External Review Form for AAM Contributions

Manuscript Title:

Corresponding Author:

Reviewer Name

Reviewer Institution:

Close scientific associations within the past three years, such as previous postdocs, graduate students, and recent collaborators, may be perceived as a conflict of interest and are not appropriate as reviewers. If used, the review may not be considered.

I acknowledge and accept mBio policy that the names and institutional affiliations of all external reviewers of AAM Contributions be published with the article.

Prior to submission, authors will ask reviewers to provide e-mail verification stating that he or she has seen the final manuscript and agrees that the authors have addressed the concerns.

Overall Recommendation:

Review Questions:

(1) Is this paper in the top 10% of work in its field?

Yes

No

(2) Is this work of sufficient general interest to justify publication in mBio?

Yes

No

(3) If there is supplemental material, does it make a substantive enough contribution to the work to warrant posting to mBio?

Yes

No

Does the work described in this study raise any concerns about biosafety or biosecurity (see http://mbio.msubmit.net/html/biosafety_biosecurity_concerns.docx) that should be discussed by the ASM Responsible Publication Committee prior to publication?

Yes

No

Have appropriate statistical tests been applied?

Yes

No
