This briefing guide contents all the data and info on Guadalajara, its sports facilities, as well as the info of the two four stars hotels next to the Stadium and the services that the city can provide in order to host the pre World Championship training camp of the Athletics Canada Federation.

Guadalajara, much to discover

Today, Guadalajara, after a period of extensive economic development and urban growth, is vibrant and welcoming. It is a well-appointed city, with ample green areas and a range of services to meet the needs of its people, who are well satisfied with the quality of life that the city now offers.

Guadalajara is all this and much more. It is a city steeped in history and brimming with hospitality as seen in the friendliness of its people. A city that has a lot to be discovered, a lot to be enjoyed.

Another great attraction of our city, is its geographical location: it is situated in the center of Spain, half an hour from Madrid and twenty minutes from Madrid-Barajas International Airport, also has a TGV station 10 minutes away from city, a trains station and an intercity bus network.

Leisure activities

The city has a large number of shops and stores of all kind of products spread all over the streets and one shopping center with a leisure area and more than 60 stores.

Guadalajara has an extensive green area divided in 15 parks.

Terraces to have a drink and a tapa are located all over the city from Spring and during the Summer.

Sports facilities

Guadalajara is a long tradition sports city which in recent years has made an ambitious commitment to sport. The city has successfully organized numerous national and international sports events in collaboration with several Spanish sports federations that have led Guadalajara to be a reference at the organizational level mass events.

Guadalajara City Council has been awarded in 2014 and 2015 with the National Sports Awards of the Spanish National Sports Council, the entry in the Royal Order of Sporting Merits and the award of the Spanish Olympic Committee . Through it, the Town Hall is awarded as the Spanish local entity that during the year has outstanding for its efforts in promoting and organization of Sport activities.

Among many other events, the city has hosted the Rhythmic Gymnastics World Cup 2016, the European Cross Country Clubs Cup World Championship Junior&Cadet Karate 2013 or the President's Cup of the Handball World Championship 2013. Guadalajara has also hosted the stages of Handball and Volleyball National Teams, the women's basketball wheelchair National Team, and is the permanent venue for the stages of the Spanish Basketball National Federation, for its National Teams young players, as well as the Spanish National Federations of Handball and volleyball.

The city has an extensive network of functional sports facilities, including ten pavilions, four water complexes, an athletics stadium, and a football stadium.

Athletics facilities

The “Fuente de la Niña” Stadium has all needs required for athletics training.

Although its main concourse and facilities are in good condition the seats area and the building which holds the storage, dressing and medical rooms, the gym and the offices of the venue will be remodeled by the beginning of 2017.

It is also available the use of the gym, locker rooms and other spaces of the nearby water complex.

Other facilities

The summer pool, and two of the three water complex of the city will be also at your disposal for leisure or training.

Routes, paths and other tracks

In the area of the Stadium there is a 2 kms. soft surface path for running. And there is also a 13 kms. hard surface cycling track that surrounds the city that is used by runners too.

In addition, there are many running routes near the Stadium of different distances, slopes and surfaces.

