

2021 - 2022 ETJ Plat Exemption Letter Application

The following website can be used to help determine if your property has been platted:

<https://gis.bisclient.com/Johnsoncad/>

If your property has been platted it should include Lot & Block information and the name of the subdivision. If the parcel(s) Legal Description at the referenced website has abstract (ABST) or survey information instead of Lot & Block information then it is most likely not platted. If your property has not been platted you may be required to plat prior to Johnson County issuing a Development Permit.
