TA Script of Student Directions

Smarter Balanced Online

Spring 2023

English Language Arts and Math

Summative Assessments

Test Administrators (TAs) are required to use this script when administering the Online Summative ELA and Math Assessments. *Translated Test Directions* are available in 14 languages on the WCAP Portal. The *Translated Test Directions* should be used in conjunction with this document to help support TAs and students with the login instructions.

Test Administrator Testing Supports

This document contains the TA script of student directions for the Smarter Balanced ELA and Math online summative assessment administration. It is required that TAs review this document before administering an assessment.

Contents of this document include best practices for testing (before, during, after) and the student directions. It is highly recommended that school districts allow students an opportunity to practice on the Practice and Training Tests before taking a summative test.

Pausing a Test

Click the **Pause**  button in the TA Interface to pause an individual student's test. TAs must be familiar with the pause rules for the test being administered. The rules for pausing a test vary based on whether students are taking the Computer Adaptive Test (CAT) or the Performance Task (PT) portions and by the content being assessed. Additional information about pausing a test is available in the [Pause Rule Summary](#) section. For complete details, refer to the General Rules of Online Testing section of the [Test Administration Manual](#) (TAM).

- If the TA Interface is closed while students are testing, the session will remain open until it times out after 30 minutes. The TA can open the browser and navigate back to the TA Interface. The TA will be prompted to enter the active session ID. If the current session ID was not retained, TAs will need to start a new session.
- Sessions are automatically logged out and closed after 30 minutes of TA or student inactivity. A new session ID would have to be created and students would have to log in to the new session to resume testing.
Students will not be able to return to CAT questions from previous sessions, even if the questions were marked for review.

Testing Over Multiple Sessions

The Test Delivery System (TDS) considers the ELA CAT, the ELA PT, the Math CAT, and the Math PT to be four separate tests that a student takes. Smarter Balanced recommends that students take each of these tests on separate days to minimize fatigue.

In addition, OSPI allows each of the four separate tests to be taken over multiple sittings and refers to them as "test sessions." These could be a morning session followed by an afternoon session, or a session on Monday followed by another session on Tuesday. Recommendations for the total number of sessions are listed in the Scheduling Time for Testing section of the TAM. For each session, allow approximately 10 minutes for students to review their answers for that session and ensure their final answers are recorded before pausing their test.

When testing is resumed, the TA will need to start a new test session. When instructing students to log in, TAs will read the un-italicized sections of the **SAY** boxes to the students beginning on page 12.

For additional information, see the Scheduling Time for Testing section of the TAM.

Calculator Resizing/Screen Resolution Information

Occasionally when the G6 math calculator is opened only the keypad can be seen. If this happens the student can use the resizing  icon to see the calculator so that the area displaying numbers entered or calculation results shows.

The issue can be avoided by setting the device's display scale to 100% to keep the amount of usable screen real estate within the 1024x768 minimum resolution for the WA Secure Browser.

Preparing for Testing

Before Testing (Day Prior or Morning of)

- ☐ Print this *TA Script of Student Directions*.
- ☐ TAs should try to maintain a calm and positive classroom atmosphere during the test administration. Before each test begins, the TA should encourage students to do their best.

During Testing

- ☐ Follow professional practices and test security protocols, as outlined in the [*Professional Standards and Security, Incident, and Reporting Guidelines*](#) (PIRG).
- ☐ At least one trained TA must be present to supervise students throughout the test session and until materials have been collected and accounted for.
 - Students left unattended will have their test results invalidated.
- ☐ Provide all tools, supports, and accommodations according to each student's plan.
 - If a student's accessibility features are unavailable, stop testing and notify your School Test Coordinator (SC) immediately.
- ☐ TAs must ensure that students do not have access to non-approved digital, electronic, or manual devices during testing.
- ☐ Follow recommended break schedules outlined in the *Test Administration Manual* (TAM).
 - Additional breaks may be provided based on student needs and TA judgment.
 - Students who have not completed the assessment must be monitored during breaks and lunches.
- ☐ Should a testing incident occur during your session, stop testing immediately and notify your SC.
- ☐ Share your plan for students who finish early.
 - Do students leave the testing room, and if so, where do they go?
 - If students remain in the testing room, what quiet activity is available?
 - Electronics are not permitted.
 - How are materials processed and accounted for?
- ☐ Each test-specific TA script must be used and followed exactly when a test is administered. When reading directions to students:
 - Read all directions in boxes next to the word **SAY** to students. Do not paraphrase the directions.
 - The italicized text outside of the **SAY** boxes is for the test administrator and should not be read to students.
 - Read the directions to students exactly as they are written, using a natural tone and manner. If you make a mistake in reading a direction, stop and say, "Listen again." Then read the direction

