Guidelines:

1. Satisfactory/Unsatisfactory (S/U) grades do not count in the computation of a student's GPA and only "S" grades will receive academic credit thus S/U grades will not result in an increase or decrease in a student's GPA.
2. Since a student's GPA is not affected by S/U courses, a student's academic standing (undergraduate) at the end of the term would be dependent only on any regularly graded courses included in a student's schedule.
3. S/U grading map: "S" = "A" through "C" and "U" = "C-" (minus) through "F".
4. Students are advised to consider not selecting S/U grading for a course in which a grade of (C-, D+, D, or D-) is passing and they need credit for the course.
5. Financial Aid: S/U grades count toward a student's completion ratio and maximum time frame calculations but do not count in the GPA calculation. Please consult with Financial Aid and Scholarships if you have questions.
6. Graduating undergraduate seniors need a minimum GPA of 2.0 to graduate.
7. Undergraduate students need 12 hours of regular graded courses to be eligible for President's or Dean's List.
8. Students in a course where a grade of "C" does not allow to the next level in their course sequence should not select the S/U option. Please reference your program's curriculum map and course sequence.