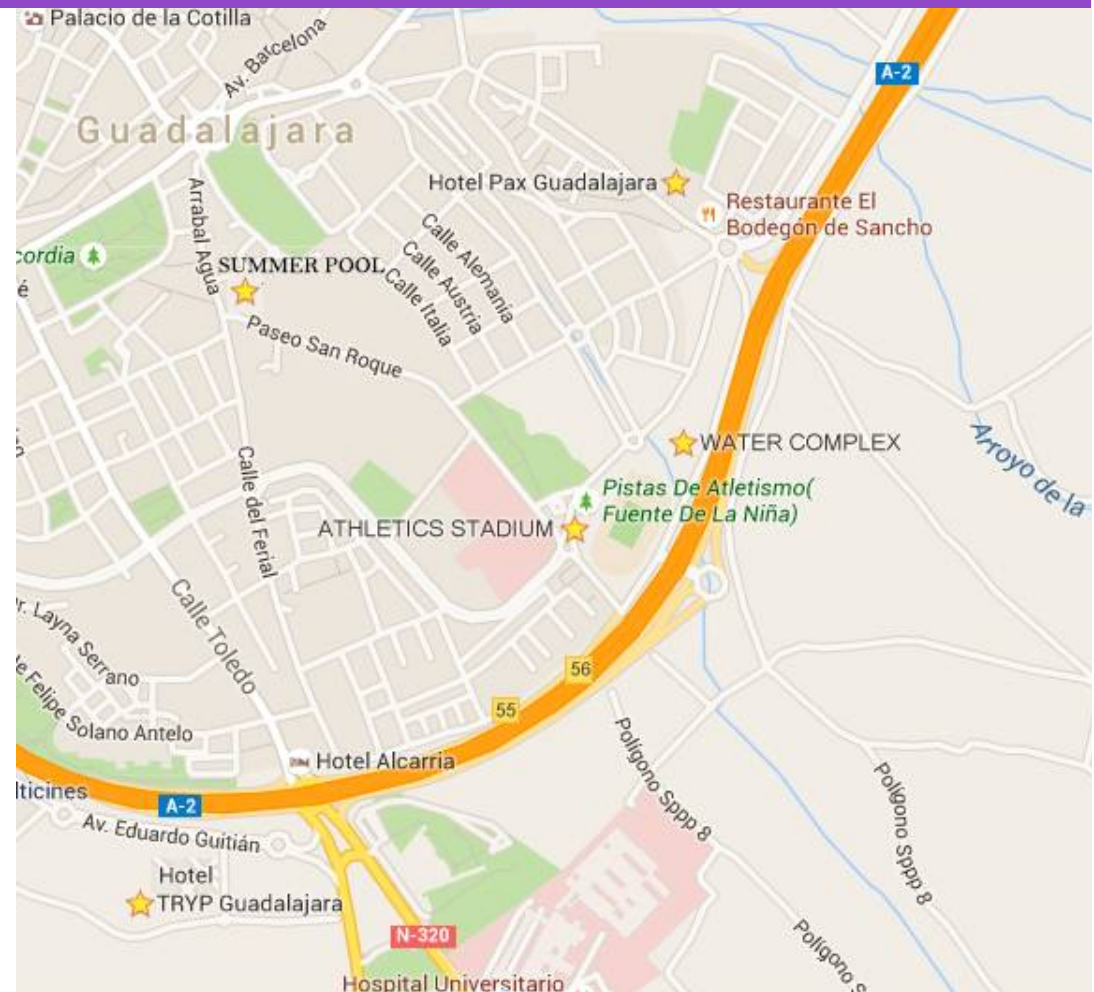

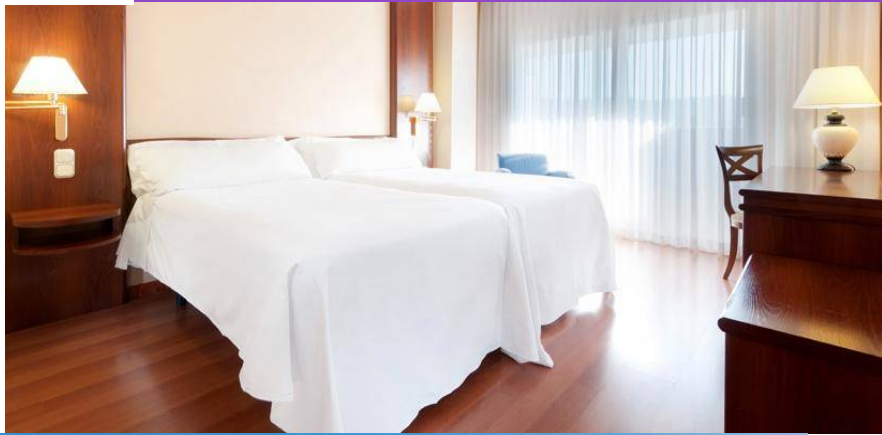

Accommodations - HOTELS

Hotels chosen for accommodation offer from spacious, bright fully equipped rooms to free digital satellite TVs, mini bars, free Wi-Fi internet access and all type of amenities.

Both of them are used to have sport guests and are concerned on their special needs on meals and bed sizes.
