall immediately cease performing Services. The District shall pay the Architect only the fee associated with the Services performed, from Architect's last paid invoice up to the date of the notice of termination, not to exceed the Fee.
- 9.6. If the District suspends the Project for more than one hundred twenty (120) consecutive days, the Architect shall be compensated for Services performed prior to the notice of suspension. When the Project is resumed, the schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Architect's Services. If the District suspends the Project for more than eighteen (18) months, the Architect may terminate this Agreement by giving written notice.

## Article 10. Architect Indemnity

- 10.1. To the fullest extent permitted by California law and in accordance with California Civil Code section 2782.8, Architect shall indemnify, protect, defend and hold free and harmless the District, its agents, representatives, officers, consultants, employees, trustees and members ("Indemnified Parties") from any and all actions, assessments, counts, citations, claims, costs, damages, demands, judgments, liabilities (legal, administrative or otherwise), losses, notices, expenses, fines, penalties, proceedings, responsibilities, violations, attorney's and consultants' fees and causes of action to property or persons, including personal injury and/or death ("Claim(s)"), to the extent that the Claim(s) arises out of, pertains to, or relates to the negligence (active or passive, ordinary or gross), recklessness (ordinary or gross), or willful misconduct of Architect, its directors, officials, officers, employees, contractors, subcontractors, consultants, subconsultants or agents arising out of, connected with, or resulting from the performance of the Services, the Project, or this Agreement. This indemnity excludes Architect's liability as to the active or sole negligence or willful misconduct of the District.
- 10.2. The following shall be Claims, to the extent they satisfy the definition of Claims herein:
- 10.2.1. **The cost of Project delays.** Without limiting Architect's liability for indirect cost impacts due to Project delays, the direct costs for which the Architect shall be liable shall be proportionate to the amount the District is liable to the Project contractor(s), subcontractor(s), suppliers, inspector(s), construction manager(s) for the Project delays, including the proportionate cost of interim housing necessitated by Project delays, to the extent that the Project delays arise out of, pertain to, relate to or result from the negligent errors or omissions, recklessness, or willful misconduct of Architect in the performance of any Services that falls below the Standard of Care as defined herein.
- 10.2.2. **The cost of construction change orders for errors and omissions.** Without limiting Architect's liability for indirect cost impacts, the direct costs for which the Architect shall be liable shall equal the difference between the cost of the change order(s) and the reasonable cost of the work had that work been a part of the originally prepared construction documents, to the extent that the change order(s) arise out of, pertain to, relate to or result from the negligent errors or omissions, recklessness, or willful misconduct of Architect in the performance of any Services that falls below the Standard of Care as defined herein.
- These amounts may be paid by Architect to District or the District may in reasonable good faith withhold those costs from amounts owing to Architect, pending resolution of the dispute.
- 10.3. Architect's duty to indemnify under this Agreement shall apply during the term of this Agreement and shall survive any expiration or termination of this Agreement until any such Claim(s) are barred by the applicable statute of limitations and is in addition to any other rights or remedies that the District may have under the law or under this Agreement.
- 10.4. The Architect's duty to defend shall begin upon the District's notification to the Architect of a Claim. At that time, the Architect shall pay for that defense at its sole cost. At the resolution of a Claim, either by dispute resolution, settlement, litigation or otherwise, the District and Architect shall base their proportionate percentage of fault for the Claim either upon (1) the determination of a third-party neutral that adjudicated or settled the claim (e.g., a mediator, an arbitrator, a judge, etc.) or (2) if no determination was made, based on a good faith determination of the District and the Architect. At that time the Parties shall determine the cost to defend that is chargeable to the Architect and a payment from one Party to the other Party shall be made within sixty (60) days to satisfy that reconciliation.

## **Article 11. Mandatory Mediation for Claims**

- 11.1. The Parties hereto agree prior to commencing any legal action relating to any Claim, as defined herein, to submit the Claim to a mandatory good-faith mediation process ("Mediation"). The Parties' expectations are that if the Claim is made by a third party (e.g., a contractor), that the third party will be a participant in that Mediation. The Parties agree that any statute of limitations applicable to any Claim shall be tolled for the period from the date a Party requests Mediation through fourteen (14) days after termination of the Mediation, unless otherwise agreed to by the Parties.
- 11.2. Except as set forth below, the Parties agree to refrain from filing, maintaining or prosecuting any action related to the Claim during the pendency of the Mediation provided that the Mediation must commence within thirty (30) days after a Party makes written demand to the other for Mediation.
- 11.3. The Parties shall participate in a minimum of one full-day mediation session before the Mediation may be declared unsuccessful and terminated by either Party. The Mediation shall be conducted in accordance with the rules as the Parties agree upon, or in the absence of agreement, in accordance with the Commercial Mediation Rules of JAMS/Endispute. Evidence of anything said, any admissions made, and any documents prepared in the course of the Mediation shall not be admissible in evidence or subject to discovery in any court action pursuant to Evidence Code Section 1152.5.
- 11.4. The Parties shall mutually agree to the selection of a mediator who is an attorney that is experienced in public works construction claims. If the Parties are unable to agree upon a mediator, then the mediator shall be appointed by JAMS/Endispute.
- 11.5. The Mediation shall take place at a location within twenty (20) miles of the District's administrative office. The mediator's fees and administrative fees, if any, shall be split equally between the Parties, but, unless otherwise agreed to in writing, each Party shall bear its own attorney's fees.
- 11.6. If any Party commences a legal action without first attempting to resolve the Claim as required by this Article 11, that Party shall be in breach of this Agreement and shall not be entitled to recover attorney's fees that might have otherwise been recoverable.
- 11.7. This mandatory mediation process shall only apply to Claims pursuant to the Architect Indemnity provision herein and shall not apply to any disputes to be resolved pursuant to the Alternative Dispute Resolution provision herein.

## **Article 12. Responsibilities of the District**

- 12.1. The District shall examine the documents submitted by the Architect and shall render any decision(s) required of District, in a timely manner to avoid unreasonable delay in the performance of Architect's Services.
- 12.2. The District shall verbally or in writing advise the Architect if the District becomes aware of any fault or defect in the Project, including any errors, omissions or inconsistencies in the Architect's documents. Failure to provide a notice shall not relieve Architect of its responsibility therefore, if any.
- 12.3. Unless the District and the Architect agree that a hazardous materials consultant shall be a Consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants when those services are requested in writing by Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to these matters which are to be incorporated

into bid documents prepared by Architect. If the hazardous materials consultant is furnished by the District and is not a Consultant of the Architect, the specifications shall indicate that the specifications prepared by District's consultant relating to these matters, are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The bid documents shall also direct questions about the specifications to the consultant that prepared the specifications.

- 12.4. District personnel and/or its designated representatives shall coordinate with Architect as may be requested and beneficial for the coordination or management of work related to the Project.
- 12.5. The District shall timely provide to the Architect all relevant information in its possession regarding the Project that is necessary for performance of Architect's Services.
- 12.6. The District shall pay all fees required by agencies having jurisdiction over the Project.

#### **Article 13. Liability of District**

- 13.1. Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the Services performed.
- 13.2. District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Architect, or by its employees and Consultants, even though the equipment may be furnished or loaned to Architect by District.

#### **Article 14. Nondiscrimination**

- 14.1. Architect agrees that no discrimination shall be made in the employment of persons under this Agreement because of the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, military and veteran status, or any other protected characteristic of a person.
- 14.2. Architect shall comply with any and all applicable regulations and laws governing nondiscrimination in employment.

#### **Article 15. Insurance**

- 15.1. Architect shall comply with the insurance requirements for this Agreement, set forth in **Exhibit E**.
- 15.2. Architect shall provide certificates of insurance and endorsements to District prior to commencement of the work of this Agreement as required in **Exhibit E**.

#### **Article 16. Covenant Against Contingent Fees**

Architect warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent

on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Fee or consideration or to recover the full amount of a fee, commission, percentage fee, gift, or contingency.

#### **Article 17. Entire Agreement/Modification**

- 17.1. This Agreement, including the Exhibits incorporated by reference into this Agreement, supersedes all previous contracts and constitutes the entire understanding of the Parties hereto. Architect shall be entitled to no other benefits than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. Architect specifically acknowledges that in entering this Agreement, Architect relies solely upon the provisions contained in this Agreement.
- 17.2. This Agreement shall not include or incorporate the terms of any proposal, general conditions, conditions, master agreement, or any other terms or documents prepared by the Architect. The attachment of any Architect-prepared document to this Agreement shall not be interpreted or construed to incorporate those terms into this Agreement, unless the District approves of that incorporation in a separate writing signed by the District. If proposals, quotes, statement of qualifications, or other similar documents prepared by the Architect are incorporated into this Agreement, then that incorporation shall be limited to those terms that describe only the Architect's scope of work, rates, price, and schedule.

#### **Article 18. Non-Assignment of Agreement**

This Agreement is intended to secure the specialized Services of the Architect. Therefore, Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of District and any purported assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of Architect and any purported assignment, transfer, delegation or sublease without Architect's prior written consent shall be considered null and void.

#### **Article 19. Law, Venue**

- 19.1. This Agreement has been executed and delivered in the State of California and the validity, enforceability and interpretation of any of the clauses of this Agreement shall be determined and governed by the laws of the State of California.
- 19.2. The county in which the District administration office is located shall be the venue for any action or proceeding that may be brought or arise out of, in connection with or by reason of this Agreement.

#### **Article 20. Alternative Dispute Resolution**

##### **20.1. Architect's Invoices.**

- 20.1.1. If the District disapproves of any portion or amount(s) of the Architect's invoices, the District shall within thirty (30) days of receipt by the District of any of the Architect's invoices, communicate to the Architect in writing, with reasonable detail, the portion or amount of the Architect's invoices that are disapproved for payment, the portion or amount of the Architect's invoices that are approved for payment, and the basis for the District's disapproval of the disputed portion(s) or amount(s) of the Architect's invoices ("Disputed Architect Invoice Detail").