again. Deviating from the printed directions is a testing violation.

- You may repeat any part of the scripted directions as many times as needed.

- ☐ Do not provide students suggestions on how to respond to questions or evaluate student work.
 - See the [Supplemental Student Test Directions](#) for detailed instructions on TA support that is permitted during testing.

After Testing

Review and follow the instructions in the [Closing Out the Test Session](#) section, before releasing students from the testing location.

- ☐
 - All ancillary materials (i.e., graph paper, scratch paper, and test tickets) distributed during the test session must be collected and accounted for before releasing students from the testing location.

For additional information see Appendix C: Test Administrator Checklist in the TAM.

Summative – TA Instructions

Monitoring Test Progress

Once students have started their tests, Test Administrators (TAs) should circulate through the room to ensure all conditions of test security are maintained. If the TA witnesses or suspects a possible test security incident, the SC should be contacted immediately in accordance with your *Test Security and Building Plan* (TSBP).

The TA Interface automatically refreshes every minute. The TA can also refresh it manually by clicking the **Refresh**  button at the top of the page. Do not click the web browser's refresh button.

Students in your Test Session

Students' test statuses appear in the **Students in Your Test Session** table.

- Statuses include approved, started, in progress, review, completed, submitted, and paused.
- If the green **More Info** button displays, you can click on it to get more information.
- The progress bar indicates the percentage of questions a student has answered out of the total number of questions on the test. Use the **Refresh** button for the most accurate information.

Supplemental Student Test Directions

If a student asks for assistance with technology, TAs are permitted to:

- Re-read student directions in English.
- Re-read the *Translated Student Directions* in the student's home language or show the student where the text is in the *Translated Student Directions* if the student is reading those to themselves.
- Acknowledge that the student has used the system correctly.
- Redirect the student to tutorial videos on how to properly use the technology.
- Direct students to the keyboard or toolbar; however, TAs **may not** provide students assistance with tools.
- Advance computer screens or turn pages for print on demand papers.

Questions for Students Who Are Off Task

If you notice that a student is off task, you may read the statement below verbatim.

Off Task	SAY: It is important you do your best. Do you need to take a break?
-----------------	--

If the student responds with yes, you may read the statement below.

Off Task	SAY: Pause your test and take a break.
-----------------	---

Responses to Question Concerns

If a student is concerned about a question, you may support the student by reading one or more of the relevant statements below verbatim.

Question Concern	SAY: I cannot help you check your answers.
Question Concern	SAY: If you do not know how to enter an answer to a question, select Tutorial from the context menu to view a short video.
Question Concern	SAY: You can read the question again and think about what the question is asking you to do.
Question Concern	SAY: Try your best and choose the answer that makes the most sense to you.
Question Concern	SAY: Remember, you can use scratch paper to write down your ideas first. Enter anything you want to be scored into the online test.

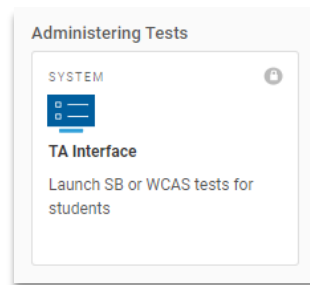

Creating a Summative Test Session

The online state assessments have two components. TAs use one component, the TA Interface, to create and manage test sessions. Students use the other component, the WA Secure Browser, to take the summative assessments.

A test session should not be started more than 20 minutes before students log into the test.

