Diamond Cleaning System

Just add water

4 Step System - Cleaning and Polishing

Twister™ Red
400 Grit

For heavy duty cleaning of worn stone floors. Twister™ Red will effectively remove scratches and stains from the floor and leaves a clean, matte surface prepared for the subsequent Twister™ steps.

Use on machines up to 350 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

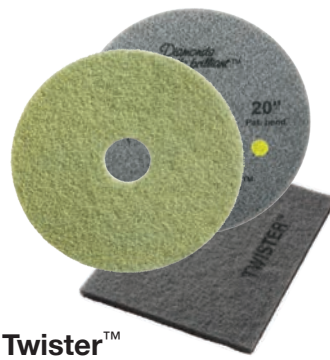

Twister™ White
800 Grit

Twister™ White will effectively remove light scratches and stains from the surface and leaves a clean, matte surface prepared for the subsequent Twister™ steps.

Use on machines up to 3000 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

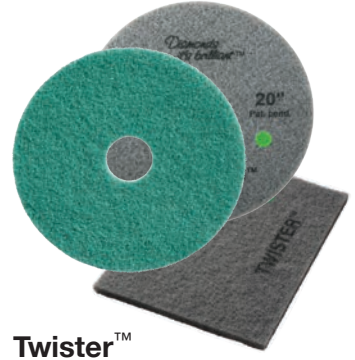

Twister™ Yellow
1500 Grit

The Twister™ Yellow begins the polishing process. The Yellow pad brings out the initial luster of the floor's surface and prepares the floor for the final step of high gloss maintenance.

Use on machines up to 3000 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

Twister™ Green
3000 Grit

The Twister™ Green is the final step in this process and will bring out a high gloss appearance on stone, terrazzo, smooth concrete, VCT and linoleum. The Twister™ Green is also ideal for daily maintenance.

Use on machines up to 3000 rpm.

Available in standard round pads for rotary machines and rectangular pads for oscillating machines.

Note: When placing a Twister™ pad on a floor machine, the gray printed side is placed facing the machine and colored side facing the floor.

Super Life System - Cleaning and Polishing - Coated Floors

Twister™ Purple

Twister™ pads work effectively in daily cleaning on all coated floors. A Twister™ Purple pad and water is all that is required to remove dirt from the floor. For optimal shine, buff the floor using a Twister™ Gray pad on a high-speed burnisher.

Use on machines up to 350 rpm.

Twister™ Gray

The Twister™ Gray pad has been specifically developed and designed for coated floors in high traffic areas. Produces a super high gloss finish when burnishing floors.

Use on machines up to 3000 rpm.

Twister™ Red may also be used for deep cleaning or scrub and recoat applications.

Twister™ Starter Pack Plus

The Twister™ Starter Pack Plus contains 4 essential pads for the ultimate results when using the Diamond Cleaning System. Contains:

- 1 Twister™ Red
- 1 Twister™ White
- 1 Twister™ Yellow
- 1 Twister™ Green

Twister™ is ideal for use on:

- Natural Stone
- Terrazzo
- Vinyl
- Linoleum
- Ceramic
- VCT
- Rubber
- Wood
- Concrete

Hybrid™ Restoration System

For use on concrete, terrazzo and marble floors.

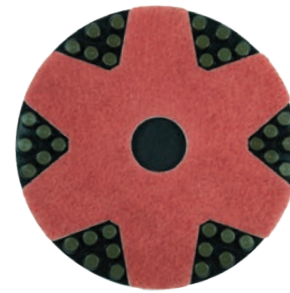

The Hybrid™ method is a combination of both light grinding and the Twister™ maintenance method that will refurbish a worn stone floor with major scratches or "orange peel". Start with the Hybrid™ Black disc and immediately follow up with the Hybrid™ Red disc for light grinding of the stone surface. Finish by using the standard Twister™ process to bring up the shine.

The Hybrid™ tools consist of three different items; the pad holder, the pad and segments. The pads are sold in pairs and the holders individually. The segments are sold in boxes of six.