- 20.1.2. If the Architect disagrees with the Disputed Architect Invoice Detail, the Architect shall communicate to the District in writing, and request to meet and confer in good faith with respect to the Disputed Architect Invoice Detail, to determine if the disagreement can be resolved. The meet and confer shall be scheduled to occur within thirty (30) days of Architect's request. The meet and confer shall include, but are not limited to, face-to-face meeting(s) with the appropriate District and Architect personnel as appropriate and necessary.
- 20.1.3. If the Parties cannot resolve the matter during this meet and confer process, the Parties shall handle the matter as a "dispute" as provided herein.
- 20.2. Disputes between the parties arising out of this Agreement shall be resolved by the following processes:
- 20.2.1. **Negotiation.** The parties shall first attempt in good faith to resolve any dispute arising out of or relating to this Agreement by negotiation. The Parties' meet and confer process for Disputed Architect Invoice Detail as detailed above, shall satisfy this negotiation requirement.
- 20.2.2. **Mediation.** Within thirty (30) days following the earlier of receipt of notice by one Party from the other Party of a demand for mediation, the Parties shall:
- 20.2.2.1. Administer the dispute pursuant to the Mandatory Mediation provisions indicated herein, or
- 20.2.2.2. If there are no other parties involved, administer the dispute pursuant to non-binding mediation administered in accordance with the Commercial Mediation Rules of JAMS/Endispute, unless waived by mutual stipulation of both Parties.
- 20.2.3. **Litigation.** Disputes arising from this Agreement that cannot be settled through negotiation or mediation (after those processes have been exhausted) shall be litigated in the California Superior Court in the county in which the Project that is the subject of this Agreement is located.
- 20.3. Architect shall neither rescind nor stop the performance of its Services pending the outcome of any dispute.

#### **Article 21. Severability**

If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

#### **Article 22. Employment Status**

- 22.1. Architect shall, during the entire term of Agreement, be construed to be an independent contractor and nothing in this Agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow District to exercise discretion or control over the professional manner in which the Architect performs the Services; provided always, however, that the Services to be provided by Architect shall be provided in a manner consistent with all applicable standards and regulations governing such Services.
- 22.2. Architect understands and agrees that the Architect's personnel are not and will not be eligible for

membership in or any benefits from any District group plan for hospital, surgical or medical insurance or for membership in any District retirement program or for paid vacation, paid sick leave or other leave, with or without pay or for other benefits which accrue to a District employee.

- 22.3. Should District, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Department, or both, determine that Architect is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Architect which can be applied against this liability). District shall then forward those amounts to the relevant taxing authority.
- 22.4. Should a relevant taxing authority determine a liability for Services performed by Architect for District, upon notification of such fact by District, Architect shall promptly remit such amount due or arrange with District to have the amount due withheld from future payments to Architect under this Agreement (again, offsetting any amounts already paid by Architect which can be applied as a credit against that liability).
- 22.5. A determination of employment status pursuant to the preceding two (2) paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Architect shall not be considered an employee of District. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Architect is an employee for any other purpose, then Architect agrees to a reduction in District's liability resulting from this Agreement pursuant to principles similar to those stated in the foregoing paragraphs so that the total expenses of District under this Agreement shall not be greater than they would have been had the court, arbitrator, or administrative authority determined that Architect was not an employee.
- 22.6. Nothing in this Agreement shall operate to confer rights or benefits on persons or entities not a party to this Agreement.

#### **Article 23. Warranty and Certification of Architect**

- 23.1. Architect warrants and certifies that the Architect is properly certified and licensed under the laws and regulations of the State of California to provide the Services that it has agreed to perform.
- 23.2. Architect warrants and certifies that it is aware of the provisions of the California Labor Code that require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and it certifies that it will comply with those provisions before commencing the performance of the Services.
- 23.3. Architect warrants and certifies that it is aware of the provisions of California Labor Code that require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Since the Architect is performing Services as part of an applicable "public works" or "maintenance" project, and since the total compensation is One Thousand Dollars (\$1,000) or more, the Architect agrees to fully comply with and to require its Consultant(s) to fully comply with all applicable Prevailing Wage Laws.
  - 23.3.1. Architect shall ensure that it and its subconsultants comply with the registration and compliance monitoring provisions of Labor Code section 1771.4, including furnishing its CPRs to the Labor Commissioner, and are registered pursuant to Labor Code section 1725.5.

#### **Article 24. Cost Disclosure - Documents and Written Reports**

Architect shall be responsible for compliance with California Government Code section 7550, if the total cost of the Agreement exceeds Five Thousand Dollars (\$5,000).

#### **Article 25. Notices and Communications**

Notices and communications between the Parties may be sent to the following addresses:

**District:**

Hayward Area Recreation and Park District  
1099 "E" Street  
Hayward, California 94541  
Telephone: 510-881-6711  
Email: \_\_\_\_\_

**Architect:**

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_, CA \_\_\_\_\_  
Attn: \_\_\_\_\_  
Telephone: \_\_\_\_\_  
Email: \_\_\_\_\_

Any notice personally given shall be effective upon receipt. Any notice sent by overnight delivery service shall be effective the day after delivery. Any notice given by mail shall be effective three (3) days after deposit in the United States mail.

#### **Article 26. District's Right to Audit**

- 26.1. District retains the right to review and audit, and the reasonable right of access to Architect's and any Consultant's premises to review and audit the Architect's compliance with the provisions of this Agreement ("District's Audit Right"). The District's Audit Right includes the right to inspect, photocopy, and to retain copies, outside of the Architect's premises, of any and all Project-related records, documents and other information with appropriate safeguards, if such retention is deemed necessary by the District in its sole discretion. The District shall keep this information confidential, as allowed by applicable law.
- 26.2. The District's Audit Right includes the right to examine any and all books, records, documents and any other evidence of procedures and practices that the District determines are necessary to discover and verify that the Architect is in compliance with the requirements of this Agreement.
- 26.3. If there is a claim for additional compensation or for Extra Services, the District's Audit Right includes the right to examine books, records, documents, and any and all other evidence and accounting procedures and practices that the District determines are necessary to discover and verify all direct and indirect costs, of whatever nature, which are claimed to have been incurred, or anticipated to be incurred.
- 26.4. The Architect shall maintain complete and accurate records for a minimum of seven (7) years and in accordance with generally accepted accounting practices in the industry. The Architect shall make available to the District for review and audit, all Project related accounting records and documents, and any other financial data. Upon District's request, the Architect shall submit exact duplicates of originals of all requested records to the District.
- 26.5. The Architect shall include audit provisions in any and all of its subcontracts, and shall ensure that this Article is binding upon all Consultants.
- 26.6. Architect shall comply with these provisions within fifteen (15) days of the District's written request to review and audit any or all of Architect's Project-related documents, records and information.
- 26.7. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of more than

Ten Thousand Dollars (\$10,000), the Agreement shall be subject to the examination and audit of the State Auditor, at the request of the District, or as part of any audit of the District, for a period of three (3) years after final payment under the Agreement.

**Article 27. Other Provisions**

- 27.1. Neither the District's review, approval of, nor payment for, any of the Services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by Architect's failure to perform any of the Services to the Standard of Care as defined herein.
- 27.2. Each Party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each Party acknowledges that the drafting of this Agreement was the product of negotiation, that no Party is the author of this Agreement, and that this Agreement shall not be construed against any Party as the drafter of the Agreement.
- 27.3. The Architect shall issue a credit to the District as an offset to the Architect's Fee, an amount equal to one hundred percent (100%) of the tax deduction and/or credit the Architect receives, if any, based on the Project per Internal Revenue Code Section 179(D) (The energy efficient commercial buildings deduction).
- 27.4. The Architect acknowledges that the District is a public agency that is subject to heightened curiosity by the news media and the public and that the Architect may not be apprised of all facts surrounding the Project that Architect is working on. Accordingly, Architect shall promptly refer all inquiries from the news media or public concerning this Agreement or its performance under the Agreement to the District, and Architect shall not make any statements or disclose any documents to the media or the public relating to the performance under this Agreement or the effects caused thereby. If Architect receives a complaint from a citizen or member of the public concerning the performance or effects of this Agreement, it shall promptly inform the District of that complaint. In its sole discretion, the District shall determine the appropriate response to the complaint.
- 27.5. **Confidentiality.** Architect, and its Consultants, and employee(s) shall maintain the confidentiality of all information received in the course of performing the Services. Architect understands that District employee records are confidential and agrees to comply with all state and federal laws concerning the maintenance and disclosure of employee records it may see. This requirement to maintain confidentiality shall extend beyond the termination of this Agreement.
- 27.6. **Exhibits A through E** and all Certificates attached hereto are hereby incorporated by this reference and made a part of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date(s) indicated below.

### RESPONSIBILITIES AND SERVICES OF ARCHITECT

#### TABLE OF CONTENTS

1.	BASIC SERVICES .....	1
2.	PRE-DESIGN AND START-UP SERVICES .....	3
3.	SCHEMATIC DESIGN PHASE .....	5
4.	DESIGN DEVELOPMENT PHASE.....	9
5.	CONSTRUCTION DOCUMENTS PHASE.....	12
6.	BIDDING PHASE.....	18
7.	CONSTRUCTION ADMINISTRATION PHASE.....	18
8.	CLOSEOUT PHASE.....	22
9.	MEETINGS / SITE VISITS / WORKSHOPS .....	22

Architect shall provide all professional services necessary for completing the following:

#### 1. BASIC SERVICES

Architect agrees to provide the services described below:

- 1.1. Architect shall be responsible for the professional quality and technical accuracy of all studies, reports, projections, master plans, designs, drawings, specifications and other services furnished by Architect under the Agreement as well as coordination with all Master plans, studies, reports and other information provided by District. Architect shall, without additional compensation, correct or revise any errors or omissions in its studies, reports, projections, master plans, design, drawings, specifications and other services.
- 1.2. The District shall provide all information available to it to the extent the information relates to Architect's scope of work. This information shall include, if available;
  - 1.2.1. Physical characteristics;
  - 1.2.2. Legal limitations and utility locations for the Project site(s);
  - 1.2.3. Written legal description(s) of the Project site(s);
  - 1.2.4. Grades and lines of streets, alleys, pavements, and adjoining property and structures;
  - 1.2.5. Adjacent drainage;
  - 1.2.6. Rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, and boundaries and contours of the Project site(s);
  - 1.2.7. Information concerning available utility services and lines, mechanical and other services, both public and private, above and below grade, including inverts and depths;
  - 1.2.8. Surveys, reports, historic drawings; and
  - 1.2.9. Subsoil data, chemical data, and other data logs of borings.

Architect shall Visually Verify this information and all existing utilities related to the Project,

including capacity, and document the location of existing utility lines, telephone, water, sewage, storm drains and other lines on or around the Project to the extent determinable by the documents provided by the District.

