Subject: Application for Group Exemption Letter

Dear Sir/Madam,

We, Save The Streams Nonprofit, a nonprofit organization with federal tax exemption under IRC Section 501(c)(3), hereby apply for a Group Exemption Letter to include our subordinate entities listed in the attached Schedule A.

Our organization was established on January 12, 2000, and our EIN is 12-3456789. We seek to include our subordinates to simplify the management of tax-exempt statuses under a group ruling, which will foster better compliance and governance across our network.

**Structure and Control:** We exercise general supervision or control over our subordinates as evidenced by our annual reporting requirements, uniform operational guidelines, and centralized administrative services.

---

**Eligibility:** All subordinate organizations operate exclusively for environmental conservation purposes and adhere to the standards set forth by Save The Streams Nonprofit.

**Documentation Attached:**

1. A detailed list of subordinate organizations including names, addresses, and EINs (Schedule A).
2. A copy of our articles of incorporation and bylaws.
3. A declaration of our relationship with the subordinates, including the nature of control.
4. A sample copy of a subordinate's organizing document (if different from the parent).

We request the IRS to process our application and issue a Group Exemption Letter, allowing our current and any future entities that meet the eligibility criteria specified to benefit from the group exemption ruling.

Thank you for considering our application. Please contact us at +1 (614) 555-0123 or [contact@savethestreams.org](mailto:contact@savethestreams.org) should you require any further information or clarification.

Sincerely,

**John Doe**  
**Executive Director**  
**Save The Streams Nonprofit**
