**12. FEES AND PAYMENT.**

**121 Compensation.** Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Contract at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation to be provided under this Contract, including all Task Orders issued pursuant to this Contract shall not exceed **\*\*\*INSERT DOLLAR AMOUNT\*\*\***. The total compensation per Task Order shall be set forth in the relevant Task Order, and shall not exceed said amount without the written approval of the District's Representative.

**122 Payment of Compensation.** Contractor shall submit to District a monthly statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. District shall, within forty-five (45) days of receiving such statement, review the statement and pay all approved charges thereon.

**123 Reimbursement for Expenses.** Contractor shall not be reimbursed for any expenses unless authorized in writing by District.

**13. ACCOUNTING RECORDS.** Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred and fees charged under this Contract. All such records shall be clearly identifiable. Contractor shall allow a representative of District during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Contract. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Contract for a period of four (4) years from the date of final payment under this Contract.

## **14 TERMINATION OF AGREEMENT.**

**141 Grounds for Termination.** District may, by written notice to Contractor, terminate the whole or any part of this Contract at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof. Contractor may not terminate this Contract except for cause.

**142 Effect of Termination.** Upon termination, Contractor shall be compensated only for those services which have been fully and adequately rendered to District through the effective date of the termination, and Contractor shall be entitled to no further compensation.

**143 Additional Services.** In the event this Contract is terminated in whole or in part as provided herein, District may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

## **15 INDEMNIFICATION.**

**151** To the fullest extent permitted by law, Contractor shall defend, indemnify and hold the District, its Board, members of the Board, employees, and authorized volunteers free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any alleged acts, errors or omissions, or willful misconduct of Contractor, its officials, officers, employees, subcontractors, Contractors or agents in connection with the performance of the Contractor's services, the Project or this Contract, including without limitation the payment of all consequential damages, expert witness fees and attorney's fees and other related costs and expenses. If this Contract is subject to Civil Code section 2782, the only limit to Contractor's indemnification obligation shall be that required by Civil Code section 2782 exempting Contractor from indemnifying District against District's sole or active negligence or willful misconduct.

**152** In addition, Contractor shall defend, with counsel of District's choosing and at Contractor's own cost, expense and risk, any and all claims, suits, actions or other proceedings of every kind covered by this Section that may be brought or instituted against District or its Board, members of the Board, employees, and authorized volunteers. Contractor shall pay and satisfy any judgment, award or decree that may be rendered against District or its Board, members of the Board, employees, and authorized volunteers as part of any such claim, suit, action or other proceeding. Contractor shall also reimburse District for the cost of any settlement paid by District or its Board, members of the Board, employees, or authorized volunteers as part of any such claim, suit, action or other proceeding. Such reimbursement shall include payment for District's attorney's fees and costs, including expert witness fees. Contractor shall reimburse District and its

Board, members of the Board, employees, and/or authorized volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the District, its Board, members of the Board, employees, or authorized volunteers.

**16. PREVAILING WAGES.** Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Since the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. District shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Contract. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. Contractor shall defend, indemnify and hold the District, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. The Contractor and each subcontractor shall forfeit as a penalty to the District not more than two hundred dollars (\$200.00) for each calendar day, or portion thereof, for each worker paid less than the stipulated prevailing wage rate for any work done by him, or by any subcontract under him, in violation of the provisions of the Labor Code. The difference between such stipulated prevailing wage rate and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.

**17. PAYROLL RECORDS.** In accordance with the requirements of California Labor Code Section 1776, Contractor shall keep accurate payroll records which are either on forms provided by the Division of Labor Standards Enforcement or which contain the same information required by such forms. Responsibility for compliance with California Labor Code Section 1776 shall rest solely with Contractor, and Contractor shall make all such records available for inspection at all reasonable hours. In the event of noncompliance with the requirements of this Section, Contractor shall have 10 days in which to comply subsequent to receipt of written notice specifying in what respects such Contractor must comply with this Section. Should noncompliance still be evident after such 10-day period, Contractor shall, as a penalty to District, forfeit not more than one hundred dollars (\$100.00) for each calendar day or portion thereof, for each worker, until strict compliance is effectuated. The amount of the forfeiture is to be determined by the Labor Commissioner. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, such penalties shall be withheld from progress payments then due. The responsibility for compliance with this Section is on Contractor.

**18. EMPLOYMENT OF APPRENTICES.** This Contract shall not prevent the employment of properly indentured apprentices in accordance with the California Labor Code, and no employer or labor union shall refuse to accept otherwise qualified employees as indentured apprentices on

the work performed hereunder solely on the ground of race, creed, national origin, ancestry, color or sex. Every qualified apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade in which he or she is employed and shall be employed only in the craft or trade to which he or she is registered.

**18.1** If California Labor Code Section 1777.5 applies to the Services, Contractor and any subcontractor hereunder who employs workers in any apprenticeable craft or trade shall apply to the joint apprenticeship council administering applicable standards for a certificate approving Contractor or any subcontractor for the employment and training of apprentices. Upon issuance of this certificate, Contractor and any subcontractor shall employ the number of apprentices provided for therein, as well as contribute to the fund to administer the apprenticeship program in each craft or trade in the area of the work hereunder.