If Architect determines that the information or documentation the District provides is insufficient for purposes of design or if the Architect requires a topographical survey; geotechnical report; structural, mechanical, and/or chemical tests; tests for air and/or water pollution; test borings; test pits; determinations of soil bearing values; percolation tests; ground corrosion tests; resistivity tests; tests for hazardous materials; tests for anticipating subsoil conditions; and/or other information that the District has not provided, the Architect shall request that the District acquire that information at the soonest possible time after Architect becomes aware that this additional information is needed. If the Parties mutually agree, this additional information and service shall be procured through the Architect, who may invoice the District for those services as Extra Services.

- 1.3. **Technology Backbone.** Architect shall be responsible for the coordination of the design and the layout of the technology backbone system with the District's Information Technology Department and/or the District's technology consultant, and lay out any included technology backbone system. The coordination effort shall include location and routing of raceways, conduits and outlets and the required spaces to accommodate electrical, data and communication wiring. Architect and consultant(s) shall prepare and be responsible for documents prepared by the Architect based on the information provided by the District's technology consultant as appropriate to the level of design completion.

- 1.4. **Interior Design.** Provide interior design and other similar services required for or in connection with selection and color coordination of materials. Architect is required to coordinate the placement of furniture, equipment layout, or schematic space allocation. The District shall procure furnishings and moveable equipment. Advise the District on lead times and availability of all Project equipment, materials, supplies, and furnishings to ensure that all of these will be available to the District in a timely fashion so as to not delay the Project and/or delay the District's beneficial occupancy of the Project.

- 1.5. **Mandatory Assistance**

Except for Claims as defined in this Agreement, if a third party dispute or litigation, or both, arises out of, or relates in any way to the Services provided under this Agreement, upon the District's request, the Architect, its agents, officers, and employees agree to assist in resolving the dispute or litigation. The Architect's assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations, depositions, trials or any event related to the dispute resolution and/or litigation ("Mandatory Assistance").

The District will compensate the Architect for fees incurred for providing Mandatory Assistance as Extra Services under Exhibit B. If, however, the fees incurred for the Mandatory Assistance are determined, through resolution of the third party dispute or litigation, or both, to be attributable in whole, or in part, to the acts or omissions of the Architect, its agents, officers, and employees, the Architect shall reimburse the District. The District is then entitled to reimbursement of all fees paid to the Architect, its agents, officers, and employees for Mandatory Assistance.

- 1.6. **Online Documents Control.** The District is employing Procore, an online construction management software, for document control. While developed for the Construction Administration Phase, the District is employing the Procore tools for pre-Construction document management as well. The Architect shall be familiar with the tools of this system and work together with District staff, and/or its consultants, to manage the project's development.

## **2. PRE-DESIGN AND START-UP SERVICES**

### **2.1. Project Initiation**

Upon final execution of the Agreement with the District, the Architect shall:

- 2.1.1. Within the first week following execution of the Agreement, review the proposed Schedule of Work set forth in Exhibit C to the Agreement and prepare a detailed scope of work list and work plan for documentation in a computer-generated Project schedule to the District's satisfaction. This scope of work list and work plan will identify specific tasks including, but not limited to: interviews, data collection, analysis, report preparation, planning, architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Architect shall also identify milestone activities or dates, specific task responsibilities, required completion times necessary for the review and approval by the District and by all regulatory agencies and additional definition of deliverables.
- 2.1.2. Participate in meeting with District and the adjoining park's landscape architect in clarifying the extent of the line of work between the building renovation and park's phase 2.
- 2.1.3. Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.
- 2.1.4. Architect, with their Consultant(s), shall develop as-builts for the facility and adjoining terraces. Locations, dimensions and necessary data with respect to other existing buildings, improvements and trees shall be coordinated with District, the landscape architect for renovation of the park, and their existing CAD information, developed for the park's phase 1 renovation.

### **2.2. Development of Architectural Program**

The Architect shall prepare for the District's review an architectural program as follows:

- 2.2.1. Perform pre-design investigations to establish appropriate guidelines around which and within which the Project is to be designed. Identify design issues relating to functional needs, directives and constraints imposed by regulatory codes. Review all data pertinent to the Project including survey, site maps, geotechnical reports and recommendations, soil testing results reports, and pertinent historical data, and other relevant information provided by District.
- 2.2.2. Identify design issues relating to functional needs, directives and constraints imposed by applicable regulatory codes.
- 2.2.3. Based on survey and topography data provided by the District, input into computer and develop existing conditions base for the Schematic Design Phase.
- 2.2.4. Administer Project as required to coordinate work with the District and between subconsultants.
- 2.2.5. Construction Cost Budget

2.2.5.1. Architect shall have responsibility to further develop review, and reconcile the Construction Cost Budget within the parameters of the Project Budget established in the District's implementation plan. The estimates forming the basis of the Construction Cost Budget are to be based on the developed functional architectural programs as approved by the District. The following conditions apply to the Construction Cost Budget prepared by the Architect:

2.2.5.1.1. All costs are to be based on current bid prices, with escalation rate and duration clearly identified as a separate line item; rate of cost escalation and projected bid and construction dates are to be as approved by the District and its representatives.

2.2.5.1.2. Format shall be in a building systems format (e.g., foundations, substructure, structural system, exterior wall enclosure, window systems, etc.) for new buildings, and summarized by the Construction Specification Institute (CSI) category for buildings being modernized.

2.2.5.1.3. Contingencies for design, bidding, and construction are to be included as individual line items, with the percentage and base of calculation clearly identified.

2.2.5.1.4. The Architect shall include all information and estimates from the District and/or the Construction Manager that are intended to be part of the Construction Cost Budget.

2.2.5.1.5. One week prior to submittal of documents, the Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.

2.2.5.1.6. Mechanical, electrical, civil, landscape and estimating consultant(s) shall participate in the progress meeting as appropriate and shall provide input and feedback into the development of the Construction Cost Budget.

2.2.5.2. The Construction Cost Budget for the Project must at no point exceed the District's Project Budget allocation for construction. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.

### **2.3. Conceptual Architectural Design**

2.3.1. Scaled floor plans showing overall dimensions, identifying the various major areas and their programmatic relationships. Include circulation and room-by-room tabulation of all net usable floor areas and a summary of gross floor area.

2.3.2. Preliminary building exterior elevations and sections in sufficient detail to demonstrate design concept for articulation and fenestration.

### **2.4. Presentation**

- 2.4.1. Architect, and consultant(s) as deemed necessary, shall present and review with the District, the summary and detail of work involved in this Phase of any proposed facility suitable for public presentation. Presentation shall include
  - 2.4.1.1. 2-dimensional renderings showing plans, elevations, perspective views and functional diagrams.
  - 2.4.1.2. A basic, 3-dimensional digital model, exhibiting the simple size and scale of proposed physical changes, in common format such Sketchup or approved equal.
- 2.4.2. Architect shall make a minimum of two public presentations of their proposed direction to:
  - 2.4.2.1. A public forum of District staff, facility stakeholders and interested public members;
  - 2.4.2.2. The District's governing board

## **2.5. Deliverables and Numbers of Copies**

Architect shall provide to the District a hard copy of the following items produced in this Phase, together with one copy of each item in electronic format:

- 2.5.1. Two copies of Architectural Program;
- 2.5.2. Two copies of Plans as finalized for presentations and Building Plans;
- 2.5.3. Two copies of revised Construction Cost Budget;
- 2.5.4. Two copies of final Schedule of Work;
- 2.5.5. Two copies of renderings provided to District for public presentation.
- 2.5.6. Digital animation from digital model, in a common format such as Sketchup

## **2.6. Meetings**

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops.

# **3. SCHEMATIC DESIGN PHASE**

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, the Architect shall prepare for the District's review a Schematic Design Study, containing the following items as applicable to the Project scope, as follows:

- 3.1. Prepare and review with District staff a scope of work list and work plan identifying specific tasks including, but not limited to: interviews, data collection, analysis, report preparation, planning, architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Also identified will be milestone activities or dates, specific task responsibilities of the Architect, required completion times necessary for the review and approval by the District and by pertinent regulatory agencies and additional definition of deliverables.
- 3.2. Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.

### 3.3. **Architectural**

- 3.3.1. Scaled floor plans showing overall refined dimensions, based on coordination of technical consultant(s) input. Update room-by-room tabulation of all net usable floor areas and a summary of gross floor area, showing any net changes from prior phase. Also, provide typical layouts of major equipment or operational layout.
- 3.3.2. Building exterior elevations and sections in sufficient detail to demonstrate design concept indicating location and size of fenestration.
- 3.3.3. As applicable, identify proposed roof system, deck, insulation system and drainage technique.
- 3.3.4. Identify minimum finish requirements, including ceiling, floors, walls, doors, windows, and types of hardware.
- 3.3.5. Identify code requirements, include occupancy classification(s) and type of construction.

### 3.4. **Structural**

- 3.4.1. Layout structural systems with dimensions and floor elevations. Identify structural systems (including pre-cast, structural steel with composite deck, structural steel bar joists); with preliminary sizing identified.
- 3.4.2. Identify foundation systems (including fill requirements, piles, caissons, spread footings); with preliminary sizing identified.

### 3.5. **Mechanical**

- 3.5.1. Calculate block heating, ventilation, and cooling loads including skin versus internal loading.
- 3.5.2. Select a minimum of two (2) HVAC systems that appear compatible with loading conditions for subsequent life cycle costing.
- 3.5.3. Show selected system on drawings as follows:
  - 3.5.3.1. Single line drawing(s) of all mechanical equipment spaces, ductwork and pipe chases.
  - 3.5.3.2. Location and preliminary sizing of all major equipment and duct work in allocated spaces.
  - 3.5.3.3. Schematic piping.
  - 3.5.3.4. Temperature control zoning.
- 3.5.4. Provide design criteria to include the intent base of design for the projects.
- 3.5.5. Evaluate and confirm the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

### **3.6. Electrical**

- 3.6.1. Calculate overall approximate electrical loads.
- 3.6.2. Identify proposed electrical system for service, power, lighting, low voltage and communication loads, including proposed or planned additional buildings or other facilities on the Project site.
- 3.6.3. Show system(s) selected on drawings as follows:
  - 3.6.3.1. Single line drawing(s) showing major distribution system.
  - 3.6.3.2. Location and preliminary sizing of all major electrical systems and components including:
    - 3.6.3.2.1. Load centers.
    - 3.6.3.2.2. Main panels.
    - 3.6.3.2.3. Switch gear.
- 3.6.4. Provide design criteria to include the intent base of design for the projects.
- 3.6.5. Evaluate and confirm the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

### **3.7. Civil**

- 3.7.1. Develop on and off site utility systems such as sewer, water, storm drain, firewater lines and fire hydrants.
- 3.7.2. Identify surface improvements including walkways and terraces directly associated with building facilities, parking (with ADA and Electric Vehicle spaces identified for building needs), preliminary finish grades and drainage.
- 3.7.3. Coordinate finish floor elevations with architectural site plan.
- 3.7.4. Quantify stormwater mitigations, identifying possible locations, sizes and methods, in surrounding landscape.