1. Access the WCAP portal homepage at <https://wa.portal.cambiumast.com>.
2. Select the test you are administering.
3. Scroll to the **All Systems Used in Summative Testing** section.
4. Click the **TA Interface** card.

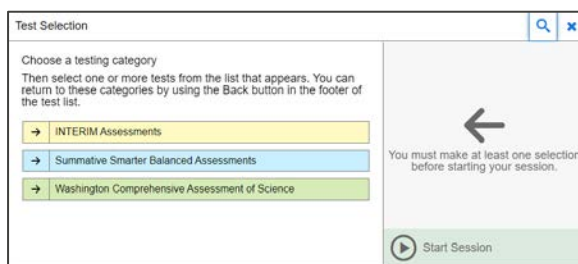

5. The **Login** page appears.
6. Enter your **Email Address** and **password**.
7. Click the **Secure Login** button.

Login

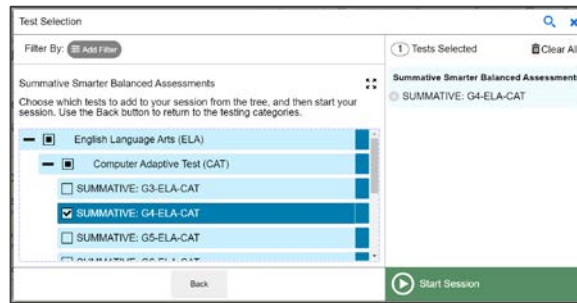

Some web browsers will need to have pop-up blockers disabled and the page refreshed before the Test Selection window can be accessed.

8. In the **Test Selection** window, click on the arrow in the blue section that says Summative Smarter Balanced Assessment.

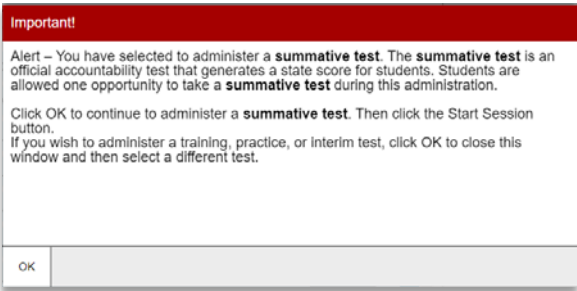

9. When you are ready to begin a test session select the test(s) to administer.

Highly Recommended: This example displays how to properly select test sessions on the test selection page. In this example “G4 ELA CAT” for Smarter Balanced is selected.

TAs must ensure that the correct summative test is being administered. It is highly recommended that TAs select only the test label for the test that is being administered now. This will ensure students can only log in to the correct test.

- A pop-up box will remind you that a summative assessment, which will generate an official student score, has been selected. Follow the directions in the box.

- Click the **Start Session** button. The system-generated session ID (see example “WA-FF5E-72) appears in the top-right corner of the screen. The session ID will need to be shared with students. TAs may write it on the board. Following security protocols, the TA should write down the session ID for their records, in case of session inactivity or a technology or system error that closes the session. Having the session ID will allow the TA to immediately resume the session without creating a new one.

- You will have students log in using the **Secure Browser** using their first name, SSID, and Session ID from step 11.

Operational Test Site

Sign In

13. Next you will approve students for testing after verifying student test settings are correct. Click the **Approvals** button to view the list of students awaiting approval.

- To review a student's test settings and accommodations, click the **Eyeball** button in that student's row.
- To approve an individual student for testing, click the **Checkmark** button.
- To deny a student for testing click the red **X** button and enter the reason for denial in the box. (The student will see the reason on their screen before their test logs out.)

To approve all students in the list for testing, click the **Approve All Students** tab at the top of the **Approvals** window.

Firstnm, Lastnm	111222914	1	Standard	<div><div></div><div></div></div> <div><div></div><div></div></div>

14. Monitor students' progress throughout testing. Students' test statuses appear in the **Students in Your Test Session** table. Students must always be supervised during testing, by a trained TA.

