Medical Partnership

Kingsbridge Private Hospital would be interested to explore a medical partnership with the Ulster Society of Rugby Football Referees (USRFR) for the provision of medical support to all members inclusive. These members will benefit from a unique reduced rate for surgery and treatment within Kingsbridge Private Hospital for such procedures as scans, surgery, medicals, private medical insurance, Bupa Health screens and first aid training along with all areas of the business. The main aspects of this partnership would be as follows...

- MRI scans at a reduced rate from £400 to £270 for all members and staff. Offering same day or next day scans, evening scans and Saturday scans and reports back within 48 hours.
- Preferential surgery rates in place. Typical ACL surgery would be £4250, we would put a rate in place of £3890. *ACL surgery used as an example all procedures would have a discounted rate.
- Preferential rates for all members and staff throughout Kingsbridge Private Hospital and the 3fivetwo Group for example, Sweeney's Opticians, The Training Academy, Cosmetec and Bupa Health screening
- Preferential rates with H3 Health Insurance and Cransford Insurance.
- Access to all our specialised consultants and surgeons on request.
- Full access to our Private Casualty facility and our Private GP Department for those who do not wish to wait.
- Rapid access to Kingsbridge Private Hospital and 3fivetwo through myself and our sales team where these members can obtain advice, pricing and book appointments through our unique concierge service. This means a "One number One call" service for USRFR members.
- In addition, all staff will be looked after on an ad hoc basis for individual pricing directly through myself.
- Access to our National Sports Clinic and our experienced sports physiotherapy and rehabilitation team.

If the USRFR see a certain aspect of Kingsbridge Private Hospital and the 3fivetwo Group as particular interest, then a pathway and pricing structure can be put in place.

I hope this all reads positive and look forward to hearing from you.

Kind Regards

Robert Maye
