

Senior Graphic Designer Cover Letter

9486 Nestor Park
Dariashire, MT 56232

Dear Alexis Toy,

I submit this application to express my sincere interest in the senior graphic designer position.

Previously, I was responsible for creative design expertise across a range of projects from layout and artworking through to concept development.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Work collaboratively with others, incorporate feedback and direction from the Creative Director, and maintain a positive, service oriented attitude
- Use interactive technologies and to create new methods for combining software and graphic packages to address communication and visual product goals
- Understand communication goals and concepts, translate University communication needs into artistic designs to maximize the impact and message to the intended audience and convey them graphically
- Prepare specifications for printing and other services and work with vendor services on projects
- Effectively use applicable graphic design and desktop publishing software packages to create visual material, and maintain currency with new and upgraded applicable computer software packages and systems
- Create strong visual solutions for research based information, such as market reports and newsletters
- Works effectively in a fast-paced, deadline driven environment and consistently demonstrates a high level of organization
- Understanding of color conversion for web and print, optimization and sizing for web graphics

Thank you for taking your time to review my application.
