Proposal Form

Name of Bidder and Contractor's License Number

Address of Bidder

Thursday, August 20, 2020, 10:00 A.M., Archdale City Hall

307 Balfour Drive, City Council Conference Room

Date and Time of Bid Opening

Contract Number: **2020-565-1**

Type of Work: **Street Resurfacing**

Notice to Bidders

Sealed proposals will be received by the **City of Archdale**, North Carolina at the Planning & Zoning Department of the City of Archdale 307 Balfour Drive until Thursday, August 20, 2020 at 10:00 A.M., at which time they will be opened and read for the furnishing of the following:

Street Resurfacing Contract Number 2020-565-1

Bids are invited upon the items and quantities of work as follows:

Major Work Items	Tons, estimated
1. SF 9.5 Superpave [Full Depth Patching] Thickness – 1.5 inch compacted, unless noted otherwise in <i>Tons, see map and estimated quantities</i>	450

All work will be done in accordance with the technical specifications of the North Carolina Department of Transportation. Work includes edge milling adjacent to existing concrete curb and gutter and adjacent to existing driveways to insure smooth transition from new pavement surface to existing concrete driveways, full depth patch repairs as indicated in the table by column heading "Patching Tonnage" estimating tonnage of repair area to be multiplied by 2. Full depth patches will be installed prior to overlay of surface. All other incidentals are included in the bid. Taper from the intersection of streets and milling providing for a smooth transition is included in the work as an incidental.

Note:

On milling, an extra length has been added to the length of the street to accommodate milling the intersections joining the paved street allowing for a smooth transition from one street to another ending at the radius of the curb to adjoining street with a butt joint. Also, contractor is responsible for removing all vegetative debris created during the milling and edge cleaning portion of the work site preparation.

On valves and manholes, contractor should have a reserve amount on site in the event of damage of the manholes or valves or in the event valves are discovered under the vegetative debris cleaned on the edge of the road. If the contractor determines that the manhole ring and cover is not standard, it was be ordered ahead of time and on site when paving occurs.

MH = manhole adjustment
WV = water valve adjustment
FD = full depth patch, tons

The calculated average of 18.75% of tonnage currently estimated for the full depth patch. This amount is subject to be modified during construction. As an additional note, a copy of the current Powell Bill Map is included in the Bid Proposal packet identifying the location of streets in the city scheduled for work denoted in by a text box and a green line. Contractor should note that reduction of the quantities in full depth restoration on the identified streets could potentially add additional streets to be paved under this contract.

All incidental miscellaneous work related to the above, in addition to adjustments of all conflicting water and sewer utilities within the construction area are considered part of the work. Please call **D J. Señeres at (336) 434-7344** to arrange a time to meet with him and visit the above locations. General Contractors are notified that "*An Act to Regulate the Practice of General Contractor, Sections 87-1 through 15*" ratified by the General Assembly of North Carolina, on March 10, 1925, and as subsequently amended will be observed in receiving and awarding general contracts.

All hand carried bids are to be delivered to Archdale City Hall. Proposals are to be marked “**Contract #2020-565-1**”. Label proposals as follows:

**Bids – Street Resurfacing
City of Archdale
307 Balfour Drive
Archdale, NC 27263**

Cash, Bid Bond, Certified Cashier’s Check on a bank insured by the Federal Deposit Insurance Corporation made payable to the **City of Archdale**, North Carolina in the amount of *Five Percent* (5%) of the total bid must accompany all proposals in order to guarantee compliance with the provisions of the proposal.

The City reserves the right to reject any and all bids as may in the judgment of the Council of the City of Archdale serve its best interests and to waive irregularities and informalities in any bid submitted.

The City may at its discretion increase the quantity of work requested under this contract by up to 10%.

Bids may be held by the City Council of the City of Archdale for a period not to exceed *thirty* (30) days from the date of opening bids for the purpose of reviewing the bids and investigating the qualifications of bidders.

The contractor will be required to post a performance bond and a payment bond for *One Hundred Percent* (100%) of the amount of his contract when the contract is awarded. The standard City of Archdale contract will be signed upon Council award.

The contractor shall carry (a) Workmen’s Compensation insurance in statutory amounts and employer’s liability of not less than \$1,00,000.00, (b) auto liability including non-ownership and hired car in amount of not less than \$1,000,000.00 combined single limit, (c) comprehensive general liability of not less than \$2,000,000.00 CSL and including (1) premises/operations and (2) broad form contractual liability. The Contractor shall provide the City with a Certificate of Insurance evidencing these required coverages and naming the City as an additional insured before work begins. An endorsement with the following language shall be added to the required insurance policy: “It is understood and agreed that in consideration of the terms and conditions of the policy to which this endorsement is attached, the City of Archdale is recognized as an additional named insured under this policy.”
