Certificate of results of a French test or diploma

Your language skills will be assessed solely on the basis of the weight confirmed on the certificates of test results and the diplomas recognized by the Ministère. Note that in order to benefit from the processing benefits associated with the francophone status and thus receive the mention "F" (francophone) on your Québec Certificate of selection, you must demonstrate that you have obtained a level equal to or greater than 7 on the Québec scale of proficiency levels in French of adult immigrants in both (2) oral tests (oral comprehension and oral production), by presenting the original of a test results certificate or a diploma recognized by the Ministère.

Language skills in French and English are assessed orally and in writing. If you do not achieve a level equal to or greater than 7 on the Québec scale in the oral and written tests (this is not the official name) or if you do not submit a certificate of results or diplomas for your French language skills, you will not obtain any points in the French language evaluation criterion. Similarly, if you do not achieve a level equal to or greater than 5 on the Canadian Language Benchmarks in the oral and written tests or if you do not submit a certificate of results or diplomas for your English language skills, you will not receive any points on the English language proficiency assessment criterion.
