

## **Project Planner**

Requisition #: 120006IN030

Status: Full Time

Location: Indianapolis

Department: Planning Group

Qualifications: A bachelor's degree in Urban Planning, Landscape Architecture, or a related field is required; master's degree strongly preferred

### **Description:**

Mid-level Position

AICP: Desirable (applicant should be eligible for AICP certification)

American Structurepoint, Inc., a full-service Architecture, Engineering, and Consulting firm, is seeking a Project Planner to produce numerous projects for public and private sector clients throughout Indiana and Ohio. The Project Planner position will be an integral part of a rapidly expanding Urban Planning & Economic Development practice within the firm.

Under the direction of a Senior Planner, this position will responsible for ordinance development, research and crafting elements of strategic and comprehensive plans, and assisting in urban design activities. Additional duties may include: Preparation & facilitation on public meetings and workshops; Public and client presentations; Economic and demographic analysis; land-use analysis; and research/support of business development activities.

A bachelor's degree in Urban Planning, Landscape Architecture, or a related field is required; master's degree strongly preferred. The ideal candidate will be self-motivated, display excellent written and oral presentation skills, and will possess the ability to work with the public. Proficiency in Adobe Suite, ArcGIS, and MS Office is required. Preference will be given to those candidates able to perform in a fast-paced environment, both on independent basis as well as in teams. Business travel will be necessary.
