Non-billable subtotal:	\$12,163.00	\$11,943.00
Total:	\$38,869.00	\$38,499.00

Notes:

The tuition rate and UM on-campus costs are sourced from <https://finaid.miami.edu/cost/> which lists the current cost to attend UM for an academic year (fall and spring). These amounts were divided by 2 to determine the UM cost of attendance for 1 semester.

The Health Insurance rate above is half of the 2018-2019 UM student health insurance plan. Students may choose to use their personal insurance rather than purchase the UM insurance.

Please note that the expenses listed in this budget sheet are for a typical term on the program. Program related expenses will vary based on factors including but not limited to the current exchange rate, number of credits enrolled, choice of housing and meals, and individual spending habits.
