

Truss Design Review Waiver

Engineering and Development Services 14455 W. Van Buren St, Bldg. D, Goodyear, AZ 85338 (623) 932-3004, Opt. 2

This waiver may be used in lieu of city review of prefabricated trusses for construction documents that are designed by an Arizona Licensed Design Professional. The applicant must submit this waiver with original signatures, along with the initial submittal of construction drawings.

Builder / Owner: _____

Standard Plan Number: _____ Elevations: _____

Property Address: _____

As the Arizona Registrant in charge of structural design of the building, I will review the approved fabricator's truss designs and related connections (including all revisions to the truss design) provided to me for compatibility with the above referenced project. I shall affix my shop drawing stamp or other means of identification, hand signed and dated to either the truss manufacturer's layout sheet, or to a letter of approval with an index of truss calculation sheets in said letter.

Printed Name of Registrant

As the owner/applicant, I agree that all truss design information will be provided to the registrant in charge of the structural design of the building for his/her review, including the use of alternate fabricators, alterations from the original truss design, or a change in truss placement. The foregoing material shall be provided to the design professional in ample time for a proper review to be performed to permit the approved truss design packet to be available to the inspector prior to trusses being set in place.

Truss design calculation sheets shall be sealed, hand signed, and dated within the current code edition as adopted by the City of Goodyear. The truss fabricator shall have a current third party quarterly inspection report performed by an approved inspection agency. A complete set of the engineered truss calculation sheets, including a legible truss layout sheet, and either the Arizona Registrant's letter of approval with index of truss calculation sheets or the Arizona Registrant's shop drawing stamp affixed to the truss layout sheet shall be included with the city stamped "Job Site Approved" set of plans prior to the trusses being set in place.