- Statuses include the following: approved, started, in progress, review, completed, submitted, and paused.
- The **Progress** column progress bar indicates the percentage of questions a student has viewed, out of the total number of questions.

Click the **Pause** button to pause an individual student's test. If a student's test is paused for more than 20 minutes, the test will return the student to the last page that contains a blank question and the student will not be able to access any previous test pages.

Tests with potential issues move to the top of the screen and the **Students in Your Test Session** table turns red. To check the test with potential issues, click on the green **More Info** button in the **Status** column.

Firstnm, Lastnm Student ID 111222624	1	SUMMATIVE: G4-ELA-CAT	4%	Paused, 13 min More Info	Standard	

The progress percentage bar in the TA Interface may show as partly yellow. This happens when the student interacts with questions out of order on a page with multiple questions. When the student completes all questions on the test page and moves forward, the yellow in the progress percentage bar will disappear and return to fully blue.

15. When the test session is over:

- Click the **Stop** button to end the session and automatically pause any in-progress tests in your session.
- Click the **Log Out** button to exit the Test Administration site. Once a test session is stopped, it cannot be resumed. If students need to continue testing, you will need to start a new session.

Summative – Student Directions

Before you begin administration of the online ELA or mathematics summative assessments, verify that you have all the necessary materials to support the testing session.

- graph paper (mathematics)
- headphones (ELA CAT)
- scratch paper
- test tickets
- two sharpened pencils with erasers

Student Log in and Test Directions

Read the student **SAY** directions verbatim to the students. Each **SAY** box has a label to the left specifying whether the instructions should be read for all tests or only read for certain tests. Let students know what types of activities are permitted if they finish testing early, cell phones and non-approved electronic devices are not permitted in the testing location.

ALL	SAY: If you have a bag, cell phone, or any other electronic device, raise your hand and I will show you where to put it. If you have a cell phone or other electronic device during the test, it will be reported and you will get a zero on your test.
------------	--

Pause. Show students where to place their electronics and bags. Students should not retrieve their cell phones, or other non-approved electronic devices at any time during their tests, including during breaks. Test scores will be invalidated for any student who is in possession of a cell phone or non-approved electronic device during testing.

ALL	SAY: I am now going to pass out your test materials.
------------	---

Pass out test tickets, scratch paper, pencils, and headphones (ELA CAT). Graph paper must be passed out to students taking the grades 6–high school mathematics test and made available to students taking the grades 3–5 mathematics test.

ALL	SAY: Print your name on each piece of paper. You can use the paper during the test, but answers on paper will not be scored. Enter anything you want scored into the online test. I will collect the papers at the end of the test session.
------------	--

Pause. Allow students time to write their names on the paper. Show students where additional graph paper or the scratch paper is available if needed.

Students will click on the WA secure browser icon on their screens to launch the student test interface.

ALL	SAY: Find the secure browser icon on the computer screen. If you need help, raise your hand.
------------	---

Pause. Assist students as needed.

ALL	SAY: Open the secure browser. You will see the Please Sign In page. If you need help, raise your hand.
------------	--

Please Sign In

This is the Operational Test Site. If you wish to take a practice test, please click the button below.

SY 2022-2023

Pause. Assist students as needed. In the next step, students will enter their information exactly as it appears on their test ticket.

ALL SAY: Type your first name into the "First Name" space.

Pause.

ALL SAY: Type your SSID number into the "Student ID" space.

Pause. If you have not already done so, write your session ID on the board now.

ALL SAY: Type the session ID into the "Session ID" space. If you need help, raise your hand.

Pause. Ensure that all students successfully entered their information as it displays.

ALL SAY: Now click **Sign In**.

If a student is unable to log in, a message appears with the reason (an invalid SSID, for example). If a student receives this message, verify the student has correctly entered their name, SSID, and session ID. If the student is still unable to log in, notify your SC.

*On the next screen, students will confirm that their information is correct, then click the **Yes** button. If corrections are required, contact your SC to make the corrections in TIDE. The student should not continue until the information is correct.*

Washington Office of Superintendents of
PUBLIC INSTRUCTION

John (Student ID: 999999763) (4/1/2022)

Is This You?

