FOR IMMEDIATE RELEASE

December 2021

It's a wonderful time to recycle with Kern County Public Works' Christmas Tree Recycling Program *Kern County residents can recycle their Christmas tree at various locations throughout the County*

As we celebrate the joyous holiday season and New Year to come, Kern County Public Works would like to remind residents to keep in mind the farewell side of the festive season by providing residents an opportunity to recycle one of their main and most cherished centerpieces – the Christmas tree!

Each year, Kern County Public Works promotes the Christmas Tree Recycling Program, which runs from Sunday, December 26, 2021 through Monday, January 10, 2022. The program encourages residents throughout the County to recycle their Christmas trees at various County and partnership locations and prevent trees from being illegally dumped or improperly recycled in the residential greenwaste container.

Kern County residents can recycle their Christmas trees in one of the following ways:

1. In the Metro Bakersfield area, residents can place Christmas trees into their greenwaste container, as long as the tree is **cut into small pieces to fit in your container and all decorations and lights are removed. The container lid must be able to securely close.** Whole trees and flocked trees are not accepted. Not in Metro Bakersfield? Check with your local hauler to see what options are available!
2. Residents can self-haul whole Christmas trees to one of 24 drop-off locations throughout Kern County (see attached list) from December 26, 2021 through January 10, 2022.
3. Compost at Home! Your Christmas tree can be cut up and used in your compost pile as part of your healthy compost mix. Make sure it's free of flocking or other contaminants!

If you prefer to take your Christmas tree to one of the drop-off locations, please tarp and secure your load properly. **Don't forget to remove all ornaments, bulbs, lights, decorations, and plastic or metal tree stands prior to dropping off your Christmas tree. No flocked trees.**