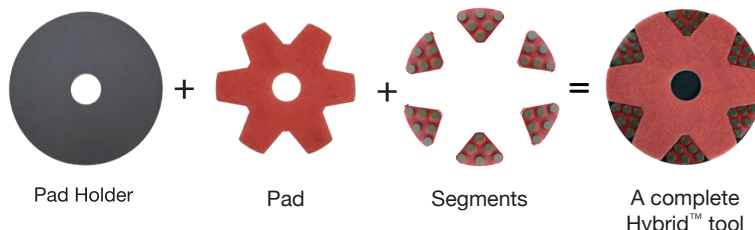

Hybrid™ Red

Removes scratches, wear and staining on natural stone and terrazzo floors.
Use on machines up to 350 rpm.

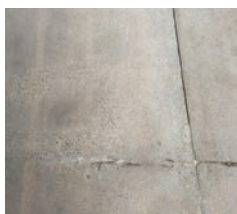

Hybrid™ Black

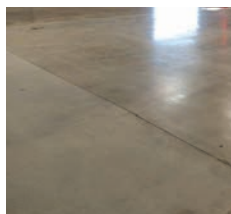

The Hybrid™ Black is the most aggressive of the Hybrid™ series. It will remove minor scoring, lippage, excessive wear and staining.

Poor Condition	 Hybrid™ Black	 Hybrid™ Red	 Twister White	 Twister Yellow	 Twister Green
"Orange Peel" or Small Scratches		 Hybrid™ Red	 Twister White	 Twister Yellow	 Twister Green

Before – Bare Concrete Surface

After – Complete Hybrid/Twister Restoration

Hybrid™ consists of diamond segments in two different grit sizes, combined with a diamond impregnated pad attached to a soft Velcro holder. Available in 13", 14", 17", 20" and 21" sizes. Hybrid™ works on all single head scrubber machines. For large areas use auto scrubbers with sufficient down pressure.

A brilliant cleaning result every day

The Twister™ is a revolutionary cleaning system consisting of floor pads containing billions of microscopic diamonds which clean and polish the floor mechanically instead of using chemicals. Twister™ can be used on most common floor surfaces such as terrazzo, natural stone, concrete and VCT. Twister™ transforms dull, worn floors into clean, glossy and brightly polished floors. Twister™ is a cost efficient and environmentally friendly method to clean and maintain a floor's appearance.

Environmental sustainability

- Reduced chemical usage - only water needed in daily cleaning and buffing
- Fiber made from 100% recycled PET plastic

User friendly

- Pads fit all types of machines
- Cleaning routine remains the same

Outstanding quality

- High level of gloss
- Extreme cleanliness

Cost efficient

- Reduces cleaning time
- No periodic maintenance needed
- Long pad lifetime
- No chemicals needed

Diamond Cleaning System

Twister floor maintenance guide

Floor type	How to clean with Twister™	Recommended products	
Polished Concrete	Daily maintenance with Twister™ Green. Dry buffing is effective for higher gloss.	Hybrid™ Red ● Hybrid™ Black ●	Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ●
Terrazzo Marble Limestone Travertine	Ideal for upgrading and daily maintenance with Twister™ Green. Dry buffing is effective for higher gloss. On surfaces in good condition, treated with chemical crystallization, use only Twister™ Green for maintenance.	Hybrid™ Red ● Hybrid™ Black ●	Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ●
Vinyl (VCT)	For use on coated floors only. Twister™ Red can be used in scrub and recoat applications. Use Twister™ Purple for routine maintenance and Twister™ Gray to achieve a high shine on finishes in good condition.		Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ● Twister™ Purple ● Twister™ Gray ●
Rubber Flooring	Ideal for daily cleaning and polishing.		Twister™ White ○ Twister™ Yellow ● Twister™ Green ●
Ceramic Tile, Glazed Ceramic Tile, Unglazed Quarry Tile Porcelain Terra Cotta	Deep clean with the Twister™ Yellow pad and clean daily with the Twister™ Green pad.		Twister™ Yellow ● Twister™ Green ●
Resin Floor (Epoxy, Acrylic)	Older, heavily soiled floors can be cleaned with Twister™ Red. Use Twister™ Green for routine maintenance.		Twister™ Red ● Twister™ White ○ Twister™ Yellow ● Twister™ Green ●
Linoleum	Daily maintenance with Twister™ Green or Purple. Polish with Twister™ Gray.		Twister™ Green ● Twister™ Purple ● Twister™ Gray ●
Wood Floors	Finished wood flooring may be cleaned with Twister™ Green or Purple and polished with Twister™ Gray.		Twister™ Green ● Twister™ Purple ● Twister™ Gray ●