Please read the information on this screen. Is it correct? Listen to your TA for what to do next.

First Name: John Grade: 03

SSID: 9999997635 School: Demo School 999901

ALL SAY: You will see the **Is This You?** page. Make sure your name, grade, and SSID are correct.

Pause. Assist students as needed.

ALL SAY: If everything on this page is correct, click **Yes**. If the information is not correct, raise your hand.

Pause. Assist students as needed.

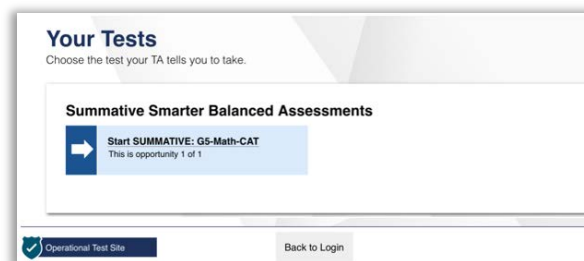

*On the next screen, students will choose the test that you are administering. In the next **SAY** box, you will instruct students to select the correct test. Make sure that all students have logged in and are at the **Your Tests** screen.*

ALL

SAY: Now click **Start Summative: Grade** _____

If multiple tests were selected by the TA, students will have the ability to select any of the tests, including the one that is intended to be administered in this session. TAs are responsible for verifying each student asks to join the correct test, before providing approval. If the incorrect test is displayed for students, deny students entry into the test. Add the correct test to the test session and have students repeat the login process.

If students began testing on a previous day "Resume" will display instead of "Start." For this situation, you will read the next SAY box and then move directly to the [Continuing Testing after a Pause](#) section.

Resuming
Testing

SAY: If you previously started the test but did not finish, the word **Resume** is next to the test name. Click **Resume**.

The next two pages of instructions are for students logging in to the test for the first time.

ALL

SAY: You will see the **Waiting for Approval** page. Please wait for me to approve your test.

The TA will need to approve students in the TA Interface for this test.

ELA CAT or
Using
Headphones

SAY: The **Audio Playback Check** page helps you know if the sound on your computer is working. Put your headphones on and click the speaker button. If you did not hear the sound, click **I did not hear the sound** and raise your hand. If you hear the sound, click **I heard the sound**.

Pause. Assist students as needed to adjust the features of the audio so it is acceptable to the student.

Students who have the text-to-speech designated support or the speech-to-text accommodation will first see a screen to check on the audio settings. Assist students individually to follow the directions on the screen for each device check, then proceed to the next SAY box for all students. Contact your SC if you need assistance.

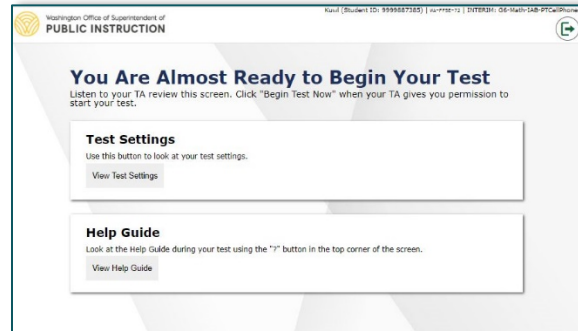

If a student's volume is not working, troubleshoot basic steps such as ensuring that the headset is fully plugged in, mute is not selected, and the volume setting is turned up. You may need to have the student log out and close the Secure Browser to make these changes. If the student is still experiencing issues, contact your school Technology Coordinator or the WA Help Desk toll-free at 1-844-560-7366 or wahelpdesk@cambiumassessment.com

ALL

SAY:

You will see the **You Are Almost Ready to Begin Your Test** page. Click **View Test Settings** to make sure your settings are correct. If your test settings are correct, click **OK**.

If your test settings are not correct, raise your hand.

Pause. Assist students as needed. If settings are not correct, do not allow the student to begin testing. Pause the student's test and contact your SC to change the settings in TIDE.

ALL

SAY:

Now click **View Help Guide**.

