

## Proposal Evaluation Format

### Significance and Innovation

1. Is the Project Scientifically/Academically significant?

--Select--

2. Is there any innovation in the approach?

--Select--

3. Can the project generate

New Knowledge

--Select--

New Methods

--Select--

New technology

--Select--

Any Other Comments

--Select--

### Approach and Work Plan

Is there a clear hypothesis that drives this work

--Select--

Is the research plan clearly presented and realistic

--Select--

Is Proposed Schedule clearly indicated

--Select--

Are Research Objectives clearly presented

--Select--

Are Proposed Methods appropriate for the project

Is it a 5-year grant proposal (If Yes)

--Select--

Is preliminary data given by PI

--Select--

Is the preliminary data relevant to the work plan

--Select--

### Researchers and Environment

Do the researchers have the necessary expertise and to carry out this Project

--Select--

Is the Project management and the division of labor appropriate and well-planned?

--Select--

Is the institutional environed (e.g. space, facilities, colleagues, etc.) Supportive of this research?

--Select--

Significance of the project for doctoral and post-doctoral training?

--Select--

If a consortium is involved, what is its significance? Do the various parts complement each other?

--Select--

### Budget

Is the proposed budget appropriate? (If No) Please Elaborate

--Select--

**Are the requested equipment required? (If Yes)**  
**Please Elaborate**

**Is the manpower requirement appropriate? (If Yes)**  
**Please Elaborate**

### **Ethics and Bio Safety**

**Does this research involve human subjects? (If Yes)**  
**Please Elaborate and a plan for their protection**

**Does this research involve vertebrate animals?**  
**Please Elaborate**

**Is there a clear justification and a plan for their protection?**

--Select--

**Is there a clear justification and a bio containment plan?**

--Select--

**Does this research involve?**

--Select--

### **Overall Evaluation**

**Please provide a one-paragraph summary of your evaluation and a clear recommendation with justification.**

**What are the main strengths of this proposal?**

**What are the main weaknesses of this proposal?**

**Final Recommendation**

**Comments/Remarks**