### **3.8. Landscape**

Building design to respond to landscape design concepts develop by District's landscape architect, for phase 2 development of the surrounding park. Architect shall demonstrate how proposed components would be incorporated and how the occupants will use these external facilities. This shall include exterior play area(s) for preschool facility inside the building.

### **3.9. Specifications**

Prepare outline specifications of proposed architectural, structural, mechanical and electrical materials, systems and equipment and their criteria and quality standards. Architect is to use District's standardized equipment/material list for new construction and modernization in development of the Project design and specifications. Architect shall review and comment on

District's construction bid contracts and contract documents ("Division 0" documents) and Division 1 documents as part of its work under the Agreement.

**3.10. Construction Cost Budget**

Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding Phase, the following conditions apply to the revised Construction Cost Budget:

- 3.10.1. Schematic Estimates: This estimate consists of unit cost applied to the major items and quantities of work. The unit cost shall reflect the complete direct current cost of work. Complete cost includes labor, material, waste allowance, sales tax and subcontractor's mark-up.
  - 3.10.1.1. General conditions shall be applied separately. This estimate shall be prepared by specification section and summarized by the CSI categories.
- 3.10.2. The estimate shall separate the Project's building cost from site and utilities cost. Architect shall submit to the District the cost estimating format for prior review and approval.
- 3.10.3. Escalation: all estimates shall be priced out at current market conditions. The estimates shall incorporate all adjustments as appropriate, relating to mid-point construction, contingency, and cost index (i.e. Lee Saylor Index).
- 3.10.4. The Construction Cost Budget for the Project must at no point exceed the District's Project Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.
- 3.10.5. The Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- 3.10.6. At the end of this Phase, the Construction Cost Budget may include design contingencies of no more than ten percent (10%) in the cost estimates.

**3.11. Meetings**

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops.

**3.12. Deliverables and Numbers of Copies**

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one copy of each item in electronic format:

- 3.12.1. Two copies of breakdown of Construction Cost Budget as prepared for this Phase;
- 3.12.2. Two copies of meeting Reports/Minutes;
- 3.12.3. Two copies of Schematic Design Package with alternatives;

- 3.12.4. Two copies of a statement indicating changes made to the Architectural Program and Schedule;

### **3.13. Presentation**

- 3.13.1. Architect, and consultant(s) as deemed necessary, shall present and review with the District, the summary and detail of work involved in this Phase of any proposed facility suitable for public presentation. Presentation shall be based on improvements of presentation prepared for prior Phase:
  - 3.13.1.1. A two-dimensional renderings showing plans, elevations, perspective views and functional diagrams.
  - 3.13.1.2. An updated three-dimensional digital model, exhibiting the size and scale of proposed physical changes, and basic representation of colors and finishes. A photometrically accurate model is not required.
- 3.13.2. Architect shall make a minimum of two public presentations of their proposed direction to:
  - 3.13.2.1. A public forum of District staff, facility stakeholders and interested public members;
  - 3.13.2.2. The District's governing board
- 3.13.3. The Schematic Design shall be revised within the accepted program parameters until a final concept within the accepted Construction Cost Budget has been accepted and approved by the District at no additional cost to the District.

## **4. DESIGN DEVELOPMENT PHASE**

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, the Architect shall prepare from the accepted deliverables from the Schematic Design Phase the Design Development Phase documents consisting of the following for each proposed system within Architect's scope of work:

### **4.1. Architectural**

- 4.1.1. Scaled, dimensioned floor plans with final room locations including all openings.
- 4.1.2. Minimum 1/4" scale building sections showing dimensional relationships, materials and component relationships.
- 4.1.3. Identification of all fixed equipment to be installed in contract.
- 4.1.4. Site plan completely drawn with beginning notes and dimensions including grading and paving.
- 4.1.5. Preliminary development of details and large scale blow-ups.
- 4.1.6. Legend showing all symbols used on drawings.
- 4.1.7. Floor plans identifying all fixed and major movable equipment and furniture.

- 4.1.8. Further refinement of Outline Specification for architectural, structural, mechanical, electrical, civil and landscape manuals, systems and equipment.
- 4.1.9. Typical reflected ceiling development including ceiling grid and heights for each ceiling to be used, showing:
  - 4.1.9.1. Light fixtures.
  - 4.1.9.2. Ceiling registers or diffusers.
  - 4.1.9.3. Access Panels.
- 4.2. **Structural:**
  - 4.2.1. Structural drawing with all major members located and sized.
  - 4.2.2. Establish final building and floor elevations.
  - 4.2.3. Preliminary specifications.
  - 4.2.4. Identify foundation requirement (including fill requirement, piles) with associated soil pressure, water table and seismic center.
- 4.3. **Mechanical**
  - 4.3.1. Heating and cooling load calculations as required and major duct or pipe runs sized to interface with structural.
  - 4.3.2. Major mechanical equipment should be scheduled indicating size and capacity.
  - 4.3.3. Ductwork and piping should be substantially located and sized.
  - 4.3.4. Devices in ceiling should be located.
  - 4.3.5. Legend showing all symbols used on drawings.
  - 4.3.6. More developed Outline Specifications indicating quality level and manufacture.
  - 4.3.7. Control Systems to be identified.
  - 4.3.8. Further evaluation and confirmation of the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.
- 4.4. **Electrical**
  - 4.4.1. All lighting fixtures should be located and scheduled showing all types and quantities of fixtures to be used, including proposed lighting levels for each usable space.
  - 4.4.2. All major electrical equipment should be scheduled indicating size and capacity.
  - 4.4.3. Complete electrical distribution including a one line diagram indicating final location of switchboards, communications, controls (high and low voltage), motor control centers,

panels, transformers and emergency generators, if required. Low voltage system includes fire alarm system, security system, clock and public address system, voice data system, telecom/technology system and audio-visual components.

- 4.4.4. Legend showing all symbols used on drawings.
- 4.4.5. More developed and detailed Outline Specifications indicating quality level and manufacture.
- 4.4.6. Further evaluation and confirmation of the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

#### 4.5. **Civil**

- 4.5.1. Further refinement of Schematic Design Phase development of on and off site utility systems for sewer, electrical, water, storm drain and fire water. Includes, without limitation, pipe sizes, materials, invert elevation location and installation details.
- 4.5.2. Further refinement of Schematic Design Phase terraces, walkways, parking and storm drainage improvements.

#### 4.6. **Landscape**

Further refinement of Schematic Design concepts. Includes coordination of hardscape and necessary stormwater mitigation measures with District's landscape architects and the further development of their construction documents for the park's phase 2.

#### 4.7. **Bid Documents**

Architect shall review and comment on District's construction bid contracts and contract documents ("Division 0" documents and "Division 1" documents) as part of its work under the Agreement.

#### 4.8. **Construction Cost Budget**

- 4.8.1. Revise the Construction Cost Budget for the Project. Along with the conditions identified in the Agreement and the preceding Phases, the following conditions apply to the revised Construction Cost Budget:
- 4.8.2. Design Development Estimate: This further revised estimate shall be prepared by specification section, summarized by CSI category and divided by trade and work item. The estimate shall include individual item unit costs of materials, labor and equipment. Sales tax, contractor's mark-ups, and general conditions shall be listed separately.
- 4.8.3. The Construction Cost Budget for the Project must at no point exceed the District's Project Budget allocation for construction. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.
- 4.8.4. The Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.

- 4.8.5. At this stage of the design, the Construction Cost Budget may include design contingencies of no more than ten percent (10%) in the cost estimates.

#### 4.9. Deliverables and Numbers of Copies

- 4.9.1. Two copies of Design Development drawing set from all professional disciplines necessary to deliver the Project;
- 4.9.2. Two copies of Specifications;
- 4.9.3. Two copies of revised Construction Cost Budget;

The Design Development deliverables shall be revised within the accepted program parameters until a final concept within the accepted Construction Cost Budget has been accepted and approved by the District at no additional cost to the District.

#### 4.10. Meetings

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops.

### 5. CONSTRUCTION DOCUMENTS PHASE

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, the Architect shall prepare from the accepted deliverables from the Design Development Phase the Construction Documents consisting of the following for each proposed system within Architect's scope of work:

#### 5.1. Construction Documents ("CD") 50% Stage:

##### 5.1.1. General

Prior to listing any specific equipment, material, supply, or furnishing, Architect shall verify, list and identify lead times and availability of all Project equipment, materials, supplies, and furnishings and ensure that all of these will be available to the contractor(s) in a timely fashion so as to not delay the Project and/or delay the District's beneficial occupancy of the Project. The Architect shall also provide other options to the District regarding other possible and more available equipment, materials, supplies, or furnishings.

##### 5.1.2. Architectural

5.1.2.1. Site plan developed to show building location, and major site elements.

5.1.2.2. Elevations (exterior and interior), sections and floor plans corrected to reflect design development review comments.

5.1.2.3. Architectural details and large blow-ups started.

5.1.2.4. Well developed finish, door, and hardware schedules.

5.1.2.5. Fixed equipment details and identification started.

- 5.1.2.6. Reflected ceiling plans coordinated with floor plans and mechanical and electrical systems.
- 5.1.3. Structural
  - 5.1.3.1. Structural floor plans and sections with detailing well advanced.
  - 5.1.3.2. Structural footing and foundation plans, floor and roof framing plans with detailing well advanced.
  - 5.1.3.3. Completed cover sheet with general notes, symbols and legends.
- 5.1.4. Mechanical
  - 5.1.4.1. Mechanical calculations virtually completed with all piping and ductwork sized.
  - 5.1.4.2. Large scale mechanical details started.
  - 5.1.4.3. Mechanical schedule for equipment substantially developed.
  - 5.1.4.4. Complete design of Emergency Management System ("EMS").
- 5.1.5. Electrical
  - 5.1.5.1. Lighting, power, signal and communication plans showing all switching and controls. Fixture schedule and lighting details development started.
  - 5.1.5.2. Distribution information on all power consuming equipment; lighting and device branch wiring development well started.
  - 5.1.5.3. All electrical equipment schedules started.
  - 5.1.5.4. Special system components approximately located on plans.
  - 5.1.5.5. Complete design of low voltage system. Low voltage system includes fire alarm system, security system, clock and public address system, voice data system, telecom/technology system and audio-visual components.
- 5.1.6. Civil
  - 5.1.6.1. All site plans, site utilities, parking, walkway, and roadway systems updated to reflect update revisions from Design Development Phase Documents, including all topographical and major site elements and existing/proposed contour lines.
  - 5.1.6.2. Site utility plans started.
- 5.1.7. Landscape
  - All landscape, hardscape, and irrigation plans updated to reflect update revisions from Design Development Phase Documents.
- 5.1.8. Construction Cost Budget

5.1.8.1. Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding phases, Architect shall update and refine the Design Development Phase revisions to the Construction Cost Budget. Architect shall provide a Construction Cost Budget sorted by the Project Bid Packages.

