BUSINESS PLAN

2019-2021

BELMONT CITY COLLEGE BUSINESS PLAN 2019 - 2021

Our Vision and Purpose

Belmont City College strives to be an inclusive, respectful and productive educational environment where students achieve success in their academic, social and community endeavours.

We have high expectations of our students and staff who embrace our ethos to demonstrate pride in themselves, their school and their community. We seek to inspire each student to be brave, challenge themselves and set targets that are aspirational, yet achievable and support our staff to maintain the highest standards of professionalism through ongoing training, mentoring, collaboration and exposure to educational innovations.

We have strong behavioural expectations and encourage all our students to demonstrate a commitment to their learning and personal development. We believe a consistent and supportive approach to the achievement of these standards ensures a cohesive educational environment that best prepares young people for their life ahead.

Context

Belmont City College is a phase one Independent Public School located seven kilometres from the Perth CBD within the City of Belmont. Our Index of Community Socio-Educational Advantage (ICSEA) has steadily increased over time and our 2018 ICSEA is 968, which is below the national mean of 1000.

We are a diverse community with students from over fifty different cultural backgrounds. In response to this, the College offers a wide range of programs designed to meet the diverse needs of our students. These include specialist programs in Contemporary Drama and Music, academic extension programs as well as literacy support to enable students to develop the knowledge and skills required for success at school and beyond.

Belmont City College offers students access to our specialist Contemporary Drama Program. Students who are accepted into this program benefit from working with teachers who have exceptional training and experience as well as access to acclaimed facilities, both of which allow our students to develop their talents in drama and theatre production.

The A Plus academic excellence program offers select students' enrichment and extension coursework in the areas of English, Mathematics, Science and Humanities and Social Science along with supported pathways to university through the College's partnership with the University of Western Australia. In addition, the College offers a STEM program and Follow the Dream tuition for aspirant Aboriginal students.

The College's Deaf Education program ensures that students with hearing loss have access to quality curriculum as well as the language support they require to succeed in high school. The College also has an Inclusive Education program that provides students with an intellectual disability access to individualised curriculum and supports.

Belmont City College is a Positive Behaviour Support (PBS) school framework underpins the College's vision and values on the teaching of expected behaviours. The explicit values underpinning PBS are The 3 P's: Participation, Positivity and Preparedness. Behaviour and attendance data is collected and used strategically by all members of the College to inform decision making and drive change both at a whole school level and within individual classrooms to improve behaviour, attendance and engagement. The College recognises the importance of explicitly teaching behaviour expectations and also rewarding students who are good citizens and positive role models at the College.

Overview of Self-Assessment

Over many years Belmont City College has developed a culture of reflective practice at senior leadership, learning area and individual teacher levels using available data to review what we do and accordingly guide changes to programs and practice.

Some successes from our 2016 - 2018 Business Plan cycle include:

- » Excellent overall NAPLAN results which indicate both higher progress and achievement against like schools in all assessments
- » An improvement in the percentage of students achieving a C grade or higher in Years 7 to 10 MESH subjects
- » An improvement in our OLNA pass rate from 71% in 2016 to 78% in 2018
- » In both 2017 and 2018, 100% of our Year 12 students achieved an ATAR of 55+ and/or completed a VET Certificate II or higher
- » Maintaining a trend where our median ATAR continued to increase and was well above our like schools
- » Over 90% of our students achieving a VET Certificate II or higher
- » A significant increase in the percentage of students achieving a VET Certificate III - 71% in 2016 and 92% in 2018
- » Excellent overall attendance and achievement for students involved in our Specialist and Academic Programs (A Plus, Specialist Contemporary Drama, Music Excellence)
- » Increased the number of awards/formal recognition of students and staff
- » An increase in the percentage of staff that are satisfied with the management of student behaviour from 59% in 2016 to 77% in 2018
- » An increase in the percentage of staff that are satisfied with the feedback they receive about their work.

Our Priorities

Priority 1 – Student Achievement

Everything we do at the College is directly linked to improving student achievement. We have high expectations of our students and believe that all young people have the capacity to become successful and independent lifelong learners.

Priority 2 – High Quality Teaching

The continual growth and development of our teachers and support staff is essential in ensuring high educational outcomes for our students. A culture of professional improvement is embedded across the College and underpins our performance development framework.

Priority 3 – Student Engagement

Our aim at the College is to create a learning environment that is rich, diverse and supportive so students positively engage with the school community.

Priority 4 – Parent/Community Engagement

Our focus is on developing relationships with parents, the local community and key stakeholders (including universities, local government, business, state government and other agencies) to deliver a connected educational experience that leads students on a pathway to success.

Belmont City College Business Plan Targets 2019 - 2021

PRIORITY AREAS	TARGETS
1. Student Achievement Lower Secondary a. Grade Distributions Senior Secondary 1. ATAR 2. OLN 3. Attainment 4. WACE Achievement	1.1 By the end of 2021, the grade allocation percentages will improve as specified in our learning area operational plans. 1.2 By the end of 2021, the percentage of students in Years 7 – 10 who achieve a D or E learning area grade to reduce to reduce by 5%. 1.3 By the end of 2021, the percentage of students achieving the OLN standard in reading, writing and numeracy will improve as specified in our learning area operation al plans. 1.4 In each year of the Business Plan, student attainment (achievement of an ATAR score of 55+ and/or a AQF Certificate or higher) will be maintained at or above 90%). 1.5 In each year of the Business Plan, 80% of eligible students will achieve a WACE. 1.6 In each year of the Business Plan, BCC students enrolled in four or more ATAR courses, will achieve a median ATAR of 75 or higher.
2. High Quality Teaching a. BCC Instructional Model b. Level 3 Classroom Teacher numbers	2.1 In each year of the Business Plan, all teachers have implemented the Belmont Instructional Model.