*Pause. Assist students as needed and make sure that all students see the **Help Guide** screen for "Math and ELA Smarter Balanced"*

ALL

SAY:

Please read the Help Guide carefully. It has information about moving through test questions and pausing the test. The Help Guide also contains information about the test tools.

Pause. Allow students time to review the online test directions.

ALL

SAY:

You can see the Help Guide any time during the test by clicking on the question mark icon on the top right corner of the screen. If you have any questions, raise your hand.

Pause. Answer any questions that the students might have. You may read directly from the Help Guide or paraphrase the information to support student understanding.

ALL

SAY:

Click **Back** to close the Help Guide.

Pause.

ALL

SAY:

During the test, you must answer each question on the screen before moving on to the next screen. It is important to give your best answer to each question. Some questions have more than one part. You can scroll down the screen to see all the parts of a question.

Pause.

CAT ELA and CAT Math	SAY: If you pause the test for more than 20 minutes, you will not be able to go back and change your answers, even for questions you marked for review. If you need to pause your test and take a break, raise your hand.
-----------------------------	---

Pause.

PT ELA 3-HS & CAT Math 6, 7, 8, HS	SAY: This test is divided into two parts. When you get to the end of the first part, you will be prompted to review your answers before moving on to the second part. Once you move on to the second part, you will not be able to go back and change your answers in the first part.
---	---

Reminder for the ELA PT: *you will need to approve students in the TA Interface when they are ready to move from Part 1 to Part 2. Pause to answer any questions. When you are sure students understand the directions, continue.*

Test Sessions

Read the appropriate box for your testing situation. Boxes labeled with ALL will be read for all testing situations. If your approved testing schedule requires that a test be completed in one session, read the next SAY box.

1 Session	SAY: You will finish the test today. When you finish, please check your work and make sure you answered all the questions. Raise your hand when you are done. If you have any questions, raise your hand.
------------------	--

If testing will be completed in multiple sessions, read the next SAY box while filling in the blanks to fit the approved testing schedule.

Multiple Sessions	<p>You will have ____ sessions to complete the test.</p> <p>For this session, we will stop after ____ minutes. Then you will have 10 minutes to check your answers.</p> <p>SAY: Read only for CAT tests: When you return to your test [tomorrow or on a subsequent day], you will not be able to go back and change your answers to any question you have answered today.</p> <p>If you have any questions, raise your hand.</p>
--------------------------	---

Pause. Answer any questions that the students might have.

ALL	SAY: Look at the Additional Test Information . It says, "By clicking Begin Test Now , I understand this test is private and that I cannot copy or talk about any part of this test with anyone." If you have any questions, raise your hand.
------------	---

Pause to answer student questions. If students have concerns, assure them that you can assist them during the test, but this statement is a reminder that they should not talk about the passages or information sections, the questions, or their answers on the test outside of the testing room or (as an example) on social media.

ALL	SAY: If you reach the Attention box that says you have answered all the questions, stop and raise your hand.
------------	--

Pause.

ALL	SAY: When you are ready to begin, click Begin Test Now .
------------	--

Monitoring Testing

As students are testing, you should circulate through the room to ensure that all conditions of test security are maintained and that students are working independently. Refer to the [Monitoring Test Progress](#) section for more details. When a student is off task or asks for assistance, refer to the [Supplemental Student Test Directions](#) for statements you can read to students.

When there are approximately ten minutes left in the test session, the TA should give students a brief warning:

ALL	SAY:	You have 10 minutes left to test. Finish the question(s) you are working on. Then check your answers to all questions you answered. When you are done, raise your hand.
CAT ELA	SAY:	If you are working on a test page with questions for a reading passage, please finish all the questions on that page.

If students are completing and submitting their test today, go to the [Ending Student Tests](#) section. If students will be continuing their test in subsequent sessions, go to the [Pausing for Multiple Sessions](#) section below.