**18.2** The parties expressly understand that the responsibility for compliance with provisions of this Section and with Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code in regard to all apprenticeable occupations lies with Contractor.

**19. HOURS OF WORK.** Pursuant to the provisions of the California Labor Code, eight hours of labor shall constitute a legal day's work, and the time of service of any worker employed on the work shall be limited and restricted to eight hours during any one calendar day, and forty hours in any one calendar week, except when payment for overtime is made at not less than one and one-half the basic rate for all hours worked in excess of eight hours per day ("Eight-Hour Law"), unless Contractor or the Services are not subject to the Eight-Hour Law. Pursuant to Section 1813 of the California Labor Code, Contractor shall forfeit a penalty of \$25.00 per worker for each day that each worker is permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week, except when payment for overtime is made at not less than one and one-half (1-1/2) times the basic rate for that worker.

**20. GENERAL.**

**20.1 Waivers.** The waiver by either Party of any breach or violation of any term, covenant, or condition of this Contract or of any provisions of any ordinance or law shall not be deemed to be a waiver of such term, covenant, condition, ordinance or law or of any subsequent breach or violation of same or of any other term, covenant, condition, ordinance or law or of any subsequent breach or violation of the same or of any other term, condition, ordinance, or law. The subsequent acceptance by either Party of any fee or other money which may become due hereunder shall not be deemed to be a waiver of any preceding breach or violation by the other Party of any term, covenant, or condition of this Contract of any applicable law or ordinance.

**20.2 Integration and Counterparts.**

**20.2.1** This document represents the entire and integrated agreement between District and Contractor and supersedes all prior negotiations, representations, and agreements, either written or oral.

2022 This Contract may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts, or as many of them as the Parties shall preserve undestroyed, shall together constitute one and the same instrument.

2023 This document may be amended only by written instrument signed by both District and Contractor.

2024 Contractor understands that this is not an exclusive Contract and that District shall have the right to negotiate with and enter into contracts with others providing the same or similar services as those provided by Contractor as the District desires.

**203 Laws, Venue, and Attorneys' Fees.** This Contract shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Contract, the action shall be brought in a state or federal court situated in the County of Riverside, State of California. In the event of any such litigation between the Parties, the prevailing Party shall be entitled to recover all reasonable costs incurred, including reasonable attorney's fees, as determined by the court.

**204 Binding On Successors.** All representations, covenants and warranties set forth in this Contract, by or on behalf of, or for the benefit of any or all of the Parties hereto, shall be binding upon and inure to the benefit of such Party, its successors and assigns.

**205 Delivery of Notices.** All notices required hereunder and communications regarding interpretation of the terms of the Contract or changes thereto shall be provided by the mailing thereof as follows:

Rancho California Water District	[NAME]
[ADDRESS]	[ADDRESS]
[ADDRESS]	[ADDRESS]
Attn:	Attn:

Any notice so given shall be considered served on the other Party three (3) days after deposit in the U.S. mail, first class postage prepaid, return receipt requested, and addressed to the Party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred regardless of the method of service.

**206 Cooperation; Further Acts.** The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Contract.

**207 Time of Essence.** Time is of the essence for each and every provision of this Contract.

**208 Construction; References; Captions.** Since the Parties or their agents have

participated fully in the preparation of this Contract, the language of this Contract shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Contract. All references to District include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Contract. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Contract.

**209 Prohibited Interests.** Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Contract. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Contract. For breach or violation of this warranty, District shall have the right to rescind this Contract without liability. For the term of this Contract, no member, officer or employee of District, during the term of his or her service with District, shall have any direct interest in this Contract, or obtain any present or anticipated material benefit arising therefrom.

**2010 Equal Opportunity Employment.** Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

**2011 Labor Certification.** By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

**[Add the following paragraphs if the Contractor has no employees. Otherwise delete.]**

Contractor further certifies and acknowledges that he/she has no employees and that he/she will not employ any person(s) in the work to be performed for the District under this Contract. With no employees, Contractor further acknowledges that he/she is not subject to the Workers' Compensation Act of the State of California.

By execution of this Contract, Contractor hereby agrees to notify the District in writing, prior to hiring any person(s), full time or part time, to assist in this Contract and to secure workers' compensation insurance prior to any person beginning work or assisting in the performance of work under this Contract.

**2012 Authority to Enter Agreement.** Contractor has all requisite power and

authority to conduct its business and to execute, deliver, and perform the Contract. Each Party warrants that the individuals who have signed this Contract have the legal power, right, and authority to make this Contract and bind each respective Party.

**20.13 Subcontracting.** Contractor shall not subcontract any portion of the work required by this Contract, except as expressly stated herein, without prior written approval of District. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Contract.

**20.14 Third Party Rights.** Nothing in this Contract shall be construed to give any rights or benefits to anyone other than the District and the Contractor.

**20.15 Severability.** The unenforceability, invalidity or illegality of any provision(s) of this Contract shall not render the provisions unenforceable, invalid or illegal.

**20.16 Survival.** All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Contract, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.