5.1.8.2. The Construction Cost Budget for the Project must at no point exceed the District's Project Budget allocation for construction. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.

5.1.8.3. The Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.

5.1.8.4. At this stage of the design, the Construction Cost Budget may include design contingencies of no more than 5% in the cost estimates.

5.1.9. Specifications

More than fifty percent (50%) complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.

5.1.9.1. No part of the specifications shall call for a designated material, product, thing, or service by specific brand or trade name unless:

5.1.9.1.1. The specification is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service, as required by Public Contract Code, section 3400, or

5.1.9.1.2. The designation is allowable by a specific allowable exemption or exception pursuant to Public Contract Code, section 3400

5.1.9.2. Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District and only with District's prior approval.

5.1.9.3. Specifications shall be in CSI format.

5.1.10. Deliverables and Numbers of Copies

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one copy of each item in electronic format:

5.1.10.1. Two copies of reproducible copies of working drawings;

5.1.10.2. Two copies of specifications;

5.1.10.3. Two copies of statement of requirements for testing and inspection of service for compliance with Construction Documents and applicable codes;

5.1.10.4. Two copies of a statement indicating any authorized changes made to the design from the last Phase and the cost impact of each change on the previously

approved Construction Cost Budget. If no design changes occur but shifts of costs occur between disciplines, identify for District review.

**5.2. Construction Documents – 100% / Completion Stage:**

**5.2.1. Architectural**

5.2.1.1. Completed site plan.

5.2.1.2. Completed floor plans, elevations, and sections.

5.2.1.3. Architectural details and large blow-ups completed.

5.2.1.4. Finish, door, and hardware schedules completed, including all details.

5.2.1.5. Fixed equipment details and identification completed.

5.2.1.6. Reflected ceiling plans completed.

**5.2.2. Structural**

5.2.2.1. Structural floor plans and sections with detailing completed.

5.2.2.2. Structural calculations completed.

**5.2.3. Mechanical**

5.2.3.1. Large scale mechanical details complete.

5.2.3.2. Mechanical schedules for equipment completed.

5.2.3.3. Completed electrical schematic for environmental cooling and exhaust equipment.

5.2.3.4. Complete energy conservation calculations and report.

**5.2.4. Electrical**

5.2.4.1. Lighting and power plan showing all switching and controls. Fixture schedule and lighting details completed.

5.2.4.2. Distribution information on all power consuming equipment, including lighting, power, signal and communication device(s) branch wiring completed.

5.2.4.3. All electrical equipment schedules completed.

5.2.4.4. Special system components plans completed.

5.2.4.5. Electrical load calculations completed.

**5.2.5. Civil**

All site plans, site utilities, parking and roadway systems completed.

5.2.6. Construction Cost Budget

- 5.2.6.1. Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding phases, Architect shall update and refine the 50% Construction Documents Phase revisions to the Construction Cost Budget.
- 5.2.6.2. The Construction Cost Budget for the Project must at no point exceed the District's Project Budget allocation for construction. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.
- 5.2.6.3. The Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- 5.2.6.4. At this stage of the design, the Construction Cost Budget shall not include any design contingencies in excess of the cost estimates.

5.2.7. Specifications

- 5.2.7.1. Complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.
- 5.2.7.2. No part of the specifications shall call for a designated material, product, thing, or service by specific brand or trade name unless:
  - 5.2.7.2.1. The specification is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service, as required by Public Contract Code, section 3400; or
  - 5.2.7.2.2. The designation is allowable by specific allowable exemptions or exceptions pursuant to Public Contract Code, section 3400.
- 5.2.7.3. Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District and only with District's prior approval.
- 5.2.7.4. At one hundred percent (100%) review, District shall review the specifications and shall direct Architect to make corrections at no cost to the District.
- 5.2.7.5. Coordination of the Specifications with specifications developed by other disciplines.
- 5.2.7.6. Specifications shall be in CSI format.

5.2.8. Constructability Review

The District and/or its designee shall conduct a construction review of the Construction Documents. A report shall be given to the Architect who shall make necessary changes along with providing written comments for each item listed in the report.

5.2.9. Deliverables and Numbers of Copies

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one copy of each item in electronic format:

5.2.9.1. Two copies of reproducible copies of working drawings;

5.2.9.2. Two copies of specifications;

5.2.9.3. Two copies of engineering calculations;

5.2.9.4. Two copies of revised Construction Cost Budgets;

5.2.9.5. Two copies of statement of requirements for testing and inspection of service for compliance with Construction Documents and applicable codes;

5.2.9.6. Two copies of a statement indicating any authorized changes made to the design from the last Phase and the cost impact of each change on the previously approved Construction Cost Budget. If no design changes occur but shifts of costs occur between disciplines, identify for District review.

5.3. **Construction Documents (CD) Final Back-Check Stage**

The Construction Documents final back-check stage shall be for the purpose of the Architect incorporating all regulatory agencies' comments into the drawings, specifications, and estimate. All changes made by the Architect during this stage shall be at no additional cost to the District.

5.3.1. **Approval of Construction Documents.** Architect shall obtain all necessary approvals for the Construction Documents for the Project from governmental agencies with jurisdiction therefor as necessary for the bidding and construction of the Work depicted in the Construction Documents. Architect shall revise the Construction Documents as required by governmental agencies to obtain their respective approvals of the Construction Documents. Except for the Architect's fees (which are included in the Contract Price for Basic Services) incurred in obtaining the approvals or preparing revisions pursuant to the foregoing, the District shall pay all other costs or fees necessary for obtaining the approvals.

5.3.2. The final contract documents delivered to the District upon completion of the Architect's work shall be the Bid Set and shall consist of the following:

5.3.2.1. Drawings: Original tracings of all drawings on Architect's tracing paper with each Architect/consultant's State license stamp.

5.3.2.2. Specifications: Original word-processed technical specifications on reproducible masters in CSI format.

5.3.3. Architect shall update and refine the consultants' completed Construction Documents.

5.4. **Meetings**

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops.

## **6. BIDDING PHASE**

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, the Architect shall perform Bidding Phase services for District as follows:

- 6.1. Contact potential bidders and encourage their participation in the Project.
- 6.2. Coordinate the development of the bidding procedures and the construction contract documents with the District.
- 6.3. The development of the bidding procedures and the construction contract documents shall be the joint responsibility of the District and the Architect.
- 6.4. While the Project is being advertised for bids, all questions concerning intent shall be referred to the District for screening and subsequent processing through Architect.
- 6.5. In the event that items requiring interpretation of the drawings or specifications are discovered during the bidding period, those items shall be analyzed by the Architect for decision by the District as to the proper procedure required. Corrective action will be in the form of an addendum prepared by the Architect and issued by the District.
- 6.6. Attend bid opening.
- 6.7. Coordinate with sub-consultants.
- 6.8. Respond to District questions and clarifications.
- 6.9. Deliverables and Number of Copies

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one copy of each item in electronic format:

- 6.9.1. Two copies of meeting report/minutes from kick-off meeting;
- 6.9.2. Two copies of meeting report/minutes from pre-bid site walk;
- 6.9.3. Upon completion of the Bidding Phase, Architect shall produce a Conformed Set of plans and specifications incorporating all addenda issued thus far. Architect shall supply District with four (4) complete, reproducible sets of plans and specifications marked as a Conformed Set, and one (1) electronic set of plans in AutoCAD 2006 or compatible set and one (1) electronic copy of the conforming specifications in Microsoft Word.

## **7. CONSTRUCTION ADMINISTRATION PHASE**

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, the Architect shall perform Construction Administration Phase services for the District as follows:

- 7.1. The Architect's responsibility to provide basic services for the Construction Phase under the Agreement commences with the award of the contract for construction and terminates upon satisfactory performance and completion of all tasks in this phase and commencement of the Closeout Phase or upon the District's terminating the Agreement, whichever is earlier.

- 7.2. The District is employing Procore, an online construction management software, for document control during the Construction Administration Phase. The Architect shall be familiar with this system and work together with Contractor, Construction Manager and District staff to manage the project's construction. All topics in this Construction Administration Phase section are to be accommodated within the Procore environment.
- 7.3. **Change Orders**
- 7.3.1. Architect shall review all of contractor's change order requests to determine if those requests are valid and appropriate. Architect shall provide a recommendation to District as to whether the change should be approved, partially approved, returned to the contractor for clarification, or rejected.
- 7.3.2. The Architect shall furnish all necessary additional drawings for supplementing, clarifying, and/or correcting purposes and for change orders. The District shall request these drawings from the Architect and shall be at no additional cost unless designated as Extra Services by the District. The original tracing(s) and/or drawings and contract wording for change orders shall be submitted to the District for duplication and distribution.
- 7.4. **Submittals**
- 7.4.1. Architect shall review and approve or take other appropriate action upon contractor's submittals such as: shop drawings, project data, samples and change orders, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the contract documents.
- 7.4.2. Architect shall review contractor's schedule of submittals and advise the District on whether that schedule is complete. The Architect shall provide the District with proposed revisions to this schedule and advise the District on whether the District should approve this schedule.
- 7.4.3. The Architect's action upon contractor's submittals shall be taken as expeditiously as possible so as to cause no unreasonable delay in the construction of the Project or in the work of separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review. In no case shall the review period associated with a single, particular submittal exceed ten (10) business days from its receipt by the Architect, unless the complexity of the submittal warrants a longer time period for the review to be mutually agreed upon by both parties. Architect's response to each submittal shall be a substantive and acceptable response. This 10-day time period shall not include time when a submittal is within the District's control. In no way does this provision reduce the Architect's liability if it fails to prepare acceptable documents.
- 7.5. **RFIs.** During the course of construction, all Requests for Information ("RFI") must be responded to as expeditiously as possible so as not to impact and delay the construction progress. In no case shall the review period associated with an RFI exceed seven (7) calendar days from the receipt by the Architect. Architect's response to each RFI shall be a substantive and acceptable response. This 7-day time period shall not include time when a submittal is within the District's control. In no way does this provision reduce the Architect's liability if it fails to prepare acceptable documents.
- 7.6. On the basis of on-site observations, the Architect shall keep the District informed of the progress and the quality of the work, and shall endeavor to guard the District against defects and deficiencies in the work. Architect shall notify the District in writing of any defects or deficiencies

in the work by any of the District's contractors that the Architect may observe. However, the Architect shall not be a guarantor of the contractor's performance. Further, The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work.