Pause Rule Summary

Pause less than 20 minutes

Direct the students to use the **Pause** button to log out of their test. Watch the time on the TA Interface to make sure the student logs back into their test before the 20 minutes is over. When they log back in:

- **ELA CAT:** Students can return to previous test pages and change their responses to any question.
- **ELA PT:** Students can return to the current segment (either PT1 or PT2) and change their responses to the question in that segment. If before pausing, the students moved past the review screen and segment break (between PT1 and PT2), they will not be able to return to PT1.
- **Math CAT:** Students can return to previous test pages and change their responses to any question. Grades 6, 7, 8, and high school: If before pausing the student moved past the review screen and segment break (between the calculator and non-calculator sections), they will not be able to return to any question in the first segment.
- **Math PT:** Students can change their responses to any question.

Pause for 20 minutes or longer

Students should be sure their answers are complete before pausing the test. This includes questions they marked for review or where they started typing something in the response box (even gibberish text). Best practice is for students to finish the question or questions on a page and then click the **Pause** button before clicking the **Next** button. Use the **SAY** box on the next page to prepare for any pause longer than 20 minutes (e.g., lunch). When they log back in:

- **ELA CAT:** Students will see the next test page with unanswered questions. Students will not be able to access any questions on previous test pages, even questions they marked for review.
- **ELA PT:** Students can return to the current segment (either PT1 or PT2) and change their responses to the question in that segment. If before pausing, the students moved past the review screen and segment break (between PT1 and PT2), they will not be able to return to PT1.
- **Math CAT:** Students will see the next test page with unanswered questions. Students will not be able to access any questions on previous test pages, even questions they marked for review.
- **Math PT:** Students can change their responses to any question.

Pausing for Multiple Sessions

The Test Delivery System (TDS) considers the ELA CAT, the ELA PT, the Math CAT, and the Math PT to be four separate tests that a student takes. OSPI allows each of the four separate tests to be taken over multiple sittings and refers to them as “test sessions.” Use this section for pausing a test to break it into multiple test sessions.

Students should be sure their answers are complete before pausing the test. Use the **SAY** boxes on this page to prepare for any pause longer than 20 minutes (e.g., lunch).

The following box has some options in [brackets], say the appropriate phrase for your testing situation while filling in the blanks to fit the approved testing schedule.

ALL	SAY: You will have more time to finish the test [later today or tomorrow or on _____ day]. When you return to your test, you will not be able to go back and change your answers. If you need more time to check your answers, raise your hand. When you are done, click Pause . An Attention box will ask “Are you sure you want to pause the test?”. Click Yes to pause your test.
------------	--

When all students have paused their test, stop the test session in the TA Interface and log out of the system. Collect all ancillary materials and store them in a secure location until testing resumes.

Continuing Testing After a Pause

Pass out ancillary materials, begin a new test session, and have students log in. When the students select the test with the **Resume** button, continue with the following **SAY** boxes.

ALL	SAY: If you have a bag, cell phone, or any other electronic device, raise your hand and I will show you where to put it. If you have a cell phone or other electronic device during the test, it will be reported, and you will get a zero on your test.
------------	---

Show students where to place their electronics and bags. Students should not retrieve their cell phones, or other non-approved electronic devices at any time during their tests, including during breaks. Test scores will be invalidated for any student who is in possession of a cell phone or non-approved electronic device during testing.

ALL	SAY: You will see the Waiting for Approval page. Here are a few reminders for testing. You can see the Help Guide any time during the test by clicking on the question mark icon. You can pause the test by clicking Pause , not Next , after answering a question. If you have any questions or need a break, raise your hand.
------------	---

Pause to answer student questions. If testing will be completed today, read the following **SAY** box.

Finish Today	SAY: You will finish the test today. When you finish, please check your work and make sure you answered all the questions. If you have any questions, raise your hand.
---------------------	---

If testing will take place over multiple sessions, read the following **SAY** box while filling in the blanks to fit the approved testing schedule.

Finish Later	SAY: You will have ____ sessions to finish the test. For this session, you will stop after ____ minutes. Then you will have 10 minutes to check your answers. If you have any questions, raise your hand.
---------------------	--

Pause to answer student questions.

