

Consultation Checklist

Prior to your consultation we recommend you compile a list of questions to ask during your consultation. Some of the common questions asked by patients are:

Checklist Questions

- ☐ How many breast augmentations do you perform per year?
- ☐ Do you recommend saline or silicone implants for me?
- ☐ What are the incision options?
- ☐ How do I determine what size and profile to choose?
- ☐ Where do you place the implants?
- ☐ What are the most common complications from breast augmentation?
- ☐ When will the implants need to be replaced?
- ☐ How long is recovery?
- ☐ How many post-op visits will I have?
- ☐ When can I resume driving?
- ☐ When can I back to work?
- ☐ When can I work out?
- ☐ When can I resume sexual activity?
- ☐ What surgery center do you use and is it accredited?
- ☐ Is the anesthesiologist board-certified?
- ☐ Will I need to purchase any special bras?
