

Email Writing to Teacher

Subject: Request for Clarification on Mathematics Assignment

To: Mrs. Thompson (teacher@example.com)

Bcc:

Dear Mrs. Thompson,

I hope this email finds you well. I am writing to seek clarification regarding the Mathematics assignment that was given to us on June 3rd, 2024.

While working on the problems, I encountered some difficulties with question 5 related to quadratic equations. Despite my efforts to solve it using the methods discussed in class, I am unable to arrive at the correct solution.

Could you kindly provide some additional guidance or resources that might help me better understand this topic? If possible, I would appreciate it if we could discuss this after class or during your office hours.

Thank you very much for your time and assistance. I look forward to your response.

Sincerely,

[Your Full Name]

Class 11A
