Personal Statement	<p>In two pages or less, please submit responses to the following five questions. This is an opportunity to reflect upon and communicate to us your personal statement of qualifications, interest, and motivation in applying to this residency.</p> <ol style="list-style-type: none"><li>1. What experiences have led you to choose nursing as a profession and the role of a family nurse practitioner as a specialty practice?</li><li>2. What are the goals you are looking to accomplish during your residency? Please identify specific areas of interest by lifecycle, age, or setting that you would like to develop an increased mastery, competency, or confidence in.</li><li>3. Tell us about the patient population you want to provide care for and why? Perhaps you can share about your experience working with underserved and vulnerable populations.</li><li>4. Can you tell us how you relate to the YVFWC Mission Statement?</li><li>5. Where do you see yourself post-residency?</li></ol>
