PERSONAL LAND SEARCH AND RESCUE LOGBOOK

PURPOSE

To facilitate the recording of training, courses and SAR incidents for each individual on a land search and rescue team.

When a person moves to another jurisdiction, the log may be presented to the head of the team he/she wishes to join.

The log is a personal record of all SAR related activities. The log is proof of participation.

CERTIFICATION

Each entry must be certified by a qualified person from the team which the individual is a member of.

STANDARDS

The standards appearing herein are the minimum standards considered necessary for SAR in this jurisdiction.

It is recognized that local/regional requirements will determine additional standards/qualifications for that area. A description of the additional items should be appended to this logbook.
