

TECHNOLOGY CONSENT FORM

Dear Parents,

In our class, we will be using technology to communicate and build skills. We will be using Kidblog (<http://kidblog.org/ktyndal>), a site that allows students to share their thoughts in the form of a blog. This account is monitored by me and I have to approve all postings and all comments to ensure that no inappropriate content is sent or received. The students really enjoy using these features, especially in this day and age of technology and computers.

Before I will assign an account and provide access to these features, please provide consent and return as soon as possible. You can read the privacy policy for the site at <http://kidblog.org/about.php>. Without your consent, your child will not be able to participate in the blog activities for the year. A copy of this page will be returned with the bottom portion for your reference at home.

In addition, we will be utilizing Twitter to post updates on our daily learnings. Students will be using my account and will make tweets followed by their initials. However, to gain access to our tweets, you will need to have a Twitter account and request permission to follow @mrstyndalsclass.

Child's Full Name: _____

I have read the preceding notice and the information regarding Kidblog. By signing this form I consent to allow my child to be registered with Kidblog for classroom use.

Parent Name: _____

Parent Signature: _____

Parent or student email address: _____

***Please create a password with your child to be used for access (at least 6 characters; not case sensitive) _____

*Your TWITTER name: _____ (only if you plan on requesting to follow our class account) so I can confirm you are from our class.