**CAT ELA
and CAT
Math
Finish Later**

SAY: When you return to your test [tomorrow or on a subsequent day], **you will not be able to go back and change your answers to any question you have answered today.** If you have any questions, raise your hand.

Pause to answer student questions.

ALL **SAY:** Please wait for me to approve your test.

The TA will need to approve students in the TA Interface for this test.

ALL **SAY:** You will see the **You Are Almost Ready to Begin Your Test** page.

Pause to answer any questions.

ALL **SAY:** Look at the **Additional Test Information**. It says, "By clicking the **Begin Test Now** button, I understand this test is private and that I cannot copy or talk about any part of this test with anyone." If you have any questions, raise your hand.

Pause to answer student questions.

ALL **SAY:** When you reach the **Attention** box that says you have answered all the questions, stop and raise your hand.

Pause.

ALL **SAY:** When you are ready to begin, click **Begin Test Now**.

Monitor student testing and address questions using the information in the [Monitoring Testing](#) section as you did on the previous day(s) of testing.

Ending Student Tests

When there are approximately five minutes left in the last test session, the TA should give students a brief warning.

ALL **SAY:** We are almost done with this test. Finish the question(s) you are working on.

Pause.

ALL **SAY:** If you have not finished your test and need more time, please raise your hand. You will have more time to finish the test [later today or tomorrow or on _____ day].
When you return to your test, you will not be able to go back and change your answers. Take some time to finish the question you are working on and check your answers to previous questions.
When you have finished checking previous questions, click **Pause**. An **Attention** box will ask "Are you sure you want to pause the test?". Click **Yes** to pause your test and sit quietly until we are finished.
If you have finished all of the test, and you see an **Attention** box that says, "This is the last question on the test.", click **OK** and check your answers.

Give students time to check their work. After a few minutes, verify that students who need additional time have paused their tests.

Attention

This is the last question on the test. Go back and check your answers. Click the **End Test** button when you are done checking your answers. [MessageCode: 10915]

Students
who are
done
testing

SAY: If you have finished checking your answers, click **End Test**, and another **Attention** box will appear. Click **Yes** if you are done. If you have not finished and need to click **No**, raise your hand.

Attention

Click **Yes** if you are done checking your answers. Click **No** to keep working on your test. [MessageCode: 10900]

Pause. Check with any students who are not done and help them get to the point where they can either pause their test or click **Yes** in this attention box.

Students
who are
done
testing

SAY: You should now see the **Congratulations, you have reached the end of your test!** page. If you have questions that are marked for review, you can review them by clicking on the number next to the blue flag. If you do not need to review any questions you can click **Submit Test**.

Pause. If students review any questions, they will need to click the **End Test** button again when they are done and **Yes** in the attention box to get back to this **Congratulations** screen.

Congratulations, you reached the end of the test!

To check your answers, click on a question number below. A flag shows next to any question you marked for review. You cannot change your answers after you submit the test.

 = You have marked questions. Review these questions before submitting your test.

When you are done with your test, click **Submit Test**.

Pause.

ALL

SAY: You should now see a warning box asking you “**Are you done with your test?**” If you are finished, click **Yes**. If you are not finished and need to click **No**, raise your hand.

Attention

Are you done with your test?

Pause.

ALL

SAY:

You will see the **Your Test Summary** page. This page tells you that your test is finished. Please wait while I collect your test materials.

*When the **Your Test Summary** page appears for students, click on the **Stop**  button at the top of the TA Interface to end the session and automatically pause any in-progress tests in your session.*

*Click the **Log Out** button to exit the TA Interface.*

Closing Out the Test Session

If students who need additional time to complete testing will continue testing on the same day, in the same testing room, all ancillary materials (i.e., graph paper, scratch paper, and test tickets) distributed during the test session must be collected and accounted for at the end of the scheduled testing session. Students should then be given a supervised break, and ancillary materials should be redistributed before students log back into their testing session.

If moving to a new location to continue testing, students are not allowed to transfer any test materials to the new location. For security reasons, only trained TAs may handle secure test materials.

When testing is complete, promptly return all secure materials to your SC according to your *Test Security and Building Plan*.
