SHI Response:

SHI is pleased to offer NASPO ValuePoint an aggressive cost-plus pricing model which will result in advantageous pricing for all NASPO ValuePoint members. This pricing model will stand the test of time because pricing is aggressive for our entire range of current software offerings, as well as for all future offerings. Our markups are maximum or "not to exceed" markups, and there may be times when we are able to reduce the markups further.

As instructed, the markups proposed within our Cost Proposal are inclusive of the 0.25% NASPO ValuePoint Administrative Fee. In order to offer each Participating State the best possible pricing, we did not incorporate any State-Specific Administrative Fee (including the State of Arizona 1.0% fee) into the pricing model proposed within Attachment C1. Any State Administrative Fees will be added to the markups in Attachment C1 to arrive at that State's pricing model; we do understand that the fees may not be charged in the form of a separate line item. We would be happy to provide separate markup schedules per State and inclusive of any applicable Administrative Fees upon request.

Additionally, in order to offer each contract user the best possible pricing, we did not incorporate credit card fees into the pricing model proposed within Attachment C1. For customers who wish to use credit cards, the credit card transaction cost will be added to the markups in Attachment C1 to arrive at that customer's markup for the credit card transaction.

With regard to Services, as detailed throughout our RFP response, SHI is pleased to offer a substantial amount of value-added services at no cost to NASPO ValuePoint customers. We also have the resources available to provide fee-based in-scope services for those customers who require additional assistance beyond SHI's free service offerings. Those fee-based services are described within Attachment C2.

As mentioned in our proposal, SHI's offering to NASPO ValuePoint consists of thousands of Software Publishers for whom we are already authorized (and currently providing to NASPO ValuePoint customers), as well as additional publishers requested by NASPO ValuePoint customers in the future. Please note that some publishers or service providers will require additional paperwork to be signed in order for contract users to access the most advantageous pricing and licensing options. When that is the case, SHI will work with the contract users to advise them of the publisher's paperwork requirements and walk them through the process to complete the documentation. Our goal is to provide a comprehensive software offering, so that this contract is valuable and easy to use for all Participating States and contract users, throughout the contract term.
