We had a section for parents to write any comment they wanted to share. Here are some QUOTES from parents, I tried to get a full snapshot of the variety of comments that were shared.

"We realize the situation will continue to change day to day throughout the next several months and would like the option to pull out from attending camp up to a week before the camp begins and still receive a refund."

"My kids LOVE camp! I love camp. We'd love to attend, but I worry significantly because of financial reasons."

"Praying for God's will and direction for you all. I know it's a hard decision to make. We so appreciate you sending this survey to us."

"Thank you for not cancelling just yet. I believe 100% in moving forward with wisdom but not fear. I believe the kids need this now more than ever."

MORE QUOTES FROM PARENTS:

“I think this is a tough decision. I don’t want it cancelled if it’s not necessary, but don’t want to cause anyone to get sick. I think if we follow CDC guidelines and seek medical advice we will be fine at camp.”

“I think it’s ridiculous that you are not making an executive decision on this and leaving it to the parents to fill out a survey.”

“No masks for kids please! Our kids in general have been stressed and traumatized as much or more than the parents. They need camp this year!”

“This is one of my kids last year to go to camp. She’s been looking forward to it all year. She would be devastated if it were cancelled. Please do all you can to make this happen. Your efforts are appreciated.”

“Please cancel Camp.”

“Let’s have Camp PLEASE!”

“Be Safe but also Be Sensible.”