- 7.7. **Rejection of Work.** The Architect shall have the authority, only after pre-approval of the District, to reject Project contractor(s)'s work that does not conform to the requirements of the construction contract documents. The Architect shall have the authority, upon its sole discretion, to reject Project contractor(s)'s work that presents an immediate risk of injury to persons.
- 7.8. **Quality Control/Punch List Process.** Architect shall evaluate during the Construction Administration and Closeout Phases the contractor(s)' execution and overall delivery of its work throughout the construction process shall use its best efforts to ensure the Project meets or exceeds the criteria as set forth in the Conforming Set. The Parties acknowledge that this process is not commissioning of the Project or the Project's system(s).
- 7.8.1. The Quality Control/Punch List ("QC"/"Punch") Process is a comprehensive and systematic process to verify that the building systems and assemblies are constructed and installed as designed to meet the District's requirements. Quality Control during the Construction Phase, the Closeout Phase, and all warranty periods shall achieve the following specific objectives:
- 7.8.1.1. Verify and document that assemblies and equipment are installed per manufacturer's recommendations, product minimum standards, and the design intent expressed in the Contract Documents.
  - 7.8.1.2. Verify and document that the manufacturer(s) and designer(s) of assemblies, equipment, and systems have approved the full compliance, performance, and operation of all completed assemblies, equipment, and systems for that they manufactured and/or designed.
  - 7.8.1.3. Verify and document assembly, equipment, and system function.
  - 7.8.1.4. Verify the completeness of operations and maintenance materials.
  - 7.8.1.5. Ensure that the District's operating personnel receive all required training and are offered additional and supplemental training, on the operation and maintenance of building assemblies, equipment, and systems.
  - 7.8.1.6. In addition to all incomplete items on its punch list, document items of known non-compliance in materials, installation or operation.
- 7.8.2. The QC/Punch Process does not reduce the responsibility of any designers or contractors to provide a finished and fully functioning product.
- 7.9. **As-Built Drawings.**
- 7.9.1. As-builts shall be managed and finalized in the Procore environment. Architect shall review and evaluate for District, the contractor(s)' documentation of the actual construction performed during the Project that the contractor(s) should prepare and submit as As-Builts. As-Builts are documents that show the actual construction performed during the Project, including changes necessitated by change orders, and detailed by the District's construction contractor(s) on a Conforming Set.
- 7.10. **Record Drawings.** Only if requested specifically by the District, Architect shall incorporate all information on all As-Builts, sketches, details, and clarifications, and prepare one set of final Record Drawings for the District. The Record Drawings shall incorporate onto one set of electronic drawings, all changes from all As-Builts, sketches, details, and clarifications. If a set of Record

Drawings has been requested by the District, then (1) the Architect shall deliver it to the District at completion of the construction and (2) it shall be a condition precedent to the District's approval of the Architect's final payment. The Architect may insert the following notice on the Record Drawings:

These drawings [or corrected specifications] have been prepared based on information submitted, in part, by others. The Architect has provided a review consistent with its legal standard of care.

- 7.11. **O&M Manuals / Warranties.** Architect shall review equipment, operation and maintenance manuals, and a complete set of warranty documents for all equipment and installed systems, to ensure that they meet the requirements of the plans and specifications.
- 7.12. Architect shall also provide, at the District's request, architectural/engineering advice to the District on start-up, break-in, and debugging of facility systems and equipment, and apparent deficiencies in construction following the acceptance of the contractor's work.
- 7.13. **Contractor's Application for Payment.** Failure of Architect to perform the following tasks shall be a material breach of the Agreement.
  - 7.13.1. **Development of Payment Procedures.** In consultation with the District and the construction manager, the Architect shall assist in the development and implementation of procedures, forms and documents for the submittal, review, processing and disbursement of Progress Payments to the Project contractor(s).
  - 7.13.2. **Certification of Payment Due.** Based on the Architect's observations and evaluations, the Architect shall certify the amount due on each application for progress payment. The Architect shall review and respond to applications for progress payment in a prompt manner so as to allow the District to timely meet its payment obligations to the Project contractor(s) under the terms of the construction contract documents and applicable law, rule or regulation.
  - 7.13.3. **Final Payment.** The Architect shall review, evaluate and certify for payment the Project contractor(s)'s application for final payment. The Architect shall review and respond to the Project contractor(s)'s application for final payment in a prompt manner so as to allow the District to timely meet its obligation to make payment of the Final Payment under applicable law, rule or regulation.
  - 7.13.4. Recommendations of Payment by Architect constitute Architect's representation to the District that work has progressed to the point indicated to the best of Architect's knowledge, information, and belief, and that the quality of the work is in general conformance with the contract documents.
- 7.14. **Deliverables and Number of Copies**

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one copy of each item in electronic format:

  - 7.14.1. Two copies of meeting report/minutes from kick-off meeting;
  - 7.14.2. Two copies of observation reports;
  - 7.14.3. Two copies of weekly meeting reports.

**7.15. Meetings**

During this phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops.

**8. CLOSEOUT PHASE**

**8.1. As the Construction Administration Phase progresses, the Architect shall perform the following Closeout Phase services for the District as required:**

- 8.1.1. Architect shall review the project and observe the construction as required to determine when the contractor has completed the construction of the Project and shall prepare punch lists of items that remain in need of correction or completion.
- 8.1.2. Architect shall collect from the contractor, review, and forward to the District all written warranties, operation manuals, spare parts, lien waivers, and Certificates of Inspection and Occupancy with Architect's recommendation as to the adequacy of these items.
- 8.1.3. Architect shall prepare verified report(s) for the Project, if applicable.
- 8.1.4. Architect shall prepare a set of Record Drawings for the Project, as requested by the District.
- 8.1.5. Architect shall review and prepare a package of all warranty and O&M documentation.
- 8.1.6. Architect shall organize electronic files, plans and prepare a Project binder.
- 8.1.7. Architect shall coordinate all Services required to close-out the design and construction of the Project with the District and between consultants.
- 8.1.8. Architect shall coordinate and obtain approval of the Project by agency(ies) having jurisdiction, in a time period not to exceed twelve months from the date of the start of the Closeout Phase (see Exhibit C) or issuance final payment release to the contractor(s); whichever is soonest.

**8.2. When the design and construction of the Project is complete, the District shall prepare and record with the County Recorder a Notice of Completion for the Project.**

**8.3. Deliverables and Number of Copies**

- 8.3.1. Punch lists for each site;
- 8.3.2. Upon completion of the Project, all related project documents, including As-Built, Record Drawings. These are the sole property of the District.

**8.4. Meetings**

During this phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops.

**9. MEETINGS / SITE VISITS / WORKSHOPS**

9.1. Architect shall attend, take part in, and, when indicated, conduct meetings, site visits and workshops, as indicated below. Architect shall chair, conduct and take minutes of all meetings Architect attends (excluding Governing Board meetings and Citizens' Bond Oversight Committee meetings). Architect shall invite the District and/or its representative to participate in these meetings. Architect shall keep a separate log to document design/coordination comments generated in these meetings. The approximate number of meetings below is an estimated requisite to adequately achieve the indicated meeting objective. THE EXACT NUMBER OF MEETINGS REQUIRED TO ACCOMPLISH THE MEETING OBJECTIVES WILL BE BASED ON THE ARCHITECTURAL TEAM'S PERFORMANCE. ADDITIONAL MEETINGS OR FEWER MEETINGS MAY BE HELD, AS NECESSARY, TO ACHIEVE THE MEETING OBJECTIVES, BUT AT NO ADDITIONAL COMPENSATION TO THE ARCHITECT.

9.2. **General Meeting, Site Visit and Workshop Requirements**

- 9.2.1. Architect shall always be prepared to answer questions and issues from District staff, site staff, potential bidders, and/or contractors, as applicable.
- 9.2.2. Architect shall maintain documentation of all meetings, site visits or site observations held in conjunction with the design and construction of the Project, with documentation of major discussion points, observations, decisions, questions or comments. These shall be furnished to the District and/or its representative for inclusion in the overall Project documentation.
- 9.2.3. As required, Architect shall provide at no additional cost to the District copies of all documents or other information needed for each meeting, site visit, and workshop.
- 9.2.4. Each meeting may last up to one full day (eight (8) hours) and shall be held at the District office or at one of the Project sites, unless otherwise indicated.

9.3. **Meetings During Project Initiation Phase (Three (3) meeting(s))**

- 9.3.1. Within the first week following execution of the Agreement, the Architect shall participate in one Project kick-off meeting to determine the Project intent, scope, budget and timetable, which shall encompass the following:
  - 9.3.1.1. The Architect, its appropriate consultant(s), and District staff, shall attend the meeting.
  - 9.3.1.2. The Project kick-off meeting will introduce key team members from the District and the Architect to each other, defining roles and responsibilities relative to the Project.
  - 9.3.1.3. During this meeting, the Architect shall:
    - 9.3.1.3.1. Identify and review pertinent information and/or documentation necessary from the District for the completion of the Project.
    - 9.3.1.3.2. Review and explain the overall Project goals, general approach, tasks, work plan and procedures and deliverable products of the Project.

- 9.3.1.3.3. Review and explain the scope of work and Project work plan for all parties present; determine any adjustments or fine tuning that needs to be made to the work plan.
- 9.3.1.3.4. Review documentation of the Project kick-off meeting prepared by the District's representative and comment prior to distribution.

**9.4. Initial Site Visits (Three (3) meeting (s))**

- 9.4.1. Architect shall visit the Project sites to complete a visual inventory and documentation of the existing conditions.

