RAPID PERSONAL CONTRACT PLANS FROM €249

ŠKODA PCP Solutions gives you flexible finance options and the convenience of a guaranteed future value (GFV) of your new ŠKODA Rapid.

A Rapid Personal Contract Plan is based on a hire purchase agreement with a difference! At the end of your contract you may choose to change your Rapid for a brand new ŠKODA model, keep it or simply return it to your dealer.

You pay a small deposit (as little as 10% of the purchase price) and benefit from attractively low monthly instalments and a guaranteed future value of your new Rapid. What's more, the monthly rentals can also include the cost of servicing for three years as per the example on the right.

Finance Example: Rapid Spaceback 1.0 TSI 95bhp Active

On the road price	€20,210
Deposit	€6,000
Optional final payment (or GFV)	€6,811
Term (months)	36
Cost of credit	€1,247
APR	3.9%
Monthly Payment including 3-years servicing	€249

RAPID SPACEBACK PRICE LIST

HOW DOES A PERSONAL CONTRACT PLAN WORK?

- › Receive a guaranteed future value (GFV) for your new ŠKODA Rapid to defer until the end of the agreement; this will make your monthly repayments lower.
- › Pay a deposit made up of part exchange or cash – of as little as 10%.
- › At the end of your repayment term you have three choices:
 1. Part-exchange your Rapid for a brand new ŠKODA.
 2. Pay off the optional final payment so you own the car (or refinance, subject to credit approval).
 3. Return the car to your dealer and pay nothing more (subject to acceptable vehicle condition).

ACTIVE

The standard equipment of the Active version includes electrically adjustable exterior mirrors, front electric windows, front fog lights and more.

ŠKODA Terms & Conditions

The information, images and content presented in this catalogue/brochure/price list are used for illustrative purposes only and are not intended to form part of any contract or warranty. They display pre-series left hand drive vehicles and certain illustrations, features, parts, colours and equipment may differ from the actual production cars and from what is offered in Ireland. Errors may occur and prices and specifications may change without prior notice. For exact specification and technical details please discuss with your ŠKODA dealer in advance of placing your order. All prices displayed exclude recommended delivery charge of €750. Metallic paint costs are not included and vary from model to model.

* Since September 2017, a new European Union developed test called the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) is being rolled out on a phased basis as new vehicle models come to market. This applies to all vehicle manufacturers and replaces the New European Driving Cycle (NEDC) test procedure for establishing the official fuel consumption and CO2 emissions figures for new vehicles. The pricing in this promotional catalogue is based on emissions data for ŠKODA vehicles (produced prior to 30th July 2018) that have not been tested under the WLTP and will differ to the declared values for vehicles produced after this time. Different emission values could lead to an increase in Vehicle Registration Tax that may in turn lead to an increase in price. Annual Road Tax may also be affected. Please consult your dealer before placing your order.