**9.5. Meetings During Architectural Program / Concept Design (Three (3) meeting (s))**

- 9.5.1. Architect shall participate in two (2) public community information site meetings to receive input from the community regarding its wishes and expectations regarding the design of Architect's work on the Project and the schedule of use of the sites during construction.
- 9.5.2. Architect shall conduct one (1) site meeting with the District's facilities team to gather information from District facilities team and site personnel and to make a visual presentation regarding the Project.
- 9.5.3. Electrical, civil, mechanical, structural, landscaping, and estimating consultant(s) shall participate in these meetings as appropriate and shall provide input and feedback into the development of the Construction Cost Budget.

**9.6. Meetings During Schematic Design Phase (Eight (8) meeting (s))**

- 9.6.1. Within the first two weeks following the start of the Schematic Design Phase, Architect shall conduct one design workshop with the District's facilities team and site personnel to complete a basic design framework with computer-aided design equipment (CADD). The District may, at its discretion, allow the Architect to proceed with this meeting without using CADD. Architect shall conduct a meeting at least every two (2) weeks during this Phase with itself, all its subconsultants required for that meeting, the District, and their designated representatives, until the District has indicated its acceptance with the Architect's Schematic Design. The District reserves the right to require attendance of specific subconsultant(s). This workshop shall include the following:
  - 9.6.1.1. Architect shall designate its team member duties and responsibilities;
  - 9.6.1.2. Architect and District shall review District goals and expectations;
  - 9.6.1.3. District shall provide input and requirements;
  - 9.6.1.4. Architect and District shall review Project scope and budget, including the Construction Cost Budget and the Project Budget;
  - 9.6.1.5. Prepare and/or revise the scope of work list and general work plan from the Pre-Design Phase, for documentation in a computer-generated Project schedule;

- 9.6.1.6. Establish and agree regarding methods to facilitate the communication and coordination efforts for the Project.
- 9.6.2. Architect shall conduct approximately four (4) District-Architect Coordination meetings, one every 2 weeks, throughout the Schematic Design Process.
- 9.6.3. Architect shall conduct approximately four (4) Design Committee meetings throughout the Schematic Design Process.
- 9.7. **Meetings During Design Development Phase (Six (6) meeting (s))**
  - 9.7.1. At the time designated for completion of the Design Development package, Architect shall conduct four meetings with the District to review the following:
    - 9.7.1.1. Present the Design Development package for review and comment to proceed with preparation of final plans and specification.
    - 9.7.1.2. Architect and District shall review Project scope and budget, including the Construction Cost Budget and the Project Budget.
  - 9.7.2. **Value Engineering Workshop (Two (2) meeting (s))**

If needed, Architect shall conduct value engineering workshop(s), as requested by the District, including all of Architect's consultant(s), the District, and the Construction Manager during the Design Development Phase. This workshop shall be ongoing and may include several meetings.
- 9.8. **Meetings During Construction Documents Phase (Eight (8) meeting (s))**
  - 9.8.1. Prior to beginning work on the fifty percent (50%) design package, Architect shall conduct meetings with the District to revise the Design Development package and receive comments.
  - 9.8.2. At the time designated for completion of the fifty percent (50%) submittal package, Architect shall conduct one meeting, per package or submittal, with the District to review the following:
    - 9.8.2.1. Present the fifty percent (50%) submittal package for review and comment to proceed with preparation of final plans and specification.
    - 9.8.2.2. Architect and District shall provide further review of Project scope and budget, including the Construction Cost Budget and the Project Budget;
  - 9.8.3. At the time designated for completion of the one hundred percent (100%) Construction Document package, Architect shall conduct meetings with the District to review the following:
    - 9.8.3.1. Present the hundred percent (100%) Construction Document package for review and comment to proceed with preparation of final plans and specification.
    - 9.8.3.2. Architect and District shall provide further review of Project scope and budget, including the Construction Cost Budget and the Project Budget.

9.9. **Meetings During Bidding Phase (Three (3) meeting (s))**

- 9.9.1. Attend and take part in two meetings with all potential bidders, District staff, and Construction Manager.
- 9.9.2. Conduct one kick-off meeting, per site, with the successful bidder, District staff, and Construction Manager to finalize the roles and responsibilities of each party and provide protocols and processes to follow during construction.

9.10. **Meetings During Construction Administration Phase**

- 9.10.1. Architect shall visit the Project site as necessary or when requested, and in no case less than once per week, sufficient to determine that the Project is being constructed in accordance with the plans and specifications, and to resolve discrepancies in the contract documents and to monitor the progress of the construction of the Project.
- 9.10.2. Conduct weekly project meetings with District staff to review with District staff the progress of the work at each site.
- 9.10.3. Architect shall ensure that consultant(s) visit the site in conformance with their agreement.

9.11. **Citizens' Bond Oversight Committee Meetings**

Architect acknowledges that the design and construction of the Project is subject to oversight by the District's citizen bond oversight committee. Architect shall, at the District's direction, attend District citizen bond oversight committee meeting(s) and present the Architect's design to the District's citizen bond oversight committee for review and recommendation to the District's governing board.

9.12. **Governing Board Meetings**

Architect acknowledges that the District's governing board must approve all designs. Architect shall, at the District's direction, attend District governing board meeting(s) and present the Architect's design to the District's governing board for review and approval.

## EXHIBIT B

### CRITERIA AND BILLING FOR EXTRA SERVICES

The following Extra Services to the Agreement shall be performed by Architect if needed and if authorized in writing by the District in accordance with the Article "Payment for Extra Services or Changes" in the Agreement:

1. Making revisions in drawings, specifications, or other documents when such revisions are:
  - 1.1. Required to comply with direction from the District that is substantively different than approvals or instructions previously given by the District.
  - 1.2. Required by the enactment or revisions of codes, laws, or regulations subsequent to the preparation of the Conforming Set, unless those enactments or revisions were foreseeable or reasonably should have been foreseeable by the Architect prior to preparation of the Conforming Set.
  - 1.3. Due to changes required as a result of the District's failure to respond to a written request from the Architect within a reasonable time, as requested by Architect.
  - 1.4. Required to provide services in connection with Change Orders and directive not the fault of the Architect.
2. Providing services required because of significant documented changes in a Project initiated by the District, including but not limited to size, quality, complexity, the District's schedule, or method of bidding or negotiating and contracting for construction.
3. Providing consultation concerning replacement of work damaged by fire or other cause during construction and furnishing services required in connection with replacement of that work.
4. Providing services made necessary by the default of contractor(s), by major defects, or deficiencies in the work of contractor(s).
5. In the absence of a final Certificate of Payment or Notice of Completion, providing Services more than sixty (60) days after the date of completion of work by contractor(s) and after Architect has completed all of its obligations and tasks under the Agreement.
6. Providing deliverables or other items in excess of the number indicated in **Exhibit A**. Before preparing, providing, sending, or invoicing for extra deliverables, Architect shall inform the District that expected deliverables may be in excess of the number indicated in **Exhibit A**, so that District can procure the additional deliverables itself or direct Architect to procure the deliverables at District's expense or on District's account at a specific vendor.
7. Providing services as directed by the District that are not part of the Services of this Agreement.
8. Providing services as an expert and/or witness for the District in any mediation, arbitration, and/or trial in which the Architect is (1) not a party, and (2) did not in any way cause the dispute that is being adjudicated.
9. Providing training, adjusting, or balancing of systems and/or equipment sixty (60) days after completion of work by Contractor(s) and after Architect has completed all of its obligations and tasks under the Agreement.

10. The following rates, which include overhead, administrative cost and profit, shall be utilized in arriving at the fee for Extra Services and shall not be changed for the term of the Agreement.

<u>Job Title</u>	<u>Hourly Rate</u>
<u>[REPLACE WITH APPROVED ARCHITECT'S RATES]</u>	

11. The mark-up on any approved item of Extra Services performed by Consultant(s) shall not exceed **five percent (5%)**.
12. Mileage to/from Project is **NOT** reimbursable as Extra Services.

## EXHIBIT C

### SCHEDULE OF WORK

1. Promptly after the execution of this Agreement, the Architect shall prepare and submit for approval to the District a Schedule of Work showing the order in which Architect proposes to carry out Architect's work within the Term as defined in the Agreement ("Schedule of Work"). The Schedule of Work shall apply to the completion of all services listed hereunder within the times established by this Agreement. The Schedule of Work shall be in the form of a progress chart clearly delineating all important increments and review dates. Architect shall update the Schedule of Work on a monthly basis and deliver two (2) copies to the District along with the monthly billing.
2. Architect shall complete all work and services required per the Schedule of Work after written authorization from the District to proceed.
3. The durations stated in the Schedule of Work shall include the review periods required by the District and all other regulatory agencies.
4. All times to complete tasks set forth in this Exhibit are of the essence. If delays in the Schedule of Work are imposed by the District's inability to comply with requested meeting schedules, Architect shall maintain the right to request an adjustment in the Schedule of Work if deemed necessary to meet the deadlines set forth in this Exhibit. If approved, such extensions shall be authorized in writing by the District.

<<Phase Name>>

<<Specific Date or Month/Year>>

<<Phase Name>>

<<Phase Name>>

<<Specific Date or Month/Year>>

<<Phase Name>>

<<Specific Date or Month/Year>>

**Note:** The exact dates required to achieve the District's overall Project objective and completion are subject the District's modification, but The Architect acknowledges that its Fee is based on the Architect performing the Services and not based on the length of time to perform those Services or for the design or construction of the Project.

**EXHIBIT D  
PAYMENT SCHEDULE**

**1. Compensation**

- 1.1. District shall pay Architect for all Services contracted for under this Agreement an amount equal to the following ("Fee"):

\_\_\_\_\_dollars (\$\_\_\_\_\_).

- 1.2. The payment of consideration to Architect as provided herein shall be full compensation for all of Architect's Services incurred in the performance hereof, including, without limitation, all costs for personnel, travel within seventy five (75) miles of a Project location, offices, per diem expenses, printing and shipping of deliverables in the quantities set forth in **Exhibit A**, or any other direct or indirect expenses incident to providing the services. Except as expressly set forth in the Agreement and **Exhibit B**, there shall be no payment for extra costs or expenses.
- 1.3. District shall pay Architect for all Services contracted for under this Agreement pursuant to the following schedule ("Payment Schedule"):

PERCENTAGE OF TOTAL FEE PER PHASE		
Phase		Phase Amount
Program/Concept Design Phase		5%
Schematic Design Phase		5%
Design Development Phase		10%
Construction Documents Phase		35%
Bidding Phase		5%
Construction Administration Phase		30%
Closeout Phase		10%
	Generate Punch List	2.5%
	Sign Off On Punch List	2.5%
	Receive and Review All O&M Documents	2.5%
	Final Approval by Agencies Having Jurisdiction	2.5%

- 2. Method of Payment.** Invoices shall be on a form approved by the District and are to be submitted to the District via the District's authorized representative.

- 2.1. If reasonably requested by District and, if reasonably requested, as a precondition of payment, Architect shall submit to District documentation showing proof that payments were made to Architect's consultant(s).
- 2.2. Architect shall submit to the District for approval a copy of the Architect's monthly pay request format.
- 2.3. Upon receipt and approval of Architect's invoices, the District agrees to make payments within forty-five (45) days of receipt of the invoice as follows:
- 2.3.1. **Architectural Program Development / Concept Design Phase:**  
Monthly payments for the percentage of Services complete up to ninety-five percent (95%) of the fee for the Phase; one hundred percent (100%) payment upon acceptance and approval of the Architectural Program and Concept Design.
- 2.3.2. **For Schematic Design Phase:**

Monthly payments for the percentage of Services complete up to ninety-five percent (95%) of the fee for the Phase; one hundred percent (100%) payment upon acceptance and approval of the Schematic Design Phase by the District.

**2.3.3. For Design Development Phase:**

Monthly payments for the percentage of Services complete up to ninety-five percent (95%) of the fee for the Phase; one hundred percent (100%) payment upon acceptance and approval of the Design Development Phase by the District.

**2.3.4. For Construction Documents Phase:**

Monthly payments for percentage of Services complete up to ninety-five percent (95%) of the fee for the phase; one hundred percent (100%) payment upon acceptance and approval of the Construction Documents Phase by the District.

**2.3.5. For Bidding Phase:**

Monthly payments for the percentage of Services complete up to ninety-five percent (95%) of the fee for the phase; one hundred percent (100%) payment upon the District's award of the bid.

**2.3.6. For Construction Administration Phase:**

Monthly payments based on Architect's invoices pursuant to the following:

1. Monthly payments for the percentage of Services complete, up to ninety-five percent (95%) of the fee for the phase; one hundred percent (100%) payment upon the District's agreement that the Architect can generate a Punch List as part of the Closeout Phase.

**2.3.7. For Closeout:**

Individual payment(s) proportionate to the items completed within this Phase.

**3. Format and Content of Invoices**

3.1. Architect acknowledges that the District requires Architect's invoices for Basic Services must include explanations of the Services performed.

3.2. For invoices for Extra Services, a more detailed explanation, with specificity, is required. For example, the following descriptions, in addition to complying with all other terms of this Agreement, would be payable for invoices for Extra Services. The times indicated below are just placeholders:

Review/Respond RFI's, Const. Admin Mtgs., Review Shop Drawings, Field Sketches	5.5 hours
Prepare Construction Documents: floor plans, exterior elevations, consultant coordination.	7.5 hours
Master Budget update, Master Schedule Update, Board Presentation, Accounting coordination	6.5 hours

## EXHIBIT E

### INSURANCE REQUIREMENTS

Architect shall procure prior to commencement of the Services of this Agreement and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services hereunder by the Architect, his agents, representatives, employees and consultant(s). Architect's liabilities, including but not limited to Architect's indemnity obligations, under this Agreement, shall not be deemed limited in any way to the insurance coverage required herein. Maintenance of specified insurance coverage is a material element of this Agreement and Architect's failure to maintain or renew coverage or to provide evidence of renewal during the term of this Agreement, as required or when requested, may be treated as a material breach of contract by the District.

1. **Minimum Scope and limits of Insurance:** Coverage shall be at least as broad as the following scopes and limits:
  - 1.1. **Commercial General Liability.** One million dollars (\$1,000,000) per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to each project/location or the general aggregate limit shall be twice the required occurrence limit.
  - 1.2. **Commercial Automobile Liability, Any Auto.** One million dollars (\$1,000,000) per accident for bodily injury and property damage.
  - 1.3. **Workers' Compensation Liability.** For all of the Architect's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, the Architect shall keep in full force and effect, a Workers' Compensation policy. That policy shall provide employers' liability coverage with minimum liability coverage of one million dollars (\$1,000,000) per accident for bodily injury or disease. The Architect shall provide an endorsement that the insurer waives the right of subrogation against the District and its respective elected officials, officers, employees, agents, representatives, consultants, trustees, and volunteers.
  - 1.4. **Employment Practices Liability.** For all of the Architect's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, the Architect shall keep in full force and effect, an Employment Practices Liability policy. That policy shall provide employers' liability coverage with minimum liability coverage of one million dollars (\$1,000,000) per occurrence. The Architect shall provide an endorsement that the insurer waives the right of subrogation against the District and its respective elected officials, officers, employees, agents, representatives, consultants, trustees, and volunteers.
  - 1.5. **Professional Liability.** This insurance shall cover the prime design professional and his/her liability arising from the services of consultant(s) with a minimum of one million dollars (\$1,000,000) per occurrence limit and two million dollars (\$2,000,000) aggregate limit, and subject to no more than **twenty-five thousand dollars (\$25,000) per claim deductible**, coverage to continue through completion of construction plus "tail" coverage for two (2) years thereafter.

The District reserves the right to modify the limits and coverages described herein, with appropriate credits or changes to be negotiated for those changes.

2. **Deductibles and Self-Insured Retention:** The Architect shall inform the District in writing if any deductibles or self-insured retention exceeds \$25,000. At the option of the District, either:

- 2.1. The District can accept the higher deductible; or
  - 2.2. The Architect's insurer shall reduce or eliminate the deductibles or self-insured retention as respects the District, its officers, officials, employees and volunteers.
3. **Other Insurance Provisions:** The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:
  - 3.1. The District, its representatives, consultants, trustees, officers, officials, employees, agents, and volunteers ("Additional Insureds") are to be covered as additional insureds as respects liability arising out of activities performed by or on behalf of the Architect; instruments of Service and completed operations of the Architect; premises owned, occupied or used by the Architect; or automobiles owned, leased, hired or borrowed by the Architect. The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds.
  - 3.2. For any claims related to the projects, the Architect's insurance coverage shall be primary insurance as respects the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.
  - 3.3. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the Additional Insureds.
  - 3.4. The Architect's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
  - 3.5. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled by either party, reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the District. At the option of the District, the Architect shall be the party required to provide the District this notice in lieu of the Architect's insurance provider.
4. **Acceptability of Insurers:** Insurance is to be placed with insurers admitted in California with a current A.M. Best's rating of no less than A:VII. The Architect shall inform the District in writing if any of its insurer(s) have an A.M. Best's rating less than A:VII. At the option of the District, either:
  - 4.1. The District can accept the lower rating;
  - 4.2. Require the Architect to procure insurance from another insurer.
5. **Verification of Coverage:** Architect shall furnish the District with:
  - 5.1. Certificates of insurance showing maintenance of the required insurance coverage;
  - 5.2. Original endorsements affecting general liability and automobile liability coverage. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. All endorsements are to be received and approved by the District before Services commence.

**ROOFING CONTRACT FINANCIAL INTEREST CERTIFICATION**  
**(Public Contract Code § 3006)**

PROJECT/CONTRACT NO.: \_\_\_\_\_ between **Hayward Area Recreation and Park District** ("District") and \_\_\_\_\_  
\_\_\_\_\_  
("Architect / Engineer") ("Contract" or "Project").

I \_\_\_\_\_, \_\_\_\_\_  
Name Name of Architect / Engineer

certify that I have not offered, given, or agreed to give, received, accepted, or agreed to accept, any gift, contribution, or any financial incentive whatsoever to or from any person in connection with the roof project contract on this project. As used in this certification, "person" means any natural person, business, partnership, corporation, union, committee, club, or other organization, entity, or group of individuals.

Furthermore, I \_\_\_\_\_, \_\_\_\_\_  
Name Name of Architect / Engineer

certify that I do not have, and throughout the duration of the contract, I will not have, any financial relationship in connection with the performance of this contract with any architect, engineer, roofing consultant, materials manufacturer, distributor, or vendor that is not disclosed below.

I \_\_\_\_\_, \_\_\_\_\_  
Name Name of Architect / Engineer

Have the following financial relationships with an architect, engineer, roofing consultant, materials manufacturer, distributor, or vendor, or other person in connection with the following roof project contract:

Name of firm ("Firm"): \_\_\_\_\_

Mailing address: \_\_\_\_\_

Addresses of branch office used for this Project: \_\_\_\_\_

If subsidiary, name and address of parent company: \_\_\_\_\_

I certify that to the best of my knowledge, the contents of this disclosure are true, or are believed to be true.

Date: \_\_\_\_\_

Proper Name of Architect / Engineer: \_\_\_\_\_

Signature: \_\_\_\_\_

Print Name: \_\_\_\_\_

**IRAN CONTRACTING ACT CERTIFICATION**  
**(Public Contract Code § 2204)**

PROJECT/CONTRACT NO.: \_\_\_\_\_ between **Hayward Area Recreation and Park District** ("District") and \_\_\_\_\_  
\_\_\_\_\_ ("Architect / Engineer") ("Contract" or "Project").

Pursuant to Public Contract Code (PCC) section 2204, an Iran Contracting Act certification is required for solicitations of goods or services of one million dollars (\$1,000,000) or more.

Architect / Engineer shall complete **ONLY ONE** of the following two paragraphs.

☐ 1. Architect / Engineer's total Fee is less than one million dollars (\$1,000,000).

**OR**

☐ 2. Architect / Engineer's total Fee is one million dollars (\$1,000,000) or more, but Architect / Engineer is **not** on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code § 2203(b), and Architect / Engineer is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

**OR**

☐ 3. Architect / Engineer's total Fee is one million dollars (\$1,000,000) or more, but the District has given prior written permission to Architect / Engineer to submit a proposal pursuant to PCC 2203(c) or (d). **A copy of the written permission from the District is included with this Agreement.**

I certify that I am duly authorized to legally bind the Architect / Engineer to this certification, that the contents of this certification are true, and that this certification is made under the laws of the State of California.

Date: \_\_\_\_\_

Proper Name of Architect / Engineer: \_\_\_\_\_

Signature: \_\_\_\_\_
